WILL LEAD MEETING

DR. COL A. SMITH KING, Chairman of the Congressional committee, who will preside at the meeting of the District branch of the National Council of Women Voters, Thursday evening, at the home of Mrs. Fred W. Clemons, Seventeenth and T streets northwest.

Treaty and National Honor. His was a dissertation upon the sacredness of treaty obligation, a history of the Clayton-Bulwer and the Hay-Panama treaties, interspersed with pleas based upon the national honor and the necessity for following the President, who is this nation's spokesman on all foreign affairs.

History-Making Occasion. The 1910 contest, however, was a partisan affair. The President of the United States was but an onlooker. On the one side was a solid Republican phalanx; on the other Champ Clark, Oscar Underwood, Victor Murdock, George W. Norris, with their respective partisan followers.

With the average Democrat, it is a question of whether he will follow Clark and Underwood, who led the Democratic "out of the wilderness" four years ago, or the "new Messiahs," Woodrow Wilson, upon whom the hopes of Democracy for continued supremacy largely rest.

Today's fight also will make history, for there is underlying it all the great issues of party solidarity or party disunion. The Democrats assumed control in the succeeding election, and they have held it ever since.

That the Administration has the votes to put over the repeal, despite the tremendous potency of Champ Clark's speech, is not doubted as the discussion continued this afternoon.

To Sore Feet Victims Here Is Welcome News

The following is absolutely the surest and quickest cure known to science for all foot ailments: "Dissolve two tablespoonfuls of Calceide compound in a basin of warm water. Soak the feet in this for fully fifteen minutes, gently rubbing the sore parts.

The effect is really wonderful. All soreness goes instantly and the feet feel delightful. Corns and callouses can be peeled right off. It gives immediate relief for sore bunions, sweaty, sorely and aching feet. A twenty-five cent box of Calceide is sold to be sufficient to cure the worst feet. It works through the pores and removes the cause of the trouble. Don't waste time on uncertain remedies. Any druggist has Calceide compound in stock, or he can get it in a few hours from his wholesale house. Prepared by Medical Formula Co., Chicago, Ill., and Dayton, Ohio.—Advt.

Close Observers Say Controversy Over Tolls Is Weakening Grip on Congress. By JOHN SNURE. Close observers of the legislative and political situation in Washington are freely expressing the belief now that from this time forth President Wilson's grip on Congress will grow weaker.

They see in the bitter controversy over the proposed repeal of exemption from tolls for American ships in the coast trade, through the Panama canal, the most distinct symptom that the influence of the new Executive over the legislative branch of the Government has passed its zenith.

In the casual controversy not only are a large number of the Democratic members of the Senate and House strongly opposed to the position of the President, but such powerful factors as Speaker Clark, Leader Underwood, Chairman Doremus, of the Democratic Congressional committee; Senator O'Gorman and Senator Chamberlain are flatly against repeal.

Real Test of Power. President Wilson's repeal bill will be passed by the House and by the Senate. But this is not the real test of his leadership. The real question is how far the strenuous use of the Executive influence to drive this bill through Congress is going to weigh in the hold the President has on a large share of the Democrats and how far the men in Congress who revere themselves on the Baltimore platform and set their eyes on the White House as their previous record on free tolls in Congress are going to lose strength at home.

The Administration and the Democrats who are fighting the repeal bill "is the way a good many Republican and Progressive politicians are talking, 'by the way, they'll lose by winning.'"

Those who take this view say the Democrats will suffer at the polls by repeal and the President will lose much of his hold on Congress by compelling the repeal bill's enactment.

Experience of the Past. It is the experience of Presidents to lose their hold on Congress more and more as their Administration grows older. Roosevelt wielded a powerful away over Congress in the earlier days of his Administration. But toward the close of it he was unable to drive it into submission.

President Taft could have anything he wanted from Congress at the outset of his administration. But he lost caste in signing the tariff bill and in his unfortunate espousal of such legislation as that proposed in the original commerce court bill of 1908-10.

It is the way of members of Congress to do most anything for an Executive until the jobs are gone or until they grow scarce or until they are dispensed in a fashion which they disapprove.

Then the duty to uphold the hands of the Executive is seen in a new and different light. Just when the administration is most perceptible in the case of the Wilson Administration is a matter of opinion.

As many see it, the canal tolls controversy will mark the turning point.

Arraigned in Police Court today thirteen of the two score or more loan company managers and agents, charged with violations of the loan laws, pleaded guilty and accepted the terms of the District prosecutor. All of the defendants paid fines of \$100 each in the first offense. In the second offense charged against each of them a sentence of thirty days in jail and a fine of \$300, with sixty days additional in jail in default of the payment of the fine, was imposed by the court.

Execution of this sentence was suspended, the defendants being placed on probation on promise that they would agree to accept no more than 75 per cent of the money involved in the illegal transaction.

Those who paid fines were: Joseph F. McMillen, trading as the New York Loan Company; Ernest L. Whitford, as manager of the Arlington Loan Company; Mark H. Two Dollars to Be Awarded Boy or Girl Who Turns in First Subscription.

By the PRIZE EDITOR.

Who is the boy or girl who will get the \$2 bonus for bringing in the first prize subscription to The Washington Times when the contest opens tomorrow morning?

The subscription need be only for one month, but must be on one of the contest blanks, which may now be obtained at the business office of The Times, on the first floor of the Munsey building. Maybe it will be necessary to call out the reserves to preserve order tomorrow morning, for from the number of applicants for the subscription blanks who have been at The Times office, it looks as though it would be a race for the front door.

The feature which should appeal to every boy or girl is the fact that there are no blanks in the contest—no bringing in of only one subscription will receive a prize, but the value of the prizes varies with the number of the subscriptions, you can get almost anything you want, or if you do not want prizes, you may ask for gold—and get it.

WIFE FILES SUIT AGAINST SIEGEL

NEW YORK, March 31.—To cap the climax of his business troubles, suit for divorce will be filed here today against Henry Siegel, former merchant prince, whose financial collapse has involved not only thousands of depositors in his bank, but also threatens to cripple the social career of his wife, Marie Siegel.

It is to protect her claims to a \$5,000-a-year settlement, that Mrs. Siegel's divorce papers will be formally filed this afternoon by her lawyers, Rockwood & Halldane. Today they declared that further insight into the life of the Siegel family will be given this afternoon, when the papers are filed in court.

Misconduct by Siegel with two women co-respondents are named by Mrs. Siegel's lawyers. Siegel, at the Hotel Majestic, refused to be seen in connection with the case.

600 COAL MINES SUSPEND IN OHIO

Wage Scale Deadlock Brings Idleness to 50,000 Men. Conference Fails.

COLUMBUS, Ohio, March 31.—Ohio miners stood firm today and 600 coal mines, employing approximately 50,000 men, will suspend operations late this afternoon because of the failure of the miners and operators to reach a new wage scale agreement.

Officials of the United Mine Workers today declared the miners do not want to suspend work. They suggest a referendum to decide on a satisfactory wage scale. Operators, however, decline to wait, declaring: "We cannot run the mines without knowledge of what the coal will cost."

Duration of idleness is dependent upon the outcome of further negotiations for a wage scale and on a test suit to determine the constitutionality of the Ohio mine run basis payment law effective May 15.

Thousands of miners in the Hocking, Jackson, Crookville, Zanesville, and Pomeroy mine districts of Central Ohio laid down their tools today. Two thousand men in the Belmont and Jefferson districts of northeastern Ohio quit work yesterday, while 2,000 more in the Tuscarawas field prepared to walk out early this afternoon. Thousands more will experience enforced idleness before night.

The operators were a unit today in reiterating the charge that the Ohio mine-scales law proved to be the stumbling block which precluded an agreement on a new wage scale.

Madrid Parliament Opens.

MADRID, Spain, March 31.—What is expected to prove the most progressive and radical parliament ever convened in Spain opened its sessions today. Premier Dato reiterated his prophecy that many social and political reforms will be passed.

LADIES! LOOK YOUNG! DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and No-body will Know. Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching, and falling hair, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two the natural color is restored, and it becomes thick, glossy and lustrous, and you appear years younger.
