HOT TEA BREAKS A COLD—TRY THIS!

Get a small package of Hamburg Breakfast Tea, or as the German folks call it, "Hamburger Brunt Thee" at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve, and drink a tea-cup full at any time. It is the most effective way to break a cold and cure grippe, as it opens the pores, relieves congestion, also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Adv't.

**Special Announcement of the Friday Sale of Men's Pajamas and Night Shirts**

These semi-annual offerings have always been attractive. They are doubly so at this time in view of the advance cost of material of which the garments are made. From an economic point of view the present sale is perhaps the most interesting we have ever announced in garments of this sort.

All the different kinds of materials that enter into the make-up of sleeping garments are included in this sale. There are many different styles and trimmings. Not all sizes in any one style, but all sizes in the combined lot.

In many cases these garments are mused, and in the least way soiled, due to the process of making, and a very few in a slight way are damaged, but so trifling as to be of no consequence. These latter garments will be offered apart from the others.
