

world—is now flooded. This is the cause of the enormous damage, a damage that in Paris alone is likely to run over \$100,000,000.

Had it not been for the filling of these subways, the loss would have been comparatively slight, confined mostly to the property along the river front.

Engineers declared today that the waters immediately subside, it will take two years to repair the damage done in Paris "underground world."

Famous Park Flooded. The Times correspondent witnessed a novel sight today of a flock of wild ducks swimming in the water that has now reached the branches of the trees in the Henry IV Park, on the Ile de la Cite, in the river zone.

The aged keeper of this park committed suicide today when he looked upon the ruin that had been wrought. He had been seriously ill for several days, but left his bed today to see whether the terrible stories that had been told him were true.

Police and soldiers are literally driving hundreds of the poor from their homes to prevent them from being crowded into the cellars of the houses. Scores of these houses have already tumbled in.

Public halls, churches, school buildings, and even such magnificent structures as the Pantheon are being converted into refuges for the poor.

Through the corridors of the palaces, soldiers and Red Cross societies, the thousands of destitute are being fairly well fed. Owing to the scarcity of food, however, coffee and rolls are the principal items in the rations. Huge coffee boilers are steaming on many of the street corners.

Procession of Unfortunates. Never before has such a depressing spectacle been witnessed as the almost constant procession to Paris of the unfortunates from the flooded environs. Thousands of these are coming to the city in the hope of finding food, shelter and medical attention.

Scarcely clad women, with babies in their arms, aged men pulling rickety carts containing their household effects, cripples carried on litters or riding in improvised carts, drawn in some cases by women and dogs, crying children and half-crazed men, make up the sad procession.

Early in the day the police found a woman, driven insane by the sight of the five small children, almost frozen on the top of the Butte Chaumont in Park Hill. Her case is but typical of hundreds of others.

Future provisions for the thousands who have been made absolutely destitute by the flood present a serious economic problem, though just now the authorities are concerned wholly with the present. It is a question of saving life.

Traffic Suspended. The suspension of practically all railway traffic is a fortunate thing for Paris in one respect, for it has prevented the influx of thousands of destitute from other stricken cities.

The disaster is so widespread that each city will have to care as best it can for its own sufferers.

The German embassy in the Rue de la Lile was flooded to the roof. The Ile de la Cite is threatened. The waters of the Seine have already submerged a large part of the island.

The water is now over the arches of the Archeveque, Alma, Solferino, and St. Michel bridges, and their destruction, either by the force of the water or by the authorities to prevent a dam forming in the river, is threatened. The stage of the Seine has risen 28 inches.

One hundred boats, manned by marines, arrived in the Bercy section today to rescue the imperiled people. This section is back to back with the city, and its streets are collapsing. The roof of the subway has fallen in. The Quai St. Michel and the Boulevard St. Auguste have been partially wrecked. Other streets are reported sinking.

The conditions at Billancourt, Auteuil, Passy, Grenelle, Javel, Bercy, and Charonne are extremely critical. The wealthier residents have removed to the hotels, but the poor masses are forced to remain and face the danger.

A small fire occurred today in the building of the ministry of public works, in the Rue St. Germain, and the destroying of the electric accumulators by the flood. The firemen gave a wonderful exhibition of bravery and efficiency by standing waist deep in the icy waters and successfully fighting the fire, which was put out after a slight loss.

Food Prices Rising. Food prices are still rising, and it is possible that the Government will have either to interfere to prevent the price of the necessities from being put beyond the reach of the poor or confiscate the stocks of provisions, which are being rapidly completed. The question of food is hourly becoming more acute and unless the railways can re-establish traffic within the next three days there will be danger of famine.

The popular restaurants boosted their prices today. The senate has authorized department officials throughout all of France to draw on the Government for funds where the need is urgent.

The basements of the Printemps, Louvre, Sais Martiens and other of the large department stores were flooded today. The proprietors made heroic efforts to save the merchandise in the basements and formed their employees in chains, which passed goods from the basements to the upper floors.

GERMANY OBSERVES KAISER'S BIRTHDAY. Business Suspended and Services Held in Many Churches.

BERLIN, Jan. 27.—Germany is a vast field of flags today in honor of the Kaiser's fifty-first birthday anniversary. All state schools are closed, business is largely suspended and services are being held in many churches in thanksgiving for the imperial welfare.

Scores of prominent Germans and members of the Reichstag are called at the palace to offer congratulations. The Kaiser will attend a performance at the royal opera house tonight and toward midnight a state banquet will conclude the festivities.

SEEK IMPROVEMENT OF THE HIGHWAYS. ST. AUGUSTINE, Fla., Jan. 27.—Arrangements are being completed today whereby a committee of the International League for Highway Improvement is to go to Washington to urge an appropriation of \$1,000,000 for the establishment of a national commission for highway improvement.

The draft of a bill appropriating the money has been made, and the committee will present strong arguments before the proper congressional committees. The bill provides for a membership of eight to be appointed by the President. It is said that President Taft favors the plan.

DEATH ROLL GROWS IN FLOOD AND SNOW

Fully 200 Ships, With Some of Crews, Sink In European Storm.

LONDON, Jan. 27.—Partial returns to day from European reports show that fully 200 vessels, mostly small fishing craft, have been lost in the storm of the last forty-eight hours, and that there has been loss of life in the sinking of at least half of these boats.

Italy, Spain, Germany, and the Scandinavian countries report great loss in property and life, with a greatly increased death roll feared from the isolation of many towns by high water and snow blockades. The situation is the most appalling that Europe has known in many years.

Belated vessels are arriving today in battered condition. Dispatches from Naples say the water from there has been flooded, and the quays wrecked.

Tiber Threatening Rome. At Rome the Tiber is threatening to inundate the city. The river has already overflowed many miles of territory and is causing huge damage.

The report that a tidal wave had swept Venice is without foundation. The city has suffered heavily from the storm and many buildings have been destroyed.

The interior of Spain is practically cut off from outside communication and the extent of damage there cannot be ascertained.

Alpine Tourists Lost. Rescuing parties are searching for a dozen Alpine tourists, who have not been heard from for two days. Snow blocks many of the Alpine passes and makes it probable that many of the mountaineers and tourists have been cut off from escape.

Today, traffic in Denmark is badly interrupted. Half a dozen trains are reported inaccessible from blockades. The passengers are without food and fuel. The snows in Scandinavia are the heaviest in several years and most of the smaller towns are isolated.

COMMERCIAL CLUB BOOKS VAUDEVILLE

Program for Weekly Friday Night Dinner Will Be Varied.

A real vaudeville entertainment is to be placed before the members of the Commercial Club tomorrow night—the recurrent and always enjoyable "Friday Night" with its dinner and "stunts."

The entertainment committee has been working overtime during the past few months in securing attractions for the club evenings "at home." It has been providing a most varied assortment of entertainment, and this week will go into "vaudeville" for all it is worth.

Nat Willis will be there, with Harry Fern and Frank Orth, fellow-actors on the bill at Chase's this week. The Apollo Quartet and the members of the Washington Symphony Orchestra, under the direction of Herman Rakemann, will furnish real music. The entertainment will start this week at 9 o'clock.

KELNERS REFUSE PAT CROWE'S AID

LOUISVILLE, Ky., Jan. 27.—Pat Crowe, the noted desperado, who kidnaped Eddy Cudaly, gaining international fame thereby, will not be called into service to discover the location of the kidnapers of Alma Katherine Kelter, daughter of Mr. and Mrs. Fred L. Kelter, who disappeared recently under mysterious circumstances from her home here.

Crowe offered his services in behalf of the Kelter family, but they have decided that Crowe's inequality in locating kidnaped children is not desired. Accordingly, he has been notified to that effect. No clue as to the whereabouts of Miss Kelter has been thus far discovered.

HAS TEETH AT BIRTH.

NEW YORK, Jan. 27.—Two full-grown teeth in the mouth of an infant born to Mr. and Mrs. William Hade, of Flushing, was the surprise which greeted the family when the youngster opened its mouth and revealed that number with three more protruding through the gums. The baby weighs five pounds.

Get the Happy Mood Post Toasties

With cream or fruit for a breakfast starter, are sure to produce it. And there's a lot in starting the day right. You're bound to hand happiness to someone as you go along—the more sunshine you give, the more you get. Post Toasties will increase the happiness of the whole family.

CANADIAN GUARD ALLEGED-SLAYER

Federal Authorities May Probe American's Death In Niagara River.

BUFFALO, N. Y., Jan. 27.—The attention of the Federal authorities will be called today to the killing of George Weigand, an American fisherman, who was shot to death in Niagara river.

The American residents of Grand Island declare emphatically that Weigand was shot by Tom Briggs, the game warden of Welland county, Canada, and that Weigand was in American waters at the time.

Post Mortem to Be Held. Medical Examiner Danzer brought the shooting to the attention of District Attorney Dudley today, and it is probable a post mortem will be held this afternoon. So far no effort has been made to apprehend the Canadian game warden.

Danzer asked Gus A. Egner, who was in the boat at the time Weigand was killed, if they had been using dynamite in the river to kill fish. Egner admitted they had, but denied that they had used any yesterday. There were no fish in their boat and the shot gun, which Egner declared was used for shooting ducks, contained two loaded shells, which the medical examiner now has.

Were on American Side. The American residents who charge Briggs with doing the shooting, declare the Americans were not poaching in Canadian waters, and Egner avers that the boat has not been in Canadian waters, but was clearly on the American side when the game warden, if it was he, shot Weigand.

White House Callers. The Secretary of Interior, Senators Depew of New York, Stone of Missouri, Cullom of Illinois, Smoot of Utah, Burton of Ohio, Warren of Wyoming, Crane of Massachusetts, Paynter of Kentucky, Scott of West Virginia, Representatives Hughes of New Jersey, Wood of New Jersey, Wanger of Pennsylvania, Tammey of Minnesota, Calder of New York, Perkins of Ohio, Hayes of California, Young of Michigan, Denby of Virginia, Simmons of New York, Brig. Gen. Arthur Murray, U. S. A. Former Postmaster of Washington John A. Merritt, William Bardel, consul at Rheims, France, Capt. Lucien Young, U. S. N., Commissioner of District of Columbia, Commissioner Johnston, Engineer Commissioner Judson.

THRONG OF BUYERS CONTINUE

The people of Washington, D. C., and vicinity appreciate the great advantage a leading druggist obtained for them in getting the Dr. Howard Co. to allow the regular 50 cent size of Dr. Howard's specific for the cure of constipation and dyspepsia, to be sold at half price, 25 cents, and have bought hundreds of bottles.

Every bottle of the specific sold by him has had his personal guarantee to refund the money if it was not satisfactory, but none has come back, showing the wonderful curative power of this remedy.

Unlike ordinary medicines for constipation and dyspepsia, the dose of Dr. Howard's specific is reduced after a few days' use, and the cure is soon complete and lasting.

If you have not already taken advantage of this chance to get a month's medical treatment for 25 cents, be sure to call at his store today, for he has only a small amount of the specific on hand. Jas. O'Donnell, 904 F street N. W.

POLICE IN CLASH WITH SOCIALISTS

Twenty-seven Wounded In Riot Which Attends Many Arrests.

BERLIN, Jan. 27.—When the police attempted to break up a socialistic demonstration at Brunswick, a riot followed in which twenty-seven persons were more or less seriously wounded. Many arrests were made.

Rioters Shoot Woman. HAMMOND, Ind., Jan. 27.—One woman was shot in the arm and several workmen were injured in a riot of strikers at the Standard Steel Car plant, when angry women appeared in the streets to support their husbands in an effort to keep men from entering the plant. The police say the injured woman was shot by a strike-breaker.

TREASURER'S THEFT MAY BE \$1,000,000. WEBSTER, Mass., Jan. 27.—John A. Hall, treasurer of the Southbridge Savings Bank, who is charged with stealing \$1,000,000 of the bank's funds, and whose shortage, it is estimated, may exceed \$1,000,000 surrendered to the State police at Worcester today, and was brought here for a hearing in the district court.

Hall was arraigned at once, pleaded not guilty, waived examination, and was released in \$50,000 bail.

JAPAN IS IN FAVOR OF THE OPEN DOOR

Will, However, Accept No Outside Dictation In the Matter. TOKYO, Jan. 27.—Japan stands for the open door in Manchuria, but insists that it will place its own interpretation on just what constitutes such open door, and will refuse to accept any outside dictation.

It also claims that the status of Manchuria has been firmly fixed by the treaties of Portsmouth and Peking, and that the subject-matter of such treaties is sufficiently plain for all nations to read.

That fact was made very plain at the session of the diet today. Minister for Foreign Affairs Baron Komura, who was called on to explain the recent proposal made by the State Department of the United States, over which there has been much misunderstanding throughout Japan, made this plain.

"The imperial government is determined to adhere always to the avowed and announced Japanese policy of the open door in Manchuria," he said, "but its policy is a fixed one, which followed the signing of the treaties of Portsmouth and Peking. These treaties are plain and easy of understanding."

"The imperial government must absolutely refuse to abandon its Manchurian railway projects. Were there to be a change there such change might be attended with serious consequences."

"For this reason, and because it was thought best to avoid any outside misunderstanding of the policies of Japan, the proposal of the United States has been rejected."

WELL WATER PURE AT BENNING SCHOOL

Analysis Shows That It Contains No Injurious Substances. The well at the Benning public school, about which protest has been made by the Board of Education, contains no injurious substances, according to the report of an analysis by the Health Department.

"Experience with this well shows," says the report, "that the water is suitable for use, provided the well is properly pumped out."

A windmill has been installed for this purpose. It is said. It is suggested that the janitor be instructed to operate the mill every day possible.

SOUR STOMACH

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."

Harry Stuckley, Mauch Chunk, Pa. Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sicken, Weaken or Grip. 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped "C. C. C." Guaranteed to cure or your money back.

"Do you believe in the mesmerism power of color and lights upon emotions and moods? See 'The Harvest Moon' Augustus Thomas' greatest play, at the National next week."
