

## BOHEMIAN VISITORS ARE SHOWN CAPITAL

Representative Sabath Pilots Foreign Athletes and Professional Men About.

Guided by Representative A. J. Sabath, of the Fifth district of Chicago, and a committee from New York and Baltimore, twenty distinguished sons of Bohemia spent the day in Washington viewing the sight of the Capital City, and will leave for Baltimore this evening, where they will be the guests of honor at an elaborate banquet tendered them by the Bohemians of that city.

The guests from over the ocean consist of six of the most famous athletes of the old country, who will contest for honors in the Turners' convention at Chicago, from August 25 to September 2, and doctors, professors, lawyers, bankers, and statesmen who came in the party to study American affairs.

The Baltimore committee with these guests is composed of the Rev. V. Vanek, J. J. Rokas, J. J. Shimek, August Klecka and Jerry Chilar. From New York, there was Charles E. Herbek, chairman of the national executive committee, and John Vesely, president of the New York Turners Club. After the visit in Baltimore, the visitors will be taken to Atlantic City, then to Philadelphia, Buffalo and Niagara Falls, Detroit and Chicago. Bohemian societies in every city are preparing a great welcome for the visitors. The athletes declare that they expect to be fêted so much before the contest that they will fall to "make good" at the final trial.

### Prominent Men in Party.

Among the visitors is Vaclav Klotac, one of the representatives of Bohemia in the Austrian parliament. Another is Jan Patek, general manager of the Central Bank of Prague, who will study banking conditions in America. Dr. J. Simek, superintendent of the national sanatorium of Bohemia, accompanies his six athletes.

The athletes from the old country are Fr. Erben, Josef Czada, Fr. Mechovsky, Fr. Mracek, Fred Steiner and K. Stary. They are all husky looking men and have reputations in the old country that promise great contests in the meet, if America is to retain the championship among Bohemian clubs.

The other members of the party are Dr. Schefner, president; Dr. Novotny, vice president; Dr. Cappek, Arthur Szaloz, Max Dvorak, Prof. Petrlik, Miroslav Firsak, A. Horak, J. Cernak, F. Dolzka, Prof. Oswald.

## DOCK WORKERS GO BACK TO THEIR JOBS

Ontario Laborers Agree to Submit Troubles to Arbitration Board.

FORT WILLIAM, Ont., Aug. 16.—The striking dock laborers of the Canadian Pacific railway will return to work today. A mass meeting of strikers and friends, numbering 5,000 persons, was held in a drenching rain last night in the dock district, and was addressed by Mayor Peitler, who urged the men to resume employment and submit their grievances to a board of arbitration under the Lemieux law.

The troops who have been on guard here to prevent rioting, will now be withdrawn.

## DESIGNS MONUMENT TO WOMEN OF SOUTH

ATLANTA, Ga., Aug. 16.—A design for a monument to the women of the "Lost Cause" is completed. It is the work of Miss Belle Kinney, of Nashville, Tenn., twenty-two years old, and has been accepted by several States. It is probable that all the States which left the Union in the civil war will adopt the design, and that replicas of the monument will be placed in the capitals of each State.

The Daughters of the Confederacy and the Sons of Confederate Veterans will erect these monuments in every State capital in Dixie.

## YOUNG WIFE DENIES POISONING HUSBAND

Arrest Lancaster Woman Charged With Administering Arsenic.

LANCASTER, Pa., Aug. 16.—Mrs. Kats Wagenhofer, of Liberty Square, has been arrested on the charge of administering poison to her husband. The poison, which the police charge was intended to do away with Peter Wagenhofer, was secured in a York drug store.

Mrs. Wagenhofer, in her cell at the county prison, seems unconcerned as to the serious charge which she faces, and aside from entering a stout denial of any criminal intent, has nothing to say of her arrest.

That Mrs. Wagenhofer understood the use of poisonous compounds is the assertion made after an investigation by Chief of Police Bushong and Officer John A. Huber. When questioned by the chief she displayed great knowledge of the dangerous qualities of arsenic, the drug which almost killed her husband.

It was about ten weeks ago that Wagenhofer became ill, after eating a heavy meal of cabbage, of which Mrs. Wagenhofer ate but sparingly.

Dr. W. Giles Hess, a neighborhood physician, was called in later, and from the first symptoms was led to believe that the man was suffering from a slight fever. He failed to respond to the treatment, however, and when Dr. Hess found in the house a druggist's label marked arsenic his suspicions were aroused. He learned that the woman's mail was being delivered at the home of Frederick Gegg, on whose farm the Wagenhofers were tenants, and that it was coming from York.

Mrs. Wagenhofer is about thirty-five years old—possibly ten years younger than her husband—and, the police say, she is possessed of considerable intelligence.

Wagenhofer's condition is still critical. When brought to the hospital his lower limbs and arms were paralyzed from the effects of the poison, which has also eaten away part of the lining of his stomach.

### ONCE FAMOUS SINGER DIES AT OLD AGE

Mrs. Smith Was in St. Aloysius' Choir Years Ago—Funeral Tomorrow.

Mrs. Cecilia Young Smith, who died yesterday at her residence, 1223 Eleventh street, in her eighty-seventh year, was at one time one of the most prominent singers of this city. She was a member of the choir of St. Aloysius' Church for a number of years.

The funeral of Mrs. Smith will be held from St. Aloysius' Church tomorrow morning at 9 o'clock when a requiem mass will be sung. Interment will be private.

## OBJECT TO NUISANCE OF GARBAGE STATION

Citizens Want Depot in Southeast Section Removed—Menaces Health.

Protest against the extension of the contract which will permit the continuance of the garbage transfer station at the intersection of Virginia and New Jersey avenues and K street southeast, is made to the Commissioners by residents of that section. From this point the garbage is loaded on trains and sent into Virginia, where it is used for fertilizer.

"The garbage transfer station is a common nuisance and a constant menace to the health of the neighborhood," say the petitioners. The present and long continued insanitary conditions affect many households. The communication has been referred to the street cleaning department.

## RAILROADS TO BREAK RECORD, SAYS KNAPP

Interstate Commerce Commission Chairman Confident of Big Boom in Freight Business—Declares This Year Will Surpass 1907.

That the outlook for the volume of railroad business the coming year is extremely bright is the view taken by Chairman Martin A. Knapp, of the Interstate Commerce Commission. Mr. Knapp has returned from a short vacation trip and will be here for several days.

In discussing the railroad situation, Chairman Knapp went so far as to say he thought the great business record made by the railroads in 1907 was likely to be broken in the year which is just ahead. He also said he would not be surprised if in the next year the country was confronted with another car shortage.

It was pointed out by Mr. Knapp that a number of the railroads are already up to the level of their 1907 business.

When asked if he expected to see the record for 1907 broken, Mr. Knapp replied that he did.

"You will recall," said he, "that the railroads in 1907 had more business than they could do. They did not have the capacity to haul all the freight which was waiting to be moved. The railroads today are better equipped for handling business than they were two years ago, and I expect to see the records broken."

"What we refer to as a car shortage,"

added Mr. Knapp, "is generally not a lack of cars. It is in reality a lack of trackage, of adequate facilities, of sidings, of adequate power. Take the case of a great transcontinental line which has a tunnel. Its through business is limited to the capacity of that tunnel. A chain is no stronger than its weakest link and the same applies to a road's capacity for business."

Mr. Knapp was asked whether he thought the capacity of the railroads for handling business was materially greater than in 1907. He said he had no doubt of it.

"Many of the roads have added to their efficiency," he said. "They have bought more engines, put on new cars, built more track, improved their tracks, and so on. The country has great crops and I look for a great year's business."

Mr. Knapp said he did not know whether the expansion of the railroad equipment and trackage was keeping pace with the increase of the country's business.

## LOS ANGELES IN PEARLS

LOS ANGELES, Aug. 16.—The loss of a rope of pearls worth \$30,000 has been reported by Mrs. E. T. Earl, wife of a millionaire newspaper owner of this city, who is now at her summer home at Avalon, Catalina Island. Mrs. Earl does not know how she lost the jewels.

## CAPTURE CHOLERA PATIENTS.

PSKOV, Russia, Aug. 16.—The villagers stormed the barracks at Talabak, where a number of cholera cases were under treatment, and attempted yesterday to lynch the doctors and nurses. They succeeded in carrying off five of the cholera patients, whom they returned to their homes. Detachments of police were sent to the scene to restore quiet.
