

LIGHTNING RODS BEING PUT UP FOR VICE PRESIDENCY

Geographical Conditions
Will Play Important
Part, Is Belief.

BALTIMORE, Md., June 24.—Vice Presidential booms sprouted in the pre-convention warmth today. Most of the booms were for friends of the candidates, most of those mentioned either being too out to speak of it, or else determined to land first place or none. The only open and avowed running mate was Mayor Preston, of Baltimore, who is backed by the Maryland delegation and the people of Baltimore.

The booms that blossomed today included those of Gov. John Burke, of North Dakota; Representative Francis Burton Harrison, of New York; former Gov. W. L. Douglas, of Massachusetts; former Gov. J. A. Montague, of Virginia; and Clark Howell, of Atlanta, Ga.

The Clark people say they want Governor Wilson in the second place. If Clark heads the ticket, the Wilson camp says they would be satisfied with Marshall, of Indiana, or Burke, of North Dakota. Mayor Gaynor's friends say he won't consider the Vice Presidency, preferring to remain mayor of New York.

SOLDIER ON TRIAL FOR KILLING GIRL

William H. Sabens Said to Have
Shot Ada Haynes Last
August.

William H. Sabens, a soldier, charged with murder in the first degree in connection with the death of Ada Haynes, who was shot in a house at 1322 D street northwest on August 11, last, was placed on trial before Justice Anderson in Criminal Court No. 1 this forenoon.

The Haynes girl was killed following an altercation with Sabens, it is alleged. Justice Anderson continued at 5 o'clock and the examination of testimony began. A special venire of seven to nine extra talesmen was summoned. United States Attorney Clarence E. Wilson and Assistant Prosecutor S. McCann Hawken appear for the Government.

Considers Harry Thaw A Persecuted Man

NEW YORK, June 24.—Harry Thaw is sane, and he is being kept in Matteawan State Hospital solely through official vanity, is the opinion of Dr. Britton D. Evans, the noted alienist and medical director of the Morris Plains Hospital for the Insane.

"I consider Harry Thaw a persecuted man," said Dr. Evans. "If I thought I could be of aid to him I would come into New York or any other State in the Union. Jerome is posing for the newspapers. I would go on the stand if Jerome really wished it, but he doesn't. I have no wish to enter to the trial of an insanity case. I am a physician, not a prosecutor, who would bridge the gap between the law and the insanity. Another is a professional sensitivity. A group of attorneys who would rather see a sane man end his life in a refuge for the criminal insane than reverse their opinion and acknowledge themselves wrong."

Clubwomen Gather.

SAN FRANCISCO, Cal., June 21.—One thousand delegates to the eleventh biennial convention of the National Federation of Women's Clubs are already in San Francisco, and others are arriving in every train. The convention is expected here before the convention begins its proceedings Tuesday. Before the convention opens the club women are occupied with the question of the presidential election, which is to be held on July 2, and which is likely to be hotly contested. The rival candidates for the honor of heading the federation during the ensuing two years are Mrs. Percival Pennington, of Texas, and Mrs. Philip Carpenter, of New York.

Injured By Automobile.

Evelyn Littauer, seven years old, of 7 Iowa circle, was knocked down in Fourteenth street last evening by an automobile driven by John E. Cammack, of 145 Rhode Island avenue. The child was bruised about the leg, but not badly hurt.

S. B. HEGE, Dist. Pass Agent

Kin of Liberator

MISS ITALIA GARIBALDI.

MISS GARIBALDI TO LEAVE CITY TODAY; SPEAKS AT CHURCH

Noted Italian Woman Visits
Capitol and Library.
Praises Both.

After a stay of three days in Washington, in which she spent part of her time in speaking at churches and visiting in the homes of the city's most prominent people, Miss Italia Garibaldi, granddaughter of the "Liberator of Italy," leaves Washington this afternoon for New York. She will sail soon for her home in the old country.

Since coming to Washington, Miss Garibaldi has been the guest of Mrs. Thomas H. Anderson, wife of Justice Anderson, 1321 New Hampshire avenue northwest. This morning she went sightseeing, going to the Library of Congress and to the Capitol.

"The Library is one of the grandest buildings I have ever seen," said Miss Garibaldi. She was a bit disappointed in not seeing the House or Senate in session, but was pleased with the Capitol. Today at 1 o'clock she was the guest at luncheon of Mrs. Martin Littleton. Miss Garibaldi is the daughter of Gen. Giuseppe Garibaldi, one of Italy's greatest soldiers. She had two brothers fighting with the Maderio forces in Mexico. Last night she spoke at the Dumbarton Avenue Methodist Church. She told a large congregation that American help was needed in the work of spiritual redemption in her country.

She declared that she was a member of the "fighting Methodists" and was doing all in her power to advance the interest of that denomination in Italy. She said that the women's colleges in her country and one industrial school conducted by the Methodists were prospering.

Miss Garibaldi is strong in denunciation of divorce and thinks it one of the worst evils that the American home has to contend with.

Wolfrey's Assaults Are Still At Large

Efforts on the part of the police to get some trace of the five young men who attacked D. B. Wolfrey, of 530 Lamont street northwest, at Ninth street and Pennsylvania avenue northwest and robbed him of a watch valued at \$27, have failed. Mr. Wolfrey was waiting for a car about 6 o'clock yesterday morning when he was attacked and robbed. He furnished the police with a description of his assailants and was endeavoring to get some trace of them when they were sleeping on benches in parks Saturday night.

"High View"

Take any city and you will find the most prosperous citizens among the home owners. This is particularly true in Washington, where

home values are constantly increasing.

And nowhere in Washington will home values increase more rapidly than those in "High View." The reason is plain—"High View" homes are selling faster than homes have ever before sold in any section of this city. Such a demand must increase value. Isn't it about time you considered this home buying opportunity?

Price, \$3,300

Terms: \$200 Cash
\$26.92 Per Month

(which was directly at the home, including all interest.)

To inspect—Take any G street "Brookland" or "North Capitol and W streets," get off at Rhode Island avenue and walk one square east.

The owners have under course of construction more of these homes. It will be several months before they are completed.

If you haven't the necessary \$200 first payment to put into one of the homes now ready for immediate occupancy, you can have us reserve one of the next lot for you by arranging to make us small monthly payments. In this way, by the time the homes are ready for occupancy, you will have saved enough to make the first payment. After that you need pay \$26.92 per month, which applies directly on the home, including all interest.

BOTANIC GARDEN SUPERINTENDENTS IN GRAVE CONDITION

Smith Not Expected To Live
Through the
Day.

William Robertson Smith, superintendent of the National Botanic Garden since its founding, is not expected to live through today. He is critically ill of heart disease, and his physical and two attending nurses hold out little hope for his recovery.

He is eighty-four years old and came to this country in 1862. Upon his arrival in Washington he was associated with W. D. Brockbridge, of the Smithsonian Institute, although for a year before he reached this city he worked with the famous Bulst Seed Company of Philadelphia.

He saw the founding of the National Botanic Garden and has for years through hard work and close study made it one of the world's greatest. It was in its beginning nothing but a small hothouse in the northeastern corner of the large grounds now in use. The territory about it was practically a swamp land, but today it is one of Washington's most interesting institutions. His knowledge of flowers and plants is said to be unequalled.

As an admirer of the work of Robert Burns, Mr. Smith has from time to time collected volumes written by the celebrated Scotchman, until today he has what is said to be the most complete collection of Burns' writings in the world. On many occasions he has been offered large sums to sell his Burns collections, but would never consent to a sale.

Mr. Smith's assistants, the former having been at the gardens over twenty years and Mr. Clark eleven. Mr. Smith and Mr. Clark are both natives of Aithelstanford, Scotland, and were boys together. Mr. Clark was asked to come to Washington in 1864, at which time he was engaged as an expert of gardener in London.

Arrangements for the Fourth of July celebration at George Washington park are progressing satisfactorily. Invitation was made today to members of the National Press Club to be present on this occasion.

The poles for the tournament were erected today. Many entries have already been received from the air knights, who will participate for the prizes which have been offered.

Invitations for the marriage of Miss Eloise Morselle Roberts to Augustus Wedderburn, son of Mr. and Mrs. Alexander J. Wedderburn, have been issued by Mrs. Richard Roberts, mother of the bride. The ceremony will take place at 12 o'clock tomorrow at Trinity Church, Collingwood, Prince George county, Md. After a reception at the home of Mr. Roberts, the young couple will leave for an extended Eastern trip. On their return, they will make their home at Wedderburn, Fairfax county.

Samuel W. Pitts and Robert E. Knight, who were delegates from the local post to the convention of the Travelers' Protective Association at Peoria, Ill., have returned. While in Peoria, they were the dinner guests of Mr. and Mrs. Henry Olin Patterson at their home on Peoria avenue. Mrs. Patterson was formerly Miss Eva S. Hudson, daughter of W. D. and India Hudson of this city.

Mayor F. J. Felt has issued a proclamation calling attention to the fact that dog licenses are due on June 30. The number of persons who have already paid their license is this year

Mr. and Mrs. Brooks will spend several days motoring on the North Shore.

The Washington, Baltimore and Annapolis Electric Railway Company has put on a special schedule between this city and Baltimore beginning tomorrow morning at 7 o'clock and continuing until the closed season is over. The special schedule was arranged for the convenience of those who desire to go by trolley instead of over the steam roads.

Large crowds of local persons are expected to go to the convention and the special schedule was arranged for the convenience of those who desire to go by trolley instead of over the steam roads.

POSTAL CLERK IS ACCUSED OF THEFT

Trial of H. Linden Wheatley Will Begin At Alexandria
Next Monday—Fourth Of July To
Be Celebrated.

WASHINGTON TIMES BUREAU.
ALEXANDRIA, VA., JUNE 24.—The United States court for the eastern district of Virginia, with Judge Edmund Wadill presiding, will convene in this city next Monday, July 1. Many cases of infractions of the internal revenue laws will be heard at this time.

Of particular interest to Alexandrians is the trial of H. Linden Wheatley, a young postal clerk, who was arrested about two months ago by Inspector Mosby, just as he had finished his work for the day and had left the office. Mosby accused Wheatley of the theft of \$8, which had been placed in a decoy letter and sent here. A search revealed the money, which Mosby identified. For several years past there had been complaint of thefts of various amounts of money from the mails at this point, and every employee was watched, probably with the exception of Wheatley, who was regarded by Postmaster Egghorn as his most efficient man.

The young man was subsequently indicted by a Norfolk grand jury. He will be represented by Attorney C. E. Corrigan.

It is not expected to assemble a grand jury at this session of the court.

The electrical storm that passed over this city shortly after 1 o'clock yesterday afternoon did considerable damage, many trees being blown down, and a number of telephone lines put out of commission. As if in refutation of the old adage to the effect that lightning never strikes twice in the same place, that experience was undergone by John Gorham and family, who live on Washington road, Alexandria, a bolt shattering the south side of his house. The occupants were stunned, but not seriously injured. A week ago, the chimney of the same house was struck.

Another bolt struck the house of John Grauman, near by. No damage was done.

Arrangements for the Fourth of July celebration at George Washington park are progressing satisfactorily. Invitation was made today to members of the National Press Club to be present on this occasion.

The poles for the tournament were erected today. Many entries have already been received from the air knights, who will participate for the prizes which have been offered.

Invitations for the marriage of Miss Eloise Morselle Roberts to Augustus Wedderburn, son of Mr. and Mrs. Alexander J. Wedderburn, have been issued by Mrs. Richard Roberts, mother of the bride. MORE CARS NEEDED FOR ORPHANS DAY FEATURE THURSDAY

Races At Laurel and Week-
end Trips Also Of In-
terest To Motorists.

By HARRY WARD.

With the annual Orphans' Day celebration Thursday by the Automobile Club of Washington, the motor car races at Laurel Friday and Saturday and preparations for week-end trips over July 4, the motorists will have a busy week. Offers of cars in which to carry the orphans to Glen Echo have been made by many motorists, but the committee still requires twenty-five or thirty more cars in order that every orphan in the city may take part in the celebration. Any automobile owner desiring to lend his car for Thursday afternoon should communicate with Rudolph Jose, captain of the Automobile Club, or the automobile editors of the Washington newspapers.

The fact that "Wild Bob" Burman is scheduled to perform on the Laurel track the last two days of this week has excited the interest of racing fans here, and it is expected a large crowd from this city will be on hand to see the "speed king" perform. The program is the most extensive ever offered in this section, and as there are a number of open events for amateur drivers, the well-known "speed merchants" of this city are likely to enter.

Charged with the theft of a slot machine from the Martha Washington hotel, Michael Re
