

SUFFRAGE PAGEANT BIG RALLY FEATURE

Lifework of Susan B. Anthony to Be Shown as 5,000 Women Assemble at Capital.

To make ready for the big suffrage rally pageant to be held here when Congress convenes in December, field workers and organizers of the Congressional Union for Woman Suffrage are arriving in Washington almost daily and joining the busy corps of workers at Union headquarters, 1420 F street northwest.

For Mighty Demonstration. More than 5,000 women are expected to assemble in the National Capitol on the day Congress opens, and plans are being made for a mighty demonstration in support of the Bristol-Monroe, or Susan B. Anthony, suffrage resolution. Petitions from every State in the Union, urging the immediate adoption of the resolution, will be presented to both houses of Congress, it is stated, and every effort will be made to line up Senators and Congressmen collectively and individually for the cause.

Most Spectacular Event. A feature of the program is to be the Susan B. Anthony pageant, written by Miss Hazel MacKay of the union, which depicts the lifework of Susan B. Anthony. This, it is stated, will be the most spectacular event of its kind ever arranged for the woman suffrage cause. A recent arrival at Congressional Union headquarters is Miss Katharine Rolston Fisher, of California, who comes in the capacity of assistant editor of the Suffragist, the official organ of the union. Miss Fisher is immediately under Miss Lucy Burns, vice chairman of the union and editor of the Suffragist.

Musical for the Blind. Inmates of the Home for the Blind at 200 R street northwest will tonight be the guests at a musicale, where Miss Elizabeth Winston, well known as a pianist, will perform.

LAST CALL ISSUED FOR BOOSTERS' TRIP

Retail Merchants to Send Party Away Next Monday on Tour of Three States.

A final appeal is being made today by Secretary Charles J. Columbus of the Retail Merchants' Association, to the business men of Washington, who desire to take the automobile trade boosters' trip through Maryland, Virginia, and West Virginia towns next week, to send in their names and the \$10 to cover expenses. The party will leave Washington next Monday.

More than twenty-five automobiles have already been obtained to transport the boosters, and a number of auto trucks will be available for distribution among the residents of the country passed through.

Mr. Columbus is particularly anxious that each merchant who is to take part in the campaign send in at once data to be utilized in the special boosters' edition of The Times, copies of which will be distributed in each of the towns and cities visited.

CHINA TO ADVERTISE PRODUCTS OF U. S.

Slides Giving Information to Be Used in Illustrated Lectures Throughout That Country.

American manufacturers are given an opportunity to advertise their goods in China by means of motion picture slides, through an offer made to the Department of Commerce by David Z. T. Yui, honorary secretary of the commercial commissioners of China, who recently visited the United States. Mr. Yui, who is in charge of the Y. M. C. A. lecture department in China, has offered to show all such slides in illustrated lectures throughout China, which are a part of his work. He suggests that "the United States and China should join hands to make the best use of present opportunities."

In return, the Chinese commissioner urges that employment in American industries be given Chinese students, temporarily in this country, so that they may be given needed experience to supplement their theoretical knowledge.

Dr. E. E. Pratt, chief of the Bureau of Foreign and Domestic Commerce, in replying, expressed liveliest interest in Dr. Yui's suggestions and expressed a desire to witness their realization.
