

# ROOSEVELT READY FOR ATTACK UPON LA FOLLETTE TODAY

Scored Wilson Last Night in Duluth, and Is Now Ready for Senator.

ST. PAUL, Oct. 11.—"I think we have the Middle West our way," ventured Colonel Roosevelt today as his special train stopped here. His managers assure Roosevelt that he will carry Wisconsin and Minnesota, which pleased the candidate greatly. The colonel intends to deal vigorously with Senator La Follette during his trip for the next two days.

"If any one who professes to believe in Progressive theories works against the third party," said the colonel today, "he is not a true Progressive." Roosevelt is billed for only a few speeches today on his way to Oshkosh, Wis., where he appears tonight.

Hits at Wilson. Colonel Roosevelt's speech at the Duluth Auditorium meeting last night was devoted to discussion of Governor Wilson, the Democratic nominee for President. As the colonel said himself, it contained "two punches." The punches were at Wilson.

The big crowd received the speech with wild approval. There were 8,000 in the hall, and almost as many in the street. No other candidate for President had ever had such a reception as was accorded the Bull Moose when he entered the city.

In part, the Progressive candidate said: "The other day Mr. Wilson, in Gary, Ind., announced that the United States Steel Corporation was supporting the Bull Moose ticket, saying: 'It is to the interest of these gentlemen that monopoly be maintained; and they are supporting the Bull Moose party because the Bull Moose party expects to maintain monopoly.'"

"In Pueblo, Col., three days later, he repeated substantially the same statement, substituting, however, the word 'program' for the word 'party,' and asserted that corroborative evidence of that assertion was coming to him every day. At once challenged Mr. Wilson's assertion, stating that as far as he knew the only big man connected with either the Steel Corporation or the Harvester Company who is supporting me was Mr. Perkins."

"I stated that Mr. Wilson had no business to make such a statement unless he had the proof, and that if he had the proof I demanded that he make it public immediately, and that if he had not the proof then he should immediately retract his statement as being only honorable and mainly thing to do."

No Particle of Proof. "Mr. Wilson had no proof, he had not a particle of evidence, corroborative, or otherwise. He could not make his statements good, and he would not manfully retract them; so he made public an explanation in which he said in reference to the United States Steel Corporation: 'What I meant was they are supporting him with their thought.'"

"Mr. Wilson is not a mind reader. I have not the slightest interest in his belief as to what the 'thought' of a trust magnate is. It is sheer nonsense to treat such an accusation as that Mr. Wilson made in Gary as being meant merely to imply that the Steel Corporation was supporting me with its 'thought.'"

Stand on Immigration. "I call your attention to what Mr. Wilson has said compared with what he now says on the question of immigration, and especially the immigration from the eastern and southern Europe. In the Atlantic Monthly for November, 1908, in an article on 'Character of Democracy in the United States' he says:

"The union of strength with bigness depends upon the maintenance of character, and it is just the character of the nation which is being most deeply affected and modified by the enormous immigration which year after year pours into the country from Europe."

"Our own temperate blood, schooled to self-possession and to the measured conduct of self-government, is receiving a constant infusion and yearly experiencing a partial corruption of foreign blood. Our own equable habits have been crossed with the feverish habits of the restless world. We are unquestionably facing an ever-increasing difficulty of self-command with ever deteriorating materials, possibly with degeneration of fiber."

"In volume 5 of his history, on pages 213-214, he writes as follows: 'There came multitudes of men of the lowest classes from the south of Italy, and men of the meaner sort out of Hungary and Poland, men out of the ranks where there is neither skill nor energy nor any initiative of any intelligence; and they came in numbers which increase from year to year, as if the countries of the south of Europe were discharging themselves of the more sordid and helpless elements of their population.'"

"The Chinese were more to be desired as workers, if not as citizens, than most of the coarse crew that came from the eastern ports. The unlikely fellows who came in at the Eastern ports were tolerated because they usurped no place but the very lowest in the scale of labor."

Explanation Lame. "When asked to explain this in March last Mr. Wilson wrote to Mr. D. J. Sylvester in part as follows: 'I was in the passage alluded to deploring only the coming to this country of certain lawless elements which I had supposed all thoughtful Italians themselves deplored. I was thinking only of the men who have time and again threatened to give to that whole fine body of Italians who have enriched American life a reputation which they do not deserve.'"

Gov. Wilson Tired BY CHICAGO SPEECH. Candidate Sleeps Soundly While Train Bears Him to Ohio.

CHICAGO, Oct. 11.—Gov. Woodrow Wilson, of New Jersey, left at 2:25 o'clock this morning for Canton, Ohio. The Democratic Presidential candidate was tired out after one of the most strenuous days of his campaign, and was soundly sleeping in his car long before the train left the yard.

Women Will Help Democratic Funds. The District branch of the Woman's National Democratic League is forming plans to charter a theater within the next two weeks. The proceeds of the sale of seats will be donated to the Democratic national committee as campaign funds. At a meeting last night Miss Jessie L. Lane and Miss Margaret Gage were selected to make arrangements.

An address on the founding of the league was made by Miss Katherine Montgomery Danby, president of the local branch.

# COLONEL WILL CUT INTO SOCIALISTIC VOTE NEXT MONTH

Leaders Admit That Progressive Movement Will Hurt Their Party.

The Socialist vote is going to be cut into heavily as the result of the Progressive party movement this year. The best evidence on the point is the admissions of the Socialist leaders themselves. They fully expect it and frankly say it.

The Socialists were expecting this year to roll up a million votes in the country. That is, they were expecting to do so before the nomination of Roosevelt by the Bull Moose party. Now they have given it up.

They will consider themselves fortunate if they obtain a total vote of 600,000 to 700,000. In other words, they calculate that several hundred thousand votes which would have gone to them will turn to the Progressive party. Four years ago, the Socialists rolled up a vote of 2,000,000. They were hoping to do better than double it this year. They calculated, before the conventions, that if the Republicans renominated Mr. Taft and the Democrats put up a conservative, conditions would be the best possible for concessions to their voting strength.

Can Support Progressive. But the situation with the Progressive party and Colonel Roosevelt in the field is radically different. This does not mean that the Socialists look on the Progressive party as socialistic, or on Roosevelt as a Socialist or near-Socialist. What it does mean is that the Socialist leaders realize that a great many people who are dissatisfied with present industrial and economic and social conditions, who would otherwise have expressed their protest by voting for the Socialist ticket, feel that

the Progressives offer a platform which they can support. That there will be an actual reduction of the simple Socialist strength in this country as the result of the Progressive movement is flatly denied. "That is impossible," say the Socialist leaders.

They point out that lately the Socialist party has been getting large accessions to its voting strength from people who protest against the old party programs on industrial, economic, and social lines, but who, while protesting, are not willing to subscribe to the tenets of socialism and actually become a part of the Socialist group. Members of the Socialist body proper in this country, the leaders say, will under no circumstances go with the Progressive party.

Situation in House. The political conditions are bad for the Socialists, not only with respect to the Presidential situation, but with respect to Congress. Some months ago Socialist leaders were hoping they could get a half dozen or more seats in the House of Representatives in this campaign. Now they do not expect it. The indications are that Congressman Victor Berger of Wisconsin, the only Socialist now in Congress, will not be returned. At any rate, he has a hard fight on, and if he pulls through, will probably be the only member of his party running for the House that does.

Democracy Meet. A Democratic rally was held in Capitol Heights, Md., last night, at which Robert L. Montague and Hugh L. Hammons, chairman of the Executive Committee of the Democratic Club of Baltimore, were the speakers of the evening.

James Eschey-Smith and Thomas Monahan were the speakers at the weekly open-air rally of the Democrats of Mt. Rainier, last night. The tariff question was the chief topic of discussion. William B. Hill of Brentwood, Md., was chairman of the meeting.

Another Democratic rally will be held at Mt. Rainier October 22, with Congressman T. H. Rubin of Alabama, the speaker of the evening.

Postmaster General Waives Legal Rights. Postmaster General Hitchcock has sent to the New York courts formal notice waiving the lack of jurisdiction of the courts over the person of a Cabinet officer in the injunction proceedings brought by the Journal of Commerce to restrain the enforcement of the newspaper publicity law.

The Postmaster General took this action to make it plain to the courts that he would not stand on technicalities, but was anxious to have a decision.

# HOTEL ATTACHES ASKED TO TELL ABOUT IRON MEN

Appear in Court Room at Trial of Dynamite Case.

INDIANAPOLIS, Oct. 11.—Establishing the alleged movements of some of the accused iron workers by means of telegrams and telegraph company employees, the Government today expected to prove the same movements by a small army of hotel attaches and clerks. Half the little court room was filled with hotel clerks when court opened, and the district attorney said there were more to come.

After the telegraphs were through and District Attorney Miller was ready for the hotel contingent, McManis was brought into the court room from the marshal's office, and was ordered to stand up, that all witnesses might see him.

Harry M. Spinning, an under sheriff of Los Angeles, then identified several photos of the McManis, the district attorney declaring that as those two defendants were in San Quentin they would have to be identified by photographs.

# ELDERLY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU

Harmless, gentle "Syrup of Figs" is best to cleanse your stomach, liver and 30 feet of bowels of sour bile, decaying food, gases and clogged-up waste.

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to; who like the easy chair. You, whose steps are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active.

Don't regard Syrup of Figs as physic. It stimulates the liver and bowels just as exercise would do if you look enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural, and gentle.

When eyes grow dim you help them. Do the same with your liver and bowels when age makes them less active. There is nothing more important. Constipation, clogged bowels mean decaying, fermenting food is clogged there, and the pores or ducts in these

thirty feet of bowels suck this decaying waste and poisons into the blood. You will never get feeling right until this is corrected, but do it gently. Don't have a bowel washday; don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself, for Syrup of Figs is composed of only luscious figs, senna, and aromatics, which make it pleasant to take.

A teaspoonful tonight will gently, but thoroughly, move on and out of your system by morning the sour bile, poisonous fermenting food and clogged-up waste matter without gripes, nausea, or weakness.

Get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with contempt, any other Fig Syrup unless it contains the genuine prepared by the California Fig Syrup Company. Read the label.
