

MARSHALL PICKED FOR PRESIDENCY

Indianian Thinks Hoosier Governor Will Be Strong in 1912.

ECONOMY IS MADE ISSUE IN STATE

Record on That Line Expected to Make Him Labor's Choice.

Governor Tom Marshall, of Indiana, will be the biggest man in the Democratic party in 1912.

Such are the predictions of Frederick L. Feick, of Indianapolis, who is in Washington for a few days to confer with some of the Hoosier State Congressmen about affairs back home.

Feick, who is on the staff of the National Democratic committee during the last campaign, and is a prominent labor leader in Indiana.

According to the way he sizes up the political situation in his own State, Governor Marshall is conducting his administration upon the strictest economy principles, which is pleasing the labor element who are placing the blame for the high cost of living on the Payne-Aldrich tariff.

In other words, says Mr. Feick, while the tariff is making living conditions harder, Marshall is working for economy in the administration of State affairs, which affords a contrast so pronounced that it is quite fair to make him one of the most popular governors the State ever had.

Predicts Candidacy. The popularity, says Feick, will spread beyond the bounds of the State and make the present chief executive of Indiana not only the strongest man in his party, but the choice of the labor element throughout the country for the next President of the United States.

"You people in Washington," he said, "do not realize how much the tariff is being blamed throughout the country for the high cost of living. In Indiana especially, this is true. It may well be regarded as a good omen for the Democratic party that there should be a Democratic governor with economic principles in a State which so generally yearns for economy."

Governor Marshall is becoming more popular every day, and the tariff is being more severely condemned. Never has the outlook for the Democrats in Indiana been more auspicious than at the present time, on account of the business-like administration Marshall is giving the people.

Governor Harmon, of Ohio, will find Marshall a hard man to beat. If Indiana goes Democratic next fall by a majority of 50,000 to 75,000, as there is every prospect of its doing, it will mean that the party will have its strongest man in the State, who has about the most important strategic political location. It is such a combination the party has been waiting for, and it will surpass anything that political maneuvering can show as between Harmon and Ohio and the rest of the country.

Public Experience Brief. "Some of the Southern leaders may oppose Marshall on the grounds that as he has been governor for only one term and has held no other public office his experience does not justify his being elevated to the highest position the nation has to offer. But, with Indiana ready to support him as it has supported no other Democratic nominee for the Presidency, this opposition may be overcome without great difficulty."

Indiana is pleased with her representatives in Congress, according to Feick, for the reason that they have been unusually successful in carrying out the wishes of their constituents, and in actively supporting certain desired legislation on the morning of the next session from Indiana in the House eleven are Democrats, and the entire number of them will be returned next fall, judging from the present outlook.

This will be getting Indiana into line for a strong showing by the time of the next Presidential campaign, says Feick, when labor and tariff may be expected to do something for Marshall and Democracy.

PASSENGERS FLEE FROM BURNING BOAT

Steamer Manhattan Destroyed in Portland Harbor. One Believed Lost.

PORTLAND, Me., March 7.—One life is believed to have been lost and ten passengers barely escaped death here today when the Maine Steamship Company's big vessel, the Manhattan, was burned to the water's edge in Portland harbor.

The Manhattan arrived from New York at daylight and shortly afterward the alarm of fire was sounded. Within a minute the flames were sweeping the boat and the passengers were awakened barely in time to flee from their staterooms.

Capt. Pierce J. Lewis and his crew of thirty-nine fought gallantly and effectively against the flames. One other member of the crew, a Spaniard, is missing. He was last seen in the hold of the ship.

While the vessel burned, row boats from the city wharves pulled out to the Manhattan and took off her passengers.

SOCIETY'S ANNUAL RETREAT. The annual retreat for the members of the Association of the Perpetual Adoration and Work for Poor Churches will be held in the chapel of the Convent of the Perpetual Adoration, in V street, near Fourteenth, beginning this afternoon at 4:30 o'clock. The exercises will be conducted by the Rev. Dr. William T. Russell, rector of St. Patrick's Church.

TWO KILLED IN MINES. PITTSBURGH, March 7.—The annual report of State Mine Inspector Thomas S. Lowther, of Tyrone, exhibits that 2,052,959 tons of coal were mined and 25,228 tons of coke produced last year in the eighteenth bituminous district. There were twenty-eight mine accidents, only two of which were fatal.

PORTRAIT STATUE TO BE ERECTED IN MEMORY OF POLISH PATRIOT

Kosciusko Portrayed in Memorial as Hero of Two Hemispheres.

Work has been started on the erection of a pedestal for the statue of Kosciusko, the Polish patriot, under the direction of the M. J. Falvey Company in the northeast corner of Lafayette Park.

A committee representing the Polish National Alliance, of Chicago, let the contract for the work, the pedestal being the largest of any portrait statue erected in Washington. It is twenty-three feet one inch long, twenty feet nine inches wide, and seventeen feet high. It weighs 115 tons. The principal die stone weighs fifteen tons. It is of Vermont granite.

Kosciusko is represented as a hero of two hemispheres, the front of the pedestal showing a map of America with an eagle guarding its liberty. In the rear is the other hemisphere representing Europe and Asia in the grasp of a snake which represents despotism, and which is being attacked by a Polish eagle. Above, stands Kosciusko, with one hand on his sword and the other showing West Point and the fortifications. To the left an American farmer is cutting the ties that liberate him from the grasp of the foreigner.

The monument cost \$50,000. It is being erected to reciprocate the act of Congress in ordering a monument to Pulaski, who fell in 1797 at the battle of Savannah.

PREACHER IS BEATEN. PADUCAH, Ky., March 7.—Dr. M. E. Dodd, pastor of the large and fashionable First Baptist Church, who recently forbade divorced persons from singing in the church choir, was given a severe beating by Charles Graham, a prominent tobacco broker, while on his way to church last night.

FATHER LINEHAN APPOINTED PRIOR. The post of prior at the College of the Immaculate Conception, vacant since the departure of the Very Rev. Matthew L. Heagan, has been filled by the appointment of the Very Rev. F. W. Linehan, O. P., who was prior at St. Rose's convent, Springfield, Ky.

Father Linehan has been in the ministry for about thirty-three years. For a number of years he was in New York city, and later was sent to St. Dominic's Church, in this city.

Father Heagan was elected provincial of the Dominican order in the United States, and his resignation from the Immaculate Conception institution followed. He may continue to live in the District, the selection of a permanent home being optional with him.

MANY SUCKERS CAUGHT. FREDERICK, Md., March 7.—Fishermen are making large catches of suckers with nets in the Monocacy river. While fishing with a net a colored man landed a four-pound black bass. He also captured twelve suckers weighing from one and a half to two and a half pounds.

TOUCH OF SPRING TO BE PROLONGED. Continuation of Mildness Which Enticed on Sunday Is Predicted.

The ideal weather conditions which have given Washingtonians a foretaste of spring during the past three days, will continue, says Prof. Garriott, of the Weather Bureau, throughout tonight and tomorrow, at least. The temperature, which this morning registered 45 degrees, will drop to about 35 tonight.

Later in the week weather authorities expect heavy rains to fall, not only in the East, but throughout the country. These will be followed by an interval of sunny weather. It is stated by Prof. Garriott, followed again in its turn by rain about the middle of next week.

The mildness of the day on Sunday enticed thousands of men and women out of doors and the streets appeared as they do on a general holiday. The cars were crowded to their utmost capacity, and the thoroughfares and parks were filled with those who had come out to enjoy the first day of real spring weather of the season.

NEW NIGHT SYSTEM STARTED BY POSTAL

Letter Telegrams Will Be Wired and Delivered Following Morning.

NEW YORK, March 7.—The Postal Telegraph-Cable Company announces that beginning tonight, it will render night letter service between all offices on its own telegraph lines, and the lines of its direct connection in the United States.

Messages of this new class will be known as night letter telegrams. They will be accepted at Postal telegraph offices over the country or by telephone in the usual way. The charge for night letter telegrams of fifty words or less will be the regular day rate for ten words and one-fifth of this rate will be charged for each additional ten words or less. They must be written in plain English. Code or cipher will not be permitted. They will be accepted for transmission at night and delivery at destination on the morning of the next ensuing business day by mail or messenger at the option of the company.

The Postal Telegraph-Cable Company couples the foregoing announcement with a repetition of the statement recently made by President Clarence H. Mackay, to the effect that the company has always been independent and has no intention of entering into any combination with the Western Union and Bell Telephone Companies, and that it intends to retain its independence and maintain active and aggressive competition in the telegraph field.

MANY WILL ATTEND SALE IN NEW YORK

French Hospital Bazaar Promises to Attract Statesmen and Diplomats.

At the French Hospital bazaar, which will be held in the Metropolitan Opera House, New York, during the week of April 5, and 6, which M. Jules Jusserand is honorary president, and Madame Jusserand, honorary vice president, there will be on sale what is probably the largest and rarest collection of Sevres china ever brought to America.

The collection is the gift of the French Republic, and of the President of the Republic, and includes many rare vases and other articles.

A number of statesmen and diplomats will go from Washington to New York to attend the bazaar, and it is expected that President Taft and Vice President Sherman will be among the number.

THIEVES SPARE WATCH

MEDIA, Pa., March 7.—J. William Mills, who has been employed at the stable of the Rose Tree Hunt Club, was held up by three negroes, beaten, kicked, and robbed of a wallet containing \$20. The thieves failed to find a watch which he carried in a small pocket.

SPENT A FORTUNE ON SKIN TROUBLE

But Lost All Hope of Cure—Grew Worse and Worse in Spite of Many Doctors and Three Years of Hospital Treatment—Inflammation Made Her Almost Crazy with Pain.

CURED BY TWO SETS OF CUTICURA REMEDIES. "I began to have an itching over my whole body about seven years ago and this settled in my limb, from the knee to the toes. I went to see a great many physicians, a matter which cost me a fortune, and after I noticed that I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain. When I showed my foot to my friends they would get really frightened. I did not know what to do. I was so sick and had become so nervous that I positively lost all hope.

"I had seen the advertisement of the Cuticura Remedies a great many times but could not make up my mind to buy them, for I had already used so many medicines. Finally I did decide to use the Cuticura Remedies and I tell you that I was never so pleased as when I noticed that after having used two sets of Cuticura Soap, Cuticura Ointment and Cuticura Pills, the entire inflammation had gone. I was completely cured. I should be only too glad if people with a similar disease would come to me and find out the truth. I would only recommend them to use Cuticura. Mrs. Bertha Sehn, 1121 Second Ave., New York, N. Y., Aug. 20, 1909."

"Mrs. Bertha Sehn is my sister-in-law and I know well how she suffered and was cured by the Cuticura Remedies after many other treatments failed. Mrs. Sehn, 321 E. 80th St., New York, N. Y., Secretary of Deutsch-Ostrower Unt.-Verein, Kemper Hebrew Benevolent Society, etc."

A single set of Cuticura Remedies, costing but one dollar, consisting of Soap to cleanse, Ointment to heal and Pills to purify, has frequently cured chronic cases of torturing, disgusting humors of infants, children and adults when the best methods known to the profession had failed. Guaranteed absolutely pure. Cuticura Remedies sold throughout the world. Puter Drug & Chem. Co., Sole Proprietors, 135 Columbia Ave., Boston, Mass., up labeled Free, Cuticura Soap, an Authority on Skin and Scalp Diseases.

Certain Proof Will Be Made That Stuart's Dyspepsia Tablets Cure Stomach Trouble.

A Trial Package Sent Free. Stuart's Dyspepsia Tablets are made to give to the system, through the digestive tract and the stomach, the necessary chemicals not only to digest food but to extract the nutrients from the body so that it may no longer suffer from dyspepsia or other stomach trouble.

We will send you a quantity of these tablets free, so that their power to cure may be proved to you. Thousands upon thousands of people are using these tablets for the aid and cure of every known stomach disease. Know what you put into your stomach, and use discretion in doing so.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of Hydrastis, Golden Seal, which tone up and strengthen the mucous lining of the stomach, and increase the flow of gastric and other digestive juices; Lactose (extracted from milk); Nux, to strengthen the nerves controlling the action of the stomach and to cure nervous dyspepsia; pure aseptic Pepsin of the highest digestive power and approved by the United States Pharmacopoeia.

One of the ablest professors of the University of Michigan recently stated that this Pepsin is the only aseptic pepsin he had found that was absolutely pure—free from all animal impurities; Bismuth, to absorb gases and prevent fermentation. They are deliciously flavored with concentrated Jamaica Ginger—in itself a well known stomachic.

Liquid medicines lose their strength the longer they are kept, through evaporation, fermentation and chemical changes; hence Stuart's Dyspepsia Tablets are recognized as the only true and logical manner of preserving the ingredients given above in their fullest strength.

If you really doubt the power of these tablets, take this advertisement to a druggist and ask his opinion of the formula. It is due your stomach to give it the ingredients necessary to stop its trouble. It costs nothing to try. You know what you are taking, and the fame of these tablets prove their value. All druggists sell them. Price 50 cents. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 159 Stuart Building, Marshall, Mich.
