

GOTHAM POLICE USE CARTS AS BLOCKADE AGAINST STRIKERS

Vehicles Thrown Across Street, and Wheels Locked, as Barricade.

NEW YORK, Nov. 11.—Carts placed across the streets with locked wheels today were called into play by Gotham's police as a barricade to defend themselves from a mob of street cleaning department strikers.

Men Desert. Repeated attacks on thirty-five other carts sent out from the Hamilton street station resulted in the desertion of the men from all except five.

Police Inspectors, as they send out their squads of men are telling the strikers to "knock down the strike rioters with clubs."

Calls on Eligibles. At the strikers' headquarters it was asserted that 1,500 sweepers had gone out in sympathy with the strike, but "Big Bill" Edwards scouted these figures, saying that not more than 100 had quit.

SUB-DEPOSITORY IS GREAT POSTAL AID

Opening of Third Savings Station of Its Kind Proves Success of Drug Store Agencies for Uncle Sam's Bank—Foreigners Will Be Most Benefited.

A sub-depository of the postal savings bank was opened in the northeast section of the city today, when M. A. Laddon, druggist, at Twelfth and Florida avenue northeast, placed postal savings cards and stamps on sale in his store.

Dr. Laddon is enthusiastic over the idea, and believes the sale of cards and stamps will be of vast benefit to his patrons. This sub-depository is the third opened in the city within a week, the only three of their kind in the United States.

In speaking of the innovation today, Dr. Laddon said:

"My store is the typical residence community store. We are not near a car line or other facilities, and the people near here depend upon the place. They are not the sort of people who can run downtown whenever they take the trolley, and the only way the postal bank can be of a benefit to them is to have it handy in the neighborhood."

One advantage of the system inaugurated by Dr. Scherer and Dr. Laddon in the northeast, is the fact that people may invest their savings at any time. The drug stores open are usually from seven in the morning until 10 at night, and the stamps and cards can be bought at any time.

amount of cards and stamps. They found it necessary to buy a larger quantity Thursday, and today they came again to the bank to renew their stock.

Scene in Court When Two Wives Claim Man

Two wives claiming the same husband caused a sensation in Juvenile Court when the first wife had her husband arraigned for failing to support his three-year-old child.

Just as Judge De Lacy was pronouncing sentence on John B. Nicastro, adjudged guilty of this charge, a pretty blonde young woman rushed into the room crying:

"He's my husband."

Then she dramatically produced a bundle of papers.

"These are John's divorce papers from a Reno court, and here is my marriage certificate. We were married more than a year ago. This woman has no claim on him."

Vapor Treatment For Catarrh

The HYOMEI vapor treatment is especially recommended in stubborn cases of chronic catarrh of long standing, but remember that the inhaler should be used daily as usual.

This treatment only takes a few minutes time before going to bed. Pour a scant teaspoonful of HYOMEI into a kitchen bowl of boiling water, cover head and bowl with towel and breathe for several minutes the vapor that arises.

You will be surprised at the results of this treatment; it makes the head feel the same as if you had slept better, and that stuffed up feeling will gradually disappear. This method is also used to break up the worst cold in the head over night. A bottle of HYOMEI (pronounced High-o-Me) costs 50 cents at Henry Evans and James O'Donnell and druggists everywhere. Complete outfit which includes the little pocket inhaler \$1.00. No stomach dosing; just breathe HYOMEI and cure catarrh and all diseases of the breathing organs. Free trial bottle by addressing Booth's Hyomet Co., Buffalo, N. Y.
