

# WHOLE COUNTRY IN GRASP OF SEVERE WINTER WEATHER

### Thermometer Drops to Eight Degrees Above Zero At Chicago.

CHICAGO, Nov. 13.—While the entire middle West continues to shiver from one of the worst early season storms and cold spells noted in Weather Bureau history, reports of a heavy injury, intense suffering and loss mounting up into the millions are pouring in from all sections.

The death toll of the storm is now twenty-four. At least 100 people have been injured by the tornado which preceded the blizzard. One of the injured in Chicago was a victim of heat prostration, suffered during the warm spell which preceded the cold wave.

Chicago experienced a fall of temperature of 61 degrees in seven hours. It was eight degrees below zero here this morning. Many cities farther west and north have temperatures far below this mark.

A storm on Lake Michigan has endangered many lives. A tow boat with a crew of seven was tossed clear across the lake and, ice laden, stranded upon the shores of Michigan.

At least two railroad wrecks and a panic on an elevated train in Chicago endangered many lives, resulting from the storm.

The tornado preceding the cold wave killed eight and injured forty in Chicago.

### Fatality At Easton, Ill.

Two were killed and seven injured at Easton, Ill.

Central and southern Illinois, with a drop of 8 degrees, experienced intense suffering from the cold. The cold has cut off the supply of natural gas, the only fuel supply of a large percentage of the families in these sections.

Many boats on Lake Michigan are missing, according to reports from Duluth, and great loss of life is feared. Baltimore and vicinity is getting a taste of real winter today. The thermometer registered 25 degrees at 8 o'clock this morning, having dropped 46 degrees since 3 o'clock yesterday.

Pittsburgh was the coldest town in the East today, when the official thermometer registered 14 above zero at 8 o'clock this morning. This constituted a drop in temperature of 64 degrees in twenty-four hours.

Philadelphia's thermometer was 28 above zero at 8 o'clock. At the same hour it was 26 above in Atlantic City and 22 in Scranton.

### Gale Lashes Seaboard.

A terrific gale lashed the Atlantic coast in the vicinity of New York. A barge with a crew of fourteen, was torn loose from her tow and blown about helplessly. The United States revenue cutter Mohawk was immediately dispatched to her assistance.

A report from Fort Terry on Plum Island early today stated that a schooner had stranded in Plum Gut at the height of the storm.

A report from Fort Terry stated that the schooner was the Edith E. Dennis and that all of the crew had been saved except the captain.

The high point in the wind's velocity came about 10 o'clock when there was a rate of seventy-two miles an hour. The thermometer at midnight registered 28 degrees in New York.

The wind maintained its terrific velocity for hours while the mercury kept steadily dropping. At daybreak the wind began to lessen and was blowing at thirty-eight miles an hour at 8 a. m.

At Albany, N. Y., the temperature stood at 28 degrees at 8 o'clock this morning.

A snow storm driven by a gale visited Utica early today and the mercury registered 28 degrees.

### Cold Wave for Whole Country Is Predicted

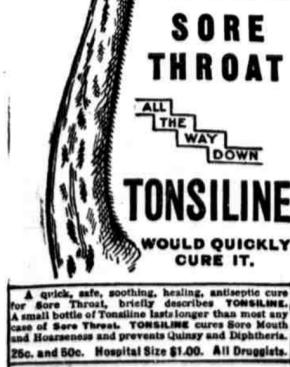

Winter weather is to be experienced this week over practically the entire country. Such is the official advice of the Weather Bureau given over the signature of Chief Willis L. Moore. The advance eastward of the cold wave that has held the Middle West in its frozen clutch for several days is predicted to reach the lowest temperatures of the season the first of this week.

A storm is predicted for the Eastern States the latter part of the week. It is now off the North Pacific coast. This change, so it is forecast, will be preceded by warmer weather, with rains in the Southern and snow in the Northern districts.

### Three Diplomats Tell Of Arrival At Posts

Three American diplomats telegraphed the State Department of their arrival at their posts of duty. Minister Cathoun reached Peking today and took charge of the legation there. Minister Du Bois reported to the department that he has reached Bogota, and Ambassador O'Brien telegraphed he had presented his letters to the King of Italy.

### EVEN IF YOU HAD A NECK AS LONG AS THIS FELLOW AND HAD SORE THROAT ALL THE WAY DOWN TONSILINE WOULD QUICKLY CURE IT.

A quick, safe, soothing, healing, antiseptic cure for sore throat, tonsillitis, tonsillitis, a small bottle of Tonsiline cures the most any case of Sore Throat, Tonsillitis, Sore Mouth and Hoarseness and prevents Quinsy and Diphtheria. 25c. and 50c. Hospital Size \$1.00. All Drugists.

### Missing Girl Thought To Have Stage Ambition

An ambition to win fame and fortune before the footlights is believed today to have been the motive which prompted sixteen-year-old Lillian Bond, of 1538 T street northwest, to run away from home about a week ago. Mr. Bond, the girl's father, who has reported her disappearance to the police, said that he believed his daughter had gone away to join a theatrical company.

Miss Bond, who is small of stature, is a brunette, and described as pretty. For some time she was ambitious to go on the stage, but her parents refused to give their consent.

No word has been received from her since she left home, taking only a few articles of wearing apparel with her. At first her parents thought she might have gone to visit a girl friend here, but inquiry failed to reveal her whereabouts.

### Director Martin to Go to Kansas City

Following the close of the playground season, E. S. Martin, director of playgrounds, will leave for Kansas City, Mo., where he will aid in the establishment of a department of recreation. Mr. Martin probably will be away from Washington two weeks.

The Kansas City authorities have decided to establish a department of recreation, and have asked Mr. Martin to assist in the work. Arrangements were made today for moving the offices of the Washington Playgrounds Association from the Metropolitan National Bank building to the District building.

### Mrs. Pillow Painfully Hurt While on Car

While on a Fourteenth street car this morning, Mrs. Mary Pillow, sixty years old, of 164 Clifton street northwest, was painfully but not seriously hurt about the legs and body. Mrs. Pillow had just boarded the car when it started. She was thrown to the floor.

## ORDER SIGNED FOR TRUSTEE DANTE TO MAKE ACCOUNTING

### Also Required to File Bond. Court Approves Hutchins Paris Bill.

Counsel representing various parties in the litigation over the \$3,300,000 worth of property of Stilson Hutchins, appeared before Chief Justice Clabaugh in Equity Court No. 1, today, and witnessed the signing of the order, whereby Trustee Dante is directed to give an accounting and file a corporate bond of \$125,000.

Under the directions of the order the bills presented by Mrs. Rose Keeling Hutchins, wife of the millionaire, will be first presented to Nathaniel Wilson, guardian ad litem for the millionaire, and then to the trustee for payment, providing there is no objection. Incidentally, the court ordered the payment of \$25 on the lease for the Paris apartment, which is past due.

The order was presented by Attorneys Brandenburg & Brandenburg, who represent Trustee Dante. It is based on the petition of these attorneys, although a petition looking toward the same end, filed by Mrs. Hutchins' attorneys, Glines & Chamberlain, was pending in Justice Wright's branch of Equity Court.

Chief Justice Clabaugh made the announcement that he would hear no more arguments in the case until Trustee Dante had submitted his report covering the period of his trust from March 7, 1910, up to the present time. This accounting is due within ten days.

### Makes Uniform Rule For the Publishers

Under orders issued by Postmaster General Hitchcock, publishers of periodicals carried at second class postage rates will have the uniform privilege of sending their publications to subscribers a year after the subscriptions have expired.

The difference in the privilege has made it difficult for the postal employees to discover when the rules were being violated. Furthermore, Mr. Hitchcock can see no just cause for permitting one publisher to have the use of the mails for a greater length of time than others.

### Horse and Runabout Stolen From Market

The theft of a horse and runabout was reported to the police of the First precinct this morning by James La Fontaine, a produce dealer, in Center Market. The rig was taken from one of the B street entrances to the market.

## YOUR UPSET, SOUR, GASSY STOMACH IS RELIEVED IN A FEW MINUTES

### Take a little Diapepsin now and your Stomach will feel fine in five minutes.

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, put-of-order stomach five minutes afterwards. If your meals don't tempt you, or what little you do eat seems to fill you or lay like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Ask your Pharmacist for a 50-cent case of Pape's Diapepsin, and take a

## BOY SCOUTS FIND TRIPS IN COUNTRY POPULAR PASTIME

### Daily Jaunts Into the Woods and Fields of Maryland and Virginia.

Scouting expeditions are proving more popular than ever now that fall has arrived. Every day finds the khaki-clad Boy Scouts of the District in Maryland and Virginia woods. Nuts and persimmons give added pleasure to the expeditions.

Last Saturday four troops hiked to Cherrysdale, Va., in order that a practical demonstration of their work might be given for the edification of those in attendance at the conference for the "Older Boy" while at Cherrysdale, they cooked dinner in the woods, using light equipment they carried in preparing the meal. After dinner they played the scout games and finished up by playing with the conference delegates.

James E. West, national secretary of the Boy Scouts of America, was in attendance, and showed that 90 per cent of the Boy Scouts are active in church work. He called attention to the fact that interest in the church troops kept the boys in Sunday school at just the age when they were most inclined to leave.

E. S. Martin, District Scout commissioner, spoke of the connection of the Boy Scouts with the Sunday school. Many of those who are to be most active in the campaign of the men and religion forward movement, were in attendance.

### Play and Book Give Lesson In Forgiveness

Different from the average fictional and theatrical situation where the erring girl no longer is given protection by the family circle, but is cast out in the world with a "God-have-mercy-on-you" prayer, is the situation in "The Family," from the play of Robert Hobart Davis, which has been written into book form by Edward Marshall, and published by G. W. Dillingham Company, of New York.

"There is no place like home" is the theme of the play of Mr. Davis. The trouble came the lie of blood asserted itself, and the love that bound brother to sister, and parent to child, proved stronger than water.

A photographic faithfulness of detail is one of the striking features of the book. With literal exactness, the trials and tribulations of the members of "The Family" are reproduced.

### Rites for R. J. Beall.

Richard J. Beall, lifetime resident of the District, who died at the home of his daughter, Mrs. J. E. Price, at the age of eighty-five years, was buried in Glenwood Cemetery this afternoon at 3 o'clock, after simple funeral ceremonies in the chapel of Glenwood.

## PENSION MEASURE TO BE SO DRAWN AS TO PREVENT DELAY

### Joint Committee of Trade Bodies Desires Speedy Action By Congress.

A pension bill so drawn as to cause the least possible delay in Congress is the purpose of the joint committee of the Board of Trade and Chamber of Commerce. It is their work for relief for pensioners dependent upon the fire and police fund.

The question is to be brought up at the annual meeting of the Board of Trade tonight by Walter A. Brown, chairman of the public order committee, and at the monthly meeting of the Chamber of Commerce tomorrow night by William F. Gude, chairman of the special committee of that body.

While it is impossible to state what action will be taken by either body, the chairmen of the two committees have agreed that it is necessary to take the course of least resistance in order to get a bill through Congress at the earliest possible date.

A conference with the Commissioners upon the form of bill to present to Congress may be held tomorrow, although the hour for the conference has not been set. The relation of the proposed legislation to the half-and-half principle of appropriations is expected to be carefully considered both at the Board of Trade and Chamber of Commerce meetings, and at the conference with the Commissioners.

It is believed that the sentiment for immediate relief will operate to reconcile pension advocates to the passage of a bill providing for the entire fund out of District revenues, with the exception of the proposed 1 1/2 per cent from the salaries of the members of the two departments.

### Alabama Hotel Burned.

HUNTSVILLE, Ala., Nov. 13.—Fire, believed to have originated from defective wiring, destroyed the Huntsville Hotel this morning. The loss is estimated at \$200,000, largely covered by insurance.

## Fifth Lecture Added To Clinic Course

Another lecture besides the four previously announced will be given this week under the auspices of The Woman's Clinic and the American Medical Association. This fifth lecture will be by Dr. George Girard, a dentist at the Hubbard school, Friday afternoon at 3:30 o'clock, on "The Teeth, Their Uses, Abuses and Care."

The directors of The Woman's Clinic voted last evening to accept the offer of the American Medical Association to have the whole series of lectures given under joint auspices.

## Greeks Hold Service For Murdered Bishop

Greek residents of this city united yesterday in a testimonial to the late Bishop of Brevenia, Macedonia, who was murdered and mutilated several weeks ago, supposedly Turks.

A mass for the bishop was sung today in every Greek Church throughout the United States. The Greek residents here held services in the mission on John Marshall Place.

## The Attractiveness of These Handsome Homes Rivals The Splendor of Their Beautiful Surroundings

Owners of these "Park View" homes will enjoy the same advantages for rest and recreation as the owners of vast estates—without any of the expense.

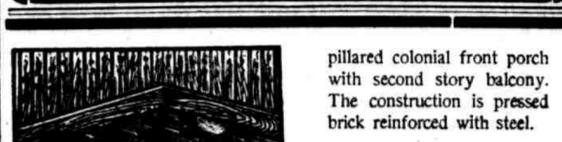

Right at the very threshold of the homes are the splendid grounds of the Soldiers' Home—Washington's most beautiful park—a veritable fairland for young and old alike. Such surroundings add to the attractiveness of these homes—add to their future value.

Six rooms and bath, spacious, well lighted and ventilated. First floor finished in mahogany with parquet flooring. Second floor given natural finish of the wood. Altogether the most artistically designed 6-room home you ever saw.

### Price, \$4,500 PAYABLE \$32.50 Per Month (after First Small Cash Payment)

(This \$32.50 includes all interest.) TO INSPECT—Take Ninth Street cars to Park Road; walk one square east to Warder Street, and one square north to Newton Street or telephone 34th 2-4-4. Our selling agents, who will be pleased to put their automobile service at your command.

### MIDDAUGH & SHANNON, Inc., Builders and Owners SHANNON & LUCHS, Selling Agents, 713 14th St. N. W. "Look for Our Green and White Sign."

pillared colonial front porch with second story balcony. The construction is pressed brick reinforced with steel.

### \$38 Monthly (Which includes all interest)

buys one of these homes, after the first small cash payment has been made. The total price for these modern 6-room and bath homes is but \$5,000.

TO INSPECT — Take any 14th Street Car going north. Get off at 14th and Perry Sts. and you are right at the homes.

Sample Home Open Till 9 p. m. Every Day.

There are 6 rooms and bath, well lighted, ventilated, and conveniently arranged with an idea to the artistic.

Each home has a double back porch and a massively
