

EXPECT THOUSANDS HOME-COMING WEEK

Plans for Its Celebration and Dedication Day Rapidly Being Completed.

WASHINGTON TIMES BUREAU, ALEXANDRIA, VA., MARCH 21.

Plans for "old home-coming week" and the dedication day of George Washington Park are being rapidly perfected.

The different committees are meeting every evening, and the details of the affair are being looked after in a most careful manner.

It is estimated by those having in charge the celebration that Alexandria will have as her guests during the week several thousand of her old residents.

Who for business reasons have had to remove to other parts of the country, but who from letters received by the secretary of the association will return to their home town in April to spend the "old home-coming week."

It is expected that the largest crowd on any one day during the week will be in Alexandria on April 30, when the grand parade will be held and the park dedicated by Alexandria-Washington Lodge of Masons.

Governor Swanson and Lieutenant Governor Elyson have already accepted invitations to be present in Alexandria on April 30, and an invitation will be extended to President Taft to honor his neighboring city with a visit on the anniversary of the inauguration of Washington as the first President of the United States.

The funeral of the late Patrick Toner was held from Wheatley's funeral rooms, in King street, this afternoon and was attended by the Alexandria Glass Blowers' Association, of which deceased was a member.

The Rev. W. Van Arsdale, of Trinity Methodist Episcopal Church, conducted the funeral services and the burial was made in Bethel Cemetery.

Miss Regina Nash has as her guests her sister, Mrs. Edmund Entwistle, and Miss Mumford, of Wakefield, Va.

A large delegation of Fitzgerald Council, No. 459, Knights of Columbus, today went to Annapolis to attend the installation of Annapolis Council, No. 100, C. at St. Mary's Hall in that city.

The exercises began at 1:30 o'clock this afternoon. At 7:20 o'clock tonight a solemn vesper service was held at the Catholic church in Annapolis, which will be attended by the visiting Knights.

"The Cure for Secret Discipleship" will be the subject of the sermon which will be delivered at the First Baptist Church by the Rev. W. F. Watson, the pastor, this evening.

Potomac Lodge of Odd Fellows have elected Norman L. Williamson representative to the grand lodge, and A. J. Butcher alternate. The grand lodge will meet in Bristol on the first Monday in May.

On next Tuesday the Rev. E. V. Regeater, presiding elder of the Washington district of the Methodist Episcopal Church South, will leave Alexandria for Baltimore to attend the Baltimore conference of that church, which will meet in St. Paul's Church on Wednesday.

"The Ministry of Manhood" was the subject of the address delivered by the Rev. Horace M. Du Bose, of Nashville, Tenn., general secretary of the Epworth League of the Methodist Episcopal Church South, and editor of the Epworth Era, before the meeting for men at the Young People's Building, in South Washington street this afternoon.

During the afternoon a solo was sung by the choir, Thomas A. Walsh. There will be no meeting for men next Sunday.

Beginning this week a force of men will be put to work to erect a hand-some station at Rosemont, on the electric line between this city and Washington. The cost of the station will be \$1,200.

The Rev. J. H. Sevier, of the Second Presbyterian Church, will leave Alexandria tomorrow for Fredericksburg, where he will conduct evangelistic services.

LEUTENANT READ GIVEN FIRST HOPE Slight Sensation Noticed in the Limbs of Injured Officer.

The first encouragement received by the family and friends of Lieut. Semmes Read for his recovery from the effects of injuries received when he was thrown from his horse in Rock Creek Park, is contained in the announcement at the Naval Hospital today that the nerves of his paralyzed limbs were slightly responsive.

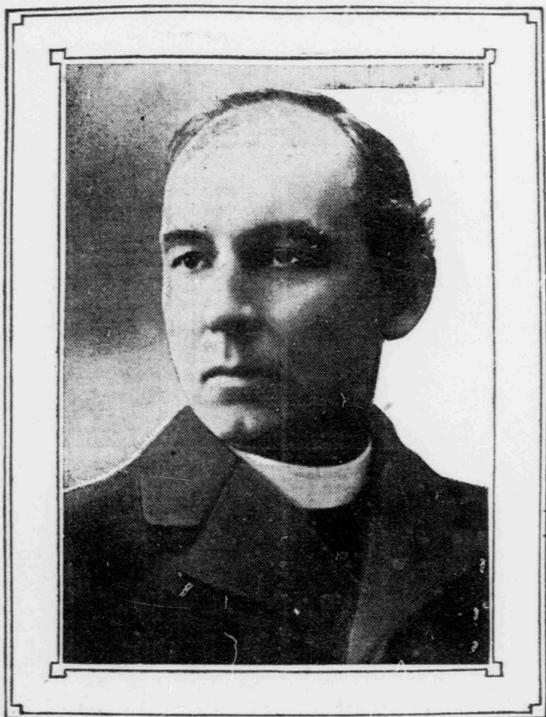

Although hardly noticeable, and perhaps only temporary, the mere fact of any improvement in his condition is welcomed by the attending physicians as a hopeful sign.

"Lieutenant Read is about the same as he was yesterday," said Dr. G. A. Baker this afternoon. "He has lost all slight sensation in the lower part of his body, but this may pass away. It is too early to look for any positive sign of complete recovery."

Miss Katherine Read, of Brooklyn, has arrived in Washington, and is spending most of her time at the bedside of her injured brother. Her mother and father are expected to reach the city today.

Lieutenant Read has been affected by his fall chiefly in the lower part of his body, having lost all sense of feeling or control of his legs, so far as the accident is concerned, he has lost all recollection of what occurred after his horse stumbled, and he was crushed beneath it.

IS A PROFOUND THINKER

BISHOP JOHN FARRELLY.

CLEVELAND BISHOP BORN IN NASHVILLE

New Head of Diocese Has Been Long in Rome.

CLEVELAND, Ohio, March 20.—Monsignor John Farrelly, whose appointment to the Bishopric of the Catholic diocese of Cleveland came from Rome Tuesday, March 16, in the form of a cablegram, is the fourth Bishop of Cleveland.

Monsignor Farrelly is an American, having been born in Nashville, Tenn. Before his appointment by the Pope he was the spiritual director of the American College in Rome, where he was ordained to the priesthood, and where his field of effort had since been.

Speaking of him Dr. O'Reilly said: "Bishop Farrelly is a man of exceptional qualities of mind and heart. His profound learning will stretch out to men and affairs with a sympathetic interest that will win the love and confidence of all. His coming will mean much not only to the Catholic church but to the city of Cleveland."

His work among the American students at the college at Rome, where he was associated with Monsignor Thomas F. Kennedy, who is first mentioned for the Catholic diocese of Cleveland, has brought him in sympathy with the American ideals, and his association with the Pontiff gives him great strength as an administrator.

RUSSIANS PROPOSE TO EXPLORE ARCTIC

Two Expeditions Are Just Starting Out in Interests of Science.

ST. PETERSBURG, March 21.—Two well-equipped Arctic expeditions are just starting out in the interests of science under the auspices of the Russian government to explore the Arctic from the mouth of the Lena to Behring Strait. Both are thoroughly equipped, and are using two converted gunboats.

It is a plan of the expedition to prepare a map of the coast and to explore the mineral prospects of the adjoining land. Geologists, astronomers, and leopographers are included in the party, who expect to examine two thousand miles of coast line and to report on a totally unknown shore from Nijnikolinsk to Behring Strait, the configuration of which has frequently been the subject of scientific speculation.

The results of the expedition will be awaited with great interest, but the explorers will be cut off from communication for at least six months.

HAVE A DENTIST ATTEND TO YOUR TEETH

Don't trust them to an experimenting force of office assistants. Every visitor here is assured the personal services of Dr. Patton himself, who is responsible for all work.

This eminent dental surgeon knows teeth and their exact requirements. His painless methods are truly

SAYS HE MISTOOK FRIEND FOR THIEF

Wounded Man's Story Conflicts, However, So St. Clair Is Held.

MOBILE, Ala., March 21.—The schooner Cleopatra, which has been sailing the Gulf without a gulfing hand or a soul on board, has been found near Pensacola, Fla., in an apparently uninjured condition, with all sails set.

This was the manner in which she was found by the men who went out from here to St. George's Island, where the vessel was sighted around. She had evidently gone upon the beach easily, for she had suffered no injury except a little to the hull where she had pounded upon the sand, and can easily be repaired.

On December 29 the vessel was caught in a storm in the gulf, which raged so fiercely that the captain and crew were washed from the decks. The sails were then set, and they have remained so, the vessel wandering about the gulf, and turning with the change of wind until she finally landed on the beach.

During this period the vessel was visited by half a dozen severe storms, but survived without a man aboard. On board was found a portion of naval cargo, which was stored in the hold intact and uninjured.

DELEGATES FAVOR COAL MINE STRIKE

Men From Schuylkill District Dissatisfied With Present Scale.

WILKESBARRE, Pa., March 21.—Leaders of the anthracite mine workers, who met here this morning on their way to Scranton, where they have a conference tomorrow, report that a large number of the delegates elected by the mine workers have been instructed to work for a strike.

This is particularly true of the delegates from the Schuylkill region, where there is a general sentiment in favor of a strike. The officials say the contract miners there are not making any more than they did before the strike commission granted them an increase in 1908, owing to the different nature of the work, while many of them are making less money.

The men of the Wyoming, Hazleton, and Lackawanna regions are in the main in favor of avoiding a strike if possible to do so.

VICTIM OF EXPLOSION SUCCUMBS TO BURNS

John Venable, Colored, Hurt in Gas Plant Accident Last Monday.

John Venable, colored, one of the men burned by an explosion of illuminating gas in the plant of the Washington Gas Light Company, twenty-sixth and G streets northwest, last Monday, died this morning in the Emergency Hospital. An inquest will probably be held tomorrow.

Edward Anderson and Peter Kelly, the two white men who were severely burned, are still in the Emergency Hospital, but are improving rapidly, the doctors say, and will be able to leave the institution in a few days.

GLASS WORKERS TO CONFER

MILLVILLE, N. J., March 21.—There is a rumor afloat that the American Flint Glass Workers' Association of the United States and Canada, are considering the advisability of holding a convention of the two organizations to discuss the question of amalgamation.

ENTIRE CREW LOST, VESSEL IS INTACT

Cleopatra Found Near Pensacola in Good Condition After Weathering Terific Storm in Which Seamen Were Swept From Deck.

MOBILE, Ala., March 21.—The schooner Cleopatra, which has been sailing the Gulf without a gulfing hand or a soul on board, has been found near Pensacola, Fla., in an apparently uninjured condition, with all sails set.

This was the manner in which she was found by the men who went out from here to St. George's Island, where the vessel was sighted around. She had evidently gone upon the beach easily, for she had suffered no injury except a little to the hull where she had pounded upon the sand, and can easily be repaired.

On December 29 the vessel was caught in a storm in the gulf, which raged so fiercely that the captain and crew were washed from the decks. The sails were then set, and they have remained so, the vessel wandering about the gulf, and turning with the change of wind until she finally landed on the beach.

During this period the vessel was visited by half a dozen severe storms, but survived without a man aboard. On board was found a portion of naval cargo, which was stored in the hold intact and uninjured.

LEPER DISCOVERED IN BOSTON GHETTO

Aged Hebrew Ill Five Years Without Knowing What Malady Was.

BOSTON, Mass., March 21.—Solomon Goodman, an aged Hebrew, who for years has earned a precarious living in Boston's Ghetto by teaching the Hebrew tongue and its history, has just been pronounced a leper by the physicians at the Massachusetts General Hospital, and today started for the leper colony at New Bedford, where he will spend the remaining days of his life.

Goodman was formerly a rabbi in Russia. He has been ill for the past five years, but has kept out of bed plodding his way through the streets to the different houses where he was employed as teacher and respected as a rabbi.

When told that he was suffering from leprosy, he immediately consented to go to the colony, stating that if he had the disease he would be but a menace to his friends by remaining with them.

"My only hope," he said as he left the hospital, "is that I have not transmitted it to any one else."

SWIMS THE MISSISSIPPI AMID FLOATING ICE

MINNEAPOLIS, March 21.—"Sandy" MacGoul, a wee bit of a Scotchman, today established his right to the record for the greatest example of physical fortitude of the winter. This morning, looting fine and feeling fine, without a trace of a cough or a cold, he walked along Hennepin avenue receiving congratulations for swimming across the Mississippi river yesterday through floating ice and freezing water.

M. R. McLaren, a Scotch friend, dared him to make the effort, for Sandy was a few years ago a prize swimmer in the British navy. Sandy would not take the dare. Accompanied by three friends he went to the river, stripped off coat and vest, and plunged into the water, still wearing his trousers and shoes.

He waded, swam, and struggled until he made across just below St. Anthony Falls. Then he walked to the Union depot, where his friends joined him. He was given stimulants, taken home, and tucked in bed.

"Hae ye nae sense at all?" demanded his brother-in-law, John McDonald, when Sandy arrived home.

"He is a fine bit of a man, anyway," said John, when Sandy was in bed.

BALANCE OF THE BANKRUPT STOCK OF J. G. PATTEE CO.

To Be Sold at Less Than Cost of Materials Alone

Bargains like these are rare, indeed, at any time, but coming right at the start of the spring season makes them doubly attractive. This stock was selected for Pattee's high-class patronage, which means correct apparel in style and construction.

It is NOT true of HINES—the new bifocals that look and wear like plain glasses, but give perfect near-and-far vision. Special Prices for Limited Time. HINES Eyesight Specialist 925 G St. N. W.

DIVORCE ACTION AGAINST FATHER Parent Is the Guardian of the Minor Husband of Petitioner in Ohio. COLUMBUS, Ohio, March 21.—Mrs. Addie Yarrington, of Marysville, a member of the most prominent families in Union county, Ohio, has brought action for divorce in the courts there against her father. The papers in the case say that the father is named respondent because he is the guardian of Nye Yarrington, the minor husband of the petitioner. Two years ago the couple wished to be married. At that time Probate Judge Thornton refused to issue a license until the girl's father was put legally in charge of his proposed son-in-law's affairs. At the same time the wife says her husband has abused her and that she wants separation.
