

A Day of Wonderful Value-Giving will mark the Opening of Our New Addition

A Newspaper Clipping

—From the Washington Post

A New Building for Furniture, Rugs, &c.

The new building is being erected only because of a demand—the business here in furniture and other home needs has greatly outgrown the present building. It would seem that the furniture business of the near future will center in the department store, and in Washington the store will be the Palais Royal.

Dear Madam:

You are cordially invited to attend the demonstration
