

BRITISH RELEASE AMERICAN CARGOES

Recognition of Implied Contracts Decided Upon By Government.

Millions of dollars worth of German and Austrian goods consigned to American importers, but held up at neutral ports by the British orders in council, will be released as a result of the decision of the British government to recognize implied contracts for express contracts for the goods ordered. Half the thousand or more applications for the release of American goods hinged upon this question of the validity of "implied contracts."

SECRET RADIO DEVICE HIDES SHIP POSITION

Navy Department Succeeds in Attempt to Disguise Location of Transmitter.

Sending of wireless messages without revealing the location, even approximately, of the ship dispatching the messages has been accomplished by the Navy Department. This new advance in the sending of radiograms was achieved in the course of the recent war game of the Atlantic fleet.

B. & O. Will Build Large New Coal Pier

The construction of a new coal pier, equipped with loading towers and conveyor belts, the equipment being of a type new to the Atlantic seaboard, is to be commenced by the Baltimore and Ohio railroad at Curtis bay terminal, near Baltimore. The pier will be 700 feet long and 115 feet wide, and instead of being high above the water, as is usual in the case of such piers, will be only eight feet above high water mark.

G. A. R. Leaders Will Be Honor Guests At Banquet

The new senior vice commander-in-chief of the G. A. R., Col. George H. Slaybaugh, of this city, with Mrs. Mamie Palmer Dorsey, the new national junior vice president of the Women's Relief Corps, are to be the guests of honor at a reception this evening at the Ebbitt, given by the local Grand Army veterans.

Painful Swollen Veins Quickly Relieved and Reduced

Mrs. F. M. Remier, of Federal, Kansas, writes a most interesting account of her success in reducing a severe case of enlarged veins that should be encouraging to others similarly afflicted. She suffered with badly swollen and inflamed veins (in fact, one had broken), for more than seven years before she became acquainted with Absorbine, Jr., and used it. Absorbine, Jr., was faithfully applied for several weeks, and, to quote from her letter, "The large knots in the veins left, it was all nicely healed, and has not bothered me since."

THE BEST Photoplay Department in WASHINGTON

Actress Admits the Photoplay Has Taught Her Lesson

Ethel Barrymore has learned something from motion pictures that she will convert into material for her work on the stage. She has stored up a bit of experience which she can utilize in future stage productions. The incident, while it relates solely to Miss Barrymore, is of interest to all photoplay patrons because it tells something of the difference between working for the pictures and the single audience of the theater.

She Repeats After Her First Arrest

Washington patrons of the photoplay who have seen "The Woman Hater" in which Ethel Barrymore plays a large company of Essanay players are presented, will be interested in a story that just comes from Chicago regarding the making of that picture which conclusively proves that however strong the dramatic spirit might be it cannot overcome the weakness of the flesh. The story of the play was written by Hobart Chaffield Chatfield-Taylor, a wealthy Chicagoan, and the things which do not always equal each other, and which give Mr. Chatfield-Taylor distinction even outside of his native town. As he is almost as well known in Washington as he is in Chicago, he doesn't really need this distinction.

Don't Use Curling Iron! Here's a Better Method

(Woman Beautiful) By no means use a heated iron. It makes the hair dry and dead looking, giving a most unbecoming appearance. After brushing the hair thoroughly, just dip a clean tooth brush in a saucer of plain liquid ammonia and run it through the parts of the hair to be curled. Do this at bedtime and you will be quite surprised when you behold yourself in the mirror next morning. The hair will be beautifully wavy and curling and the effect will appear altogether natural. You will have no trouble in doing up your tresses in the style you desire and they will look and feel fluffy and comfortable. You need not hesitate to use pure liquid ammonia, which you can procure at any drug store, as it is perfectly harmless and will leave no greasy,ummy or sticky trace. A few ounces will last for months.—Adv.

Thin Folks Who Would Increase Weight

Thin men and women—that big, hearty, filling dinner you ate last night. What became of all that fat-producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food doesn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation are sadly out of gear and need reconstruction. If of every year you've tried to put on weight has failed, try this simple diet. Cut out everything but the meals you are eating now and eat with

Miss Jones Descends Ladder; Made Mrs. Schnell by Judge

WHITE PLAINS, Oct. 14.—Dead of night, father wealthy and renowned, twenty-year-old sweetheart, a long ladder and a tap on the lady's window pane, down the ladder with only a night dress and shawl as going away garments, a wild taxi ride across country and finally the country justice coming down in his bathrobe and ties the knot—all this the real thing and not a movie director with a bit to do with it. Miss Florence Jones was the young lady—was because now that all is over she is Mrs. Clifford Schnell. Young Mr. Schnell, the not-to-be-stopped bridegroom, is a son of Dr. Edward A. Schnell, of Round Hill, Greenburgh, Conn. Robert G. Jones, father of the bride who eloped while he slept, owns many acres of farm land around Greenburgh, from which for reasons of his own he had selected to bar the attentive young Mr. Schnell.

Favorite Becomes Home Club Business Manager

Benjamin Favorite has been appointed business manager of the Home Club of the Interior Department, succeeding G. K. Weston, who resigned to organize co-operative purchasing clubs among Government employes. Mr. Favorite left the Geological Survey to devote his entire time to extending the work of co-operative buying for the benefit of Home Club members.

Thin Folks Who Would Increase Weight

every one of those single Sargol tablets. In two weeks note your weight. Sargol does not of itself make fat but mixing with your food its purpose is to help the digestive organs turn the fats, sugars and starches of what you have eaten, into rich, ripe fat producing nourishment for the tissues and blood—prepare it in an easily assimilated form which the blood can readily accept. A great deal of this nourishment now passes from thin people's bodies as waste. Sargol is destined to stop the waste and make the fat producing contents of the very same meals you are eating now develop pounds and pounds of healthy flesh between your skin and bones. Sargol is non-injurious, pleasant, efficient and inexpensive. J. & O'Donnell Drug Co. is authorized to sell in large boxes—forty tablets to a package—on a guarantee of weight increase or money back.—Adv.

SOUTHWEST WANTS CIVIC BOARD POSTS

Citizens Also Go On Record For Establishment of Four Armories in Washington.

The establishment of armories in the four sections of the city, the abolition of gas street lamps and cobblestone paving, and the appointment of southwest Washington citizens on the civic boards of the Capital are improvements most desired by the residents of southwest Washington. It was brought out last night by speakers at the open meeting of the newly organized citizens' association of that section in the Jefferson School. H. Martin Williams, reading clerk of the House, and Dr. C. M. Emmons, president of the East Washington Citizens' Association, with B. F. Lindas, president of the southwest organization, spoke. Mr. Williams declared that the abolition of the personal tax would aid materially in the welfare of the residents of the Capital. He said if the taxes assessed against business houses are reduced the merchants will be able to sell goods much cheaper. He contended that the consumer ultimately pays all taxes.

Orduna, Hesperian, and Von Papan Cases Closed

The Orduna and Hesperian cases are regarded as closed, according to State department officials, and the von Papan incident likewise has passed into history. The State Department does not plan to prosecute.

Washing Won't Rid Head Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it gently with the finger tips. Do this every night, and by morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp with stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv.

further notes to Germany regarding the two vessels, and it is expected that Captain von Panan will be recalled by the German government without action being taken by the United States. Inability to establish conclusively that the Hesperian was torpedoed and the acceptance of Germany's explanation of the unsuccessful attack on the Orduna are the reasons given for this Government's decision.

INDIGESTION AND STOMACH MISERY JUST VANISHES

The moment "Pape's Diapepsin" reaches the stomach all distress goes.

Instantly stops any sourness, gases, heartburn, acidity, dyspepsia.

"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn, and sourness in five minutes—just that—makes Pape's Diapepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapepsin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest, surest, and most pleasant stomach regulator in the world.

For Acid Stomachs Use Magnesia

Quickly Stops Sour Burning Feelings And Makes Digestion Painless. The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles, is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of many forms of magnesia such as oxides, citrates, carbonates, sulphates, etc., the most suitable and efficient, and the one prescribed by leading specialists is bisulphated magnesia, a teaspoonful of which in a little warm water immediately after eating will instantly neutralize the acid, stop fermentation, and thus insure painless normal digestion. Care should be taken to get bisulphated magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablets as well as in the ordinary powder form. Stomach sufferers and dyspeptics who follow this plan and avoid the use of poplin, charcoal, soda, mints, drugs, and medicines are invariably astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.—Adv.
