10,000 Yards Snow White Nearlinen, 36 Inches Wide, 25c Quality at a Yard, 19c

Investigation and practical tests have induced us to recommend to our customers this English-made cloth, as we find it to be one of the best Plain White Fabrics yet produced.

NEARLINEN is a beautiful material, wonderfully strong and durable, and has a finish so permanent that many launderings will not injure it nor remove its snowy whiteness.

NEARLINEN is just the right medium-weight, and is a full yard wide, and we guarantee every yard to be uniform and free from imperfections.

You can use NEARLINEN for all kinds of costumes—women's and misses' waists, skirts, or entire dresses, children's dresses, nurses' uniforms, or barbers' coats and aprons. For any of these purposes we believe it is equal to the best of pure linens. The reason we believe this is, NEARLINEN does not wrinkle so readily; it is easier to sew and embroider, and sets prettier. There are many cheap "linen-finish" imitations which are frequently offered for the sake of greater profits, but for the protection of customers the manufacturer has stamped the trademark NEARLINEN on the selvage, and the genuine goods are shown here in the original package just as they came from the bleachery in Lancaster, England.

Tomorrow we will have a special display of NEARLINEN, and to demonstrate the merits of the cloth every lady in the White Goods Department will wear a waist made of this beautiful material. Although the genuine NEARLINEN is sold at 25c in all the stores throughout America, we are enabled by this large direct importation to make a special opening price of a yard for 19c.

Special Prices On All Sizes of Grass Rugs
