

ARMY FLYERS SOON TO TAKE UP WORK OF FIELD SKETCHING

Lieutenant Kirtland, Art Student, to Make First Pictures This Week.

One of the most important steps yet taken by the officers of the army aviation school in the advancement of aviation as an offensive and defensive power in war, will be made sometime this week, when Lieut. LeRoy Kirtland, riding as passenger in the Wright biplane with Lieut. H. H. Arnold, will make a sketch of the country surrounding College Park.

Since the officers at College Park, with the single exception of Lieutenant Kennedy, have learned to fly, the next important step is for each man now to make maps of the country passed over in flight. Lieutenant Kirtland is recognized as one of the best sketch artists in the United States army. He is a graduate of the Corcoran Art Gallery of Washington, and during service in the Philippine Islands a number of years ago he was the only man doing sketch work under his own ideas.

He will go up with Lieutenant Arnold, taking a large pad, and the necessary pencils and drawing pens with him. As the work is being done in length of the flights will be increased, and Lieutenant Kirtland will before very long be taking sketches of the country on cross-country runs.

Government Gets New Curtiss Aeroplane for Use of Lieut. Kennedy

Bennie Havens, of the Curtiss Aeroplane Company, tried out the new Curtiss biplane at the Government aviation school last evening, and found it working perfectly. Havens made three flights. He was up five minutes on the first flight, eleven minutes on the second, and the last trip he spent thirty-one minutes in the air.

In accepting an aeroplane the Government requires the Curtiss machine to be in good condition. Last evening on his trial flight the new Curtiss machine acted beautifully, and was accepted by the Government.

Paul Peck Returns to Capital After New York Flights

Paul Peck, the young Washington aviator, is back in Washington after having given several exhibition flights in the Rex Smith biplane at Conneaut Lake, Pa., and Evans Mills, N. Y. He will be in the city for a few days, inspecting the new machine that is being made by the Rex Smith Company.

Concerning the report that he had been prosecuted by a farmer in Conneaut Lake, Pa., because he tore up a small cherry tree in making a landing, Peck said: "The report was greatly exaggerated. In making a landing at Conneaut Lake a stiff wind made me brush into a little tree. A few limbs were bent and broken. The matter was soon settled, and nothing serious resulted."

Capt. Beck, Repairing Damage to Biplane, Takes Spin in New One

Capt. Paul W. Beck is a very busy man. He is earnestly engaged in completely overhauling his Curtiss biplane, which was smashed Saturday evening at Orange Grove, Md., where he was forced to make a landing on account of an injury to his engine while making a cross-country flight.

The Curtiss will be ready for flying now for some days, it being decided yesterday that while it was out of commission to take time enough to completely overhaul it and get it in perfect condition for work this winter in some Southern town. The engine will be gone over and thoroughly cleaned, and the broken part to the crank shaft mended.

Lieut. Milling Is Back at College Park After Successes at Boston

Lieut. T. DeWitt Milling, flush from his successes in the big aviation meet in Boston last week, returned to his work at College Park last evening. "Gee, but I had a bully time in Boston. I wouldn't take my experience in the old town," he said. Incidentally, the Mississippi boy carried back a roll of bills as big as a stove pipe, the winnings he got away with in Boston.

Southern Road and Keymen Still at Outs

No agreement between the officials of the Southern Railway and the representatives of the Order of Railway Trainmen, now in Washington holding conferences regarding an increase in wages for telegraphers, has been reached. The conferences will continue through tomorrow, and probably longer if no agreement is reached.

TOOTH BROKEN, BUT SHE WEDS, DEFYING DECREE OF PARENTS

Baltimore Belle Elopers With Suitor Objected to by Her Family.

BALTIMORE, Sept. 12.—Despite the fact that the engagement of Miss Mary Fayesow Winslow, a Baltimore belle, eldest daughter of Dr. and Mrs. Randolph Winslow, 1900 Mt. Royal Terrace, to J. Meriwether Shellman, of Westminster, was cancelled on August 11, the eve of the ceremony, her parents have received a telegram announcing that they were married Saturday night at Wilmington, Del.

The telegram was the first intimation Dr. and Mrs. Winslow had of the elopement of their daughter from Atlantic City, where she was staying. They were previously objected to the marriage. They thought when the engagement was broken off on the previous date the matter had been settled. They had the slightest idea their daughter was continuing her friendship with Mr. Shellman.

The news of the marriage greatly agitated Dr. and Mrs. Winslow, who declared that the couple could not live with them. They made it certain that parental blessings were not in order at this time. "Dr. Winslow gave out the following statement: 'For five years Mr. Shellman has been paying attention to my daughter with the entire disapprobation of the family. Upon my return from the Pacific Coast in the middle of last July I was informed by my daughter that she desired to marry Mr. Shellman in August. While we did not give our consent to the marriage, we concluded to make the best of it and have her married decently at home.

"Our objections to Mr. Shellman were first of all, personal—we do not like him; secondly, we did not think he was in any financial condition to marry our daughter. In the third place, it was only thirty hours before the time of the wedding that we received information which rendered the marriage impossible from our standpoint. Mr. and Mrs. Shellman arrived in Westminster Sunday night and went to the home of Mr. Shellman's aunt, Miss Mary B. Shellman. On Saturday they intend leaving Westminster on their wedding trip.

Delegates Coming to See Capital Sights

Three special trains, carrying the Eastern and Southern delegates from the Sunday school convention in session last week at Mountain Lake Park, Md., reached Washington yesterday afternoon and will halt long enough to give the returning representatives an opportunity to go sightseeing in Washington.

One train pulled into the Union Station in the morning, carrying several hundred delegates from the South. They immediately filed a long line of waiting sightseeing automobiles, and shortly before noon they were in the city. General Hall was accompanied by the Brooklyn Tabernacle.

Hoboes Are Given Work By How's New Bureau

Fifteen admitted hoboes, who said they were unafraid of work, put in applications for positions with the Brotherhood Welfare Association's free employment bureau at 1214 G Street northwest this morning, and before they could catch their breaths the jobs were theirs. James Eds How, the "chief hobo of the lot," was in charge of the bureau at the time. Only last night a request for fifteen laborers was received from a road contractor in Maryland. Before the applicants could explain that they preferred easier jobs they were given the job. They lodged no protests, and shortly before noon left for the Maryland job.

BILIOUSNESS, SALLOW SKIN, HEADACHE, SLUGGISH BOWELS—TAKE CASCARETS

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow with dark rings under your eyes, your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember, that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—a 10-cent box will keep you and the entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing occasionally. Children love to take Cascarets, because they taste good and never gripe or sicken.

ALEXANDRIA TO GET BRANCH PLANT OF TEXAS OIL COMPANY

Chamber of Commerce Makes the Announcement at Meeting.

WASHINGTON TIMES BUREAU: ALEXANDRIA, VA., SEPT. 12.—That another large enterprise would locate in Alexandria was announced at last night's meeting of the Chamber of Commerce. The concern is the Texas Oil Company, which will open a branch here, their offices and tanks to be located at the foot of Wilkes street, in what is known as the old Baltimore and Ohio freight office.

That certain conditions existing in the Lancaster School needed immediate attention, was the gist of a resolution, unanimously passed, addressed to Louis C. Parley, of the corporation court. The resolution, in part, follows: "Resolved, That the secretary of the Chamber of Commerce be directed to bring to the attention of the court and through him to the present grand jury the conditions existing in the school building known as the Lancaster School, located in the same yard with the Washington School, on South Washington street, with the view toward securing betterment of such conditions as may be found unfit for school purposes. Is it not true that two grand juries have already condemned the building?"

Julian V. Williams and W. W. Baker, with H. F. Figg and C. C. Leadbetter, as alternates, were appointed delegates to the convention of the Virginia League of Municipalities, which meets at Cape Charles September 14 and 15. It was also decided to erect two electric signs, advertising the city's advantages, at a point near Union Station. These signs are to be similar to the one now on the river front, which it was also agreed, is to be substituted by a larger one.

Edward Travers, who was originally held for action of the grand jury for the death of Mary Callahorne, but whose case was yesterday resubmitted to the police court by Judge Louis C. Parley, on motion of Commonwealth Attorney Samuel G. Brent, received a sentence of six months in jail for assault and battery by Justice Harry B. Canton.

In a letter received by Nevell S. Greenaway, clerk of the corporation court, yesterday from the superintendent of the State penitentiary at Richmond, he was advised of the death of Theodore Jones alias Zumbly, a colored convict, committed from Alexandria last April. Jones was convicted of the robbery of the grocery store of W. P. Graves at a quarter of eleven, in which tuberculosis was the cause of death.

Yesterday afternoon he broke away from the stable, started running through Potomac Park, and did not stop until he got into a quagmire near the foot of Twenty-sixth street. It required six hours' work on the part of twelve stablemen with ropes and planks to get him out.
