

WILSON PRACTICALLY SURE TO RETURN AGAIN

Opposition Among Democrats to His Renomination Has Died Away.

By JOHN SNURE. Talk that President Wilson will have serious opposition in his own party for renomination, which was rife at the beginning of the year, has practically died away.

The President is reasonably sure to be re-nominated in 1916 without a struggle, unless there is a decided shift in the present situation.

At one time, there was a movement for the nomination of Champ Clark, undoubtedly encouraged by some of the friends of Mr. Clark, but there is reason to believe that this movement has been halted.

Speaker Clark himself is not disposed to get into the race. That is, he is willing to allow President Wilson to be re-nominated in 1916, but he is not disposed to run for the office himself.

Democratic leaders about the Capitol talk unreservedly about the 1916 outlook, and say frankly that the prospects for 1916 are not bright, and that they look to see the country swing back to the Republicans.

The general trend among the Democrats in Congress is blue. However, the 1916 campaign is twenty months away, and many things can happen in that time.

End of the European war, his revival in business, legislative action which would appeal to the country, and the development of both Democratic and Republican leaders, might send the tide running strongly in the Democratic direction.

President Wilson's renomination of President Wilson within the Democratic circles here is of two kinds. The admirers of the President, who are the only Democrats who stand any show of leading the party to another victory.

As a matter of fact, the analysis of the figures of the 1914 election, the view of many of the Democrats that they cannot win in 1916, and the fact that the Progressive party should continue strong, or if the remnants of this party should divide, the Democrats would stand a good show to win.

Democrats Have Chance. The unofficial figures of the 1914 election show the Democrats the country over polled 6,244,962 votes; Republicans, 6,014,774; Progressive party, 1,906,417, and Socialists, 67,605.

The Democratic vote in 1914 was about 22,000 more than in 1912. The Republicans gained about 1,500,000 votes, and the Progressive party lost about 1,000,000 votes.

As a matter of fact, the analysis of the figures of the 1914 election, the view of many of the Democrats that they cannot win in 1916, and the fact that the Progressive party should continue strong, or if the remnants of this party should divide, the Democrats would stand a good show to win.

President Wilson undoubtedly was correct when he said at Indianapolis in effect that everything depended on the independent vote.

ASKS RATIFICATION OF 3 NEW TREATIES. Senate Committee Reports on Negotiations for Naval Base on Gulf of Fonseca.

Congress will be asked to ratify treaties recognizing the rights of Costa Rica, Salvador, and Honduras, as well as Nicaragua, in the Nicaraguan canal route in the Gulf of Fonseca, as a result of representations of these countries that they should have a part in negotiations now pending between the United States and Nicaragua.

A new treaty with Nicaragua, providing for the construction of a new Nicaragua Inter-oceanic canal route and for a naval base site on the Gulf of Fonseca, has been favorably reported by the Senate Committee on Foreign Relations. Costa Rica also claims rights in the canal and negotiations for a new treaty have been begun which, it is understood, will provide for the payment of \$1,000,000 for Costa Rica's rights.

This treaty will be submitted as an amendment to the pending Nicaraguan treaty. Salvador and Honduras, while making no claim of ownership in Nicaragua canal rights, set claim to part ownership in the waters of the Gulf. Their diplomatic representatives set forth the claim that the United States should recognize their rights before acceding to a treaty for a naval base in the Gulf.

Secretary of State Bryan was led to give his consent to enter into treaty negotiations with Costa Rica, Salvador, and Honduras, in the interest of preserving friendly relations with the three Central American governments. He is expected to visit Central America at the time of his trip to Panama in March, in connection with the official opening of the canal.

Davis set to sign part of his vaudeville salary to the fund for the hotel. A vote of the hotel inmates decided the matter.

EX-SOCIALIST VIEWS PARTY AS A MENACE. David Goldstein Assails the Teachings of Marx and Engels During Lecture.

Attacking Socialism as "atheism in its modern garb," David Goldstein, of Boston, formerly a leader of the Socialist party, vigorously opposed the teachings of Marx, Engels, and others in an address on "Christianity vs. Socialism" in Gonzaga College Hall last night. The lecture was under the auspices of the Knights of Columbus. Mr. Goldstein said that the teachings of Socialism were the cause of the disruption of the Christian family, and that the doctrines of "free love" and "materialism" for morality and the eternal theory of religion.

"Socialism," he said, "is atheism in its modern garb, and the Socialist party platforms do not contain the underlying principle of the doctrine. This is contained only in the writings of prominent Socialists which are circulated as the truths upon which the party foundation rests." These leaders advocate free love and atheism. They seek to have Socialism rule the state with the hand of the state.

Mr. Goldstein gave a lengthy discussion of the causes of the European war and declared that the struggle as well as the industrial troubles of the United States are the result of Socialism. He refused to apply the principles of Christianity.

BALTIMORE MAY GET FIRST BRANCH BANK

Federal Reserve Board Not Likely to Take Center From Richmond.

The city of Baltimore may, in the near future, be given the first branch bank to be created under the Federal Reserve system. Baltimore will not, however, obtain the reserve bank for the Fifth district, which is now in Richmond.

No official action with respect to these two matters has been taken by the Federal Reserve Board as reached no formal decision on the Baltimore protest against the location of the district reserve bank in Richmond. It is practically assured, however, that such action will be taken.

According to information gleaned at the Treasury Department members of the Federal Reserve Board are not inclined to look with favor upon the Baltimore protest which would necessitate the Federal Reserve district in which these two cities, as well as Washington, are located.

Establishment of a branch bank in Baltimore was considered by the board some time ago, but action was postponed until the formal protest of Baltimore against the location of the branch bank at Richmond had been disposed of. It will be considered with the Pittsburgh protest against the location of the branch bank in Cleveland and a decision reached at an early meeting.

The creation of branch banks in any city where such a course is considered necessary or advisable is provided for in the Federal Reserve act, such branch banks to serve the immediate territory or commercial center in which they are located. The Baltimore branch would permit Washington bankers to operate with the Baltimore branch has not been decided.

The chairman of the various committees of the day, Mrs. C. V. Burns, art president of the National Parent-Teacher Association, and chairman of the rural and suburban committee, Mrs. J. H. Hannen, plans to visit providing home gardens for school children.

Mrs. Anne B. Smith, chairman of the vocational committee, reported most satisfactorily on the investigation toward the establishment of vocational training in all of the grades of the city schools.

Mrs. J. L. Wilmet, president of the Mothers Home and Education Association, and chairman of the committee on school children's diet, reported that arrangements would shortly be completed for demonstrations and a course of lectures on this subject which her association expects to start in the spring.

Two Ex-Presidents In Defense Move

Roosevelt and Taft Recruited in Ranks of Army League's Campaign.

Two former Presidents have been recruited in the ranks of the Army League's national defense campaign, according to letters made public today by Frederick L. Hudekoper, secretary of the organization.

One is from Colonel Roosevelt to Mr. Hudekoper, while the other is from ex-President Taft to former Secretary of War Henry L. Stimson. The letter from Colonel Roosevelt is as follows: "I am glad to hear that you are organizing the Army League through you on the work it is doing. No organization in our country is fighting for a worthier and more patriotic cause. I will give you all the support in my power to urge every far-sighted and wise citizen of the United States who loves his country to join your organization. With heartfelt good wishes, Taft reads: "The letter from Taft reads: Frederick L. Hudekoper is taking part in the question of a common-sense improvement of the Federal Reserve Bank. He has written articles on the subject of the army that showed a very satisfactory and comprehensive knowledge of the subject. His military defense, and what seemed sensible suggestions as to the methods of improvement. I am quite sure that the Federal Reserve Bank will be improved in a way that will not favor either militarism or supine neglect."

'Movies' Hypnotize, Declares Preacher. 'Incite and Pervert Emotion' Declares Cleveland Pastor After Investigation.

CLEVELAND, Ohio, Jan. 25.—"Mental thrills caused by sensational motion pictures deteriorate the mind. Fifty per cent of moving picture films today hypnotize and lead to crime. They are morally dangerous. They incite and pervert emotions. Nothing in the films is normal. Everything is exaggerated." These are the views of the Rev. Hugh Hiram "probing pastor," who investigated the influence of the movies, and has put his views before Mayor Newton D. Blackwell, on the basis of either State or municipal legislation.

Import No Beans, Export No Prunes, Prices Go Up. NEW YORK, Jan. 24.—The succulent prune, last seen when passing a price altitude of 10,000 feet, is to be boosted still a bit higher, wholesale grocers say.

There seems no way to blame this on the war. Few prunes have been exported since the war, whereas Germany used to purchase 50,000,000 pounds a year. But according to the Bureau of Census only 10,000,000 pounds in 1914, and with a population of 100,000,000 in 1914, it is not surprising that the price of prunes is so high.

Kuskokwim River Channel Found by U. S. Officials. Secretary of Commerce Redfield made the official announcement today that a navigable channel through the Barling River, at the mouth of the Kuskokwim River, the second greatest river in Alaska, has been discovered by Captain Luken of the Coast and Geodetic Survey.

The Kuskokwim is nine miles wide at its mouth and navigable for 600 miles. The submerged flats of the delta of this river extend for miles north of the mouth. The discovery of this channel will open up a new route for the commerce of that section of Alaska.

Secretary Redfield declares it is reasonable to suppose that the near future will see the Kuskokwim river of commercial importance comparable with that of the Yukon. There are large areas of mineral lands along the river with promising prospects for gold, silver, and copper. The discovery of this channel will open up a new route for the commerce of that section of Alaska.

Blood disorders are quickly checked by S. S. S., the famous blood purifier. It runs into blood and in three minutes has traversed the entire circulation. It penetrates to where the blood is made, it washes out those spots and places where stagnation occurs, it cleanses the membranes, drives irritation from the joints, fills the blood stream with antitoxin influence and from head to foot creates a new blood.
