"After trying several remedies without much benefit a friend that had been cured by Cuticura Soap and Ointment told me and I decided to try them. I was afflicted about a year before I used Cuticura Soap and Ointment and after using them three weeks I was getting better and in less than three months, after using eight cakes of Cuticura Soap and five boxes of Cuticura Ointment, I was completely cured of eczema." Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

How the Remedy for Catarrh Was Discovered. THIS terrible disease has raged unchecked for years simply because symptoms have been treated while the vicious germs that cause the trouble have been left to circulate in the blood, and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly, he could not prevent the trouble beginning all over again.

On test cases, he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat, the real cause of the disease was overlooked and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that kills the germs in the blood and immediately gives relief to the nose and throat.

He perfected the New Combined Treatment, since admitted by the logical, new, scientific method. Keese Jones, of Scranton, Penn., says that after trying many other treatments, he used this new method and "my nose is now entirely clear and free and I am not bothered by the disease any more. The New Combined Treatment is worth its weight in gold."

Temporary relief from catarrh may be obtained in other ways, but the New Combined Treatment must inevitably be accepted for permanent results. Sarah J. Cape, Mount Pelic, Tenn., says, "I suffered the pains and distress of catarrh for thirteen years and needless to state, tried nearly every method. But by your new method I was completely cured and you cannot imagine the joy that has come over me."
