

DEATH LIST GROWS IN FOOD DISTRICT

Latest Reports From Monterey Show Alarming Loss of Life.

With the resumption of railroad traffic in the area about Monterey, Mexico, which was devastated by the recent flood, incoming reports indicate that the disaster is more extensive than has been assumed.

"The flood extended over the entire states of Nuevo Leon and Tamaulipas and parts of two other states. The railroads here have been so badly demolished that up to now it is impossible to estimate correctly the actual loss of life, the number of homeless, or the amount of the property loss.

"We only know that the conditions are terrible and it is believed that thousands lost their lives. Many thousands are homeless and in a territory containing nearly a million people, nearly all have suffered from loss. We are sending out supplies as fast as the railroads are opened and are arranging new trains to carry provisions beyond the end of the road. The consuls at Matamoros and Tampico are hard at work.

"The Mexican Red Cross appears to be well organized and composed of energetic people. I am co-operating with them and other general committees."

CALMLY EATS PUTTY THINKING IT NOODLES

But When One Noodle That Isn't a Noodle Glues Teeth Together He Fights.

NEW YORK, Sept. 20.—John A. Manchester had noodle soup for luncheon today, but was reading a paper at the time and paid no attention to what was happening in his plate, although he thought several times that he heard a splash.

When he swallowed a noodle that wasn't a noodle, and got another that glued his teeth together, he knew something was wrong, and he spotted three boys with putty-blowers. He gave chase, and catching fourteen-year-old John Kirwin, was so energetic in showing his resentment that he was arrested on the charge of assaulting the boy and fined \$5.

CHICAGO GIRL DIES IN AUTO ACCIDENT

Miss Cok Is Killed—Brother and Two Others in Car Badly Injured.

MARSEILLES, Sept. 19.—Engineer Cok of Chicago, was badly injured, and his sister, Miss Cok, was killed today when their automobile ran into a stone-wall near Beausset.

Cok was driving the machine, and was en route to Toulon.

In an effort to avoid an approaching vehicle he turned sharply to one side, and struck a pedestrian in the confusion. Cok lost control of the automobile, and it dashed up the roadside, struck the stone wall and overturned.

There were two other persons in the automobile, whose names have not yet been learned. They, too, are reported to have been injured.

CHILDREN OF GERMAN CROWN PRINCE

PRINCELETS ENJOY SEASHORE FROLIC

Heir to German Throne Believes in Physical Development of Children.

Following the example of his royal father, the Crown Prince of Germany is determined that his children shall grow into manhood with vigorous bodies and enjoy robust health.

The explanation why visitors at any of the popular German resorts are often treated to the sight of two little German princelets playing in the sand, their sturdy bare legs taking on coats of tan, just as might the children of any man. The crown prince's two boys, Prince Frederick Wilhelm and Prince Ludwig Ferdinand, have been spending this summer at the seashore, disporting in the waves and playing in the sand in a manner that appeals to all normal children.

They are being reared as healthy, happy children rather than as princes and they show in their fat little legs and chubby faces that they enjoy life as much as the simplest peasant's sons, which is not always so of royal ally.

GARRISON TO HEAR DELEGATES REPORT

Gathering at G. A. R. Hall Tonight To Listen to Charges Against Convention.

Roosevelt Garrison, Army and Navy Union, will meet tonight in G. A. R. hall to hear the report of delegates to the last national Army and Navy Union convention, who charged discrimination against Washington, and a scarcity of funds, in the national organization.

Following the public denial of National President Browne to all the complaints of the delegates, and his statement made on a visit to Washington yesterday that certain malcontents are seeking rule or ruin, it is likely that the meeting will be unusually interesting.

The delegates will make their report to Barry Garrison Thursday night.

PITTSBURG, Sept. 20.—Leaving behind him a letter to his landlord that he would "kick" him if they happen to meet in hell, William A. Jefferson is a suicide at the Presbyterian hospital.

It is stated he took his life that his wife might secure \$100 death benefit from his lodge. Renderec desperate by the fear of his poverty and fearing that his delicate health, Jefferson tried to kill his landlord, but failed in this and killed himself.

AERONAUT SCHOOL STARTED IN BOSTON

BOSTON, Sept. 20.—What is believed to be the first school of air flying in the country has been started by Frank Palmer Spear, of the Boston Y. M. C. A.

Spear has put in charge of the course, H. Helm Clayton whose work at the Blue Hill Observatory has stamped him as a leading authority on air and air currents, and Albert A. COMPERS TO ARRIVE HERE OCTOBER 12

The union labor committee in charge of the reception to be tendered President Compers, of the American Federation of Labor, on his return from his European trip, is now hard at work on the details of the big event.

In a letter dated at Ipswich, England, Mr. Compers states that he expects to reach New York October 9, and that he will time his departure from that city so as to reach Washington October 12.

Letters from the committee in the Mississippi Valley States lead the local committee to believe that thousands of delegates will be sent to participate in the home-coming of the chief, Columbia Typographical Union, No. 101, decided yesterday to invite Public Printer Donnelly to march with them in the Compers parade.
