FAIR STATE ROOKIES BEGIN CAMP COURSE

Scores Arrive and Register Despite Drizzle—Hold-Over "Veterans" Promoted.

Today's drizzle did not prevent scores after scores of "rookies" from almost every State in the Union registering at the National Service School camp for the second course.

In feathers and silks and satins—and some few furs—they came burdened with hand luggage and blankets, to be rushed through the routine of registration and assignment to tents...

Here and there among the strangers walked little knots of "old stagers"—"veterans" who have "hold over" from the first course, and who have been given the task of initiating the fair recruits into the mysteries of camp life.

Among the many State delegations that arrived today were sixty girls from Baltimore and twenty from Savannah. Ten girls are expected tonight or tomorrow from California.

The Savannah contingent is under the direction of Mrs. Peter Meddin, one of the social leaders of the South. They are taking the course in order to fit themselves to conduct a similar camp near Savannah, Ga., in the fall.

Camp authorities today announced that the Chevy Chase camp idea has found so great a favor throughout the country that similar camps are being arranged at San Francisco, San Diego, Boston, Philadelphia, Baltimore, Savannah and Tuxedo Park, N. Y.

Opening Exercises at 3 P. M. The opening exercises for the second two weeks' course were held this afternoon at 3 o'clock. The recruits were addressed by Col. Robert M. Thompson, of the Navy League.

Among the young women who were present during the first course and who are remaining for the second are Miss Nina Gaither and Miss Phyllis Cleveland, of Baltimore; Miss Helen Joy, of Belknap; Miss Georgia Williams, of San Francisco; Miss Eudora Clover, daughter of Rear Admiral Clover; Miss M. W. Baker, of Pittsburgh; Miss Alberta Ivers, of Englewood, N. J.

Field and Staff Officers. The field and staff officers of the camp for the next two weeks include: Commandant—Miss Elizabeth Elliott; Honorary commandants—Mrs. George Dewey, Mrs. Hugh L. Scott, Mrs. George Barnett, Mrs. Charles Belknap, Mrs. Helen Joy, Mrs. Gibson Fahnestock.

Adjutant—Mrs. Vylla Poe Wilson. Inspector and quartermaster—Miss Nina N. Gaither, of Baltimore. Aides—Mrs. Genevieve Clark Thomson, Miss Eudora Clover, Miss Mary W. Baker, Miss Helen Joy, Miss Albert Peters, Miss Francis Williams, and Miss Natalie S. Lincoln.

Company A—Captain, Mary Clark; first lieutenant, Miss Caroline Meldrum; second sergeant, Miss Catherine Crane; sergeant, Miss Nancy Barton.

Company B—Captain, Miss Emily Waterman; first lieutenant, Miss Margaret Damm; first sergeant, Miss Miriam Hubbard; second sergeant, Mrs. Charles Von Weise; sergeant, Miss Alberta Peters.

Company C—Captain, Miss Georgia Schofield; first lieutenant, Miss Elizabeth Jencks; first sergeant, Miss Joseph Foster; second sergeant, Miss Mary Martha Wiley; sergeant, Miss Sylvia Holt.

Company D—Captain, Mrs. Charles Belknap; first lieutenant, Miss Clara C. Davidson; first sergeant, Miss Francis Melver; second sergeant, Miss Miriam Barr; sergeant, Miss Lydia Taber.

WASHINGTON MEN AT TRAINING CAMP

Former Assisiant Secretary of State Bacon and Others at Fort Oglethorp.

Assignment at Range For Next Two Days

WEDNESDAY, MAY 17. Internal Revenue, 40 (4). Bureau of Engraving and Printing, 30 (3). Treasury Department, 40 (4). Winder Building, 10 (2). Florida Rifle Club, 10 (2). War Department, 100 (10). Department of Labor, 20 (2).

THURSDAY, MAY 18. Department of Agriculture Clubs, 100 (10). Army and Navy Union, 100 (10). State Department, 20 (2).

Rifle clubs in the United States have passed the 1,000 mark in number. The twenty-odd organizations which affiliated with the National Rifle Association yesterday and today brought the number to 1,016, 400 of which have been organized since January 1.

Major Fred H. Phillips, secretary of the National Rifle Association, this morning declared that many Washingtonians are attending the citizens' camp in progress at Fort Oglethorp, Ga., nine miles outside of Chattanooga, Tenn., and that many more are expected to register for the next two weeks of the course, which begins June 1.

Among the men at the camp now is Robert Bacon, former Assistant Secretary of State, who holds the rank of sergeant.

The country near Fort Oglethorp affords an excellent maneuver ground, according to Major Phillips. At the Fort Oglethorp camp the N. R. A. members are being drilled by the local rifle clubs, are being fired.

MAN 75, WOMAN 35, WED AT ROCKVILLE

Retired Policeman of South Washington Is the Bridegroom.

Wearing the real "bridegroom smile," seventy-five-year-old Silas D. Lewis, retired policeman, who slipped quietly away to Rockville, Md., yesterday with Miss Mary Helen Joy, thirty-five, and made her his bride, declared today that he "feels no older than other men of forty."

Mr. and Mrs. Lewis, who make their home at 1225 Four-and-a-half street southwest, did not take anyone into their confidence. They were married by the Rev. Samuel R. Whit of the Baptist Church of Rockville. The bridegroom was retired from the police force several years ago. He was detailed at the Fourth precinct for years and is one of the most widely known men in the southwest part of the District. He served for a number of years at the Harbor precinct.

Thrifty Autoists Use License Tag Together

MUNCIE, Ind., May 16.—The police here have discovered that some automobile owners have been "splitting" their license numbers, two cars thus bearing the same number and each owner only paying half of one license fee.

At various times it was noticed that automobiles had only a license number in the rear, none being on the front of the machine. When questioned, the automobilists often would say he had lost one of his number plates and had sent for a duplicate, whereupon he was permitted to proceed.

But the other day the officers found two automobiles with a single number plate each and both plates bearing the same numerals.

Honor Convicts Will Construct New Prison

SPRINGFIELD, Ill., May 16.—At a conference between Governor Dunne, Warden Williams, and the State Prison Commissioner Ryan, it was agreed that the honor system as now used in Joliet will be followed this summer in the construction of the new prison by prison labor.

The warden and commissioner wanted to know what the governor thought about possible changes, but he left it to them. They will use their judgment in determining whom they shall trust.

POMERENE URGES DISTRICT DELEGATE

Files Report Regretting Poindexter Bill Does Not Go Further Than It Does.

(Continued from First Page.) erment, State and National; he has a voice in the selection of his officers and, either directly or indirectly through his representatives, makes and enforces all laws, State and National, affecting life, liberty, and property.

"But here in the District of Columbia, in the shadow of the very dome of the Capitol itself, where our Chief Executive lives, and where the greatest court in the world and the two branches of Congress, controlling the affairs and the destinies of a hundred millions of people, live nearly 400,000 American citizens whose life, whose liberty, and whose property are under the absolute control of the executive, the Congress, and the judiciary, without any right to vote or to participate in the making or administration of the laws under which they live and move and have their being.

More Americans Than Some States. "More American citizens live in the District of Columbia than in any one of the States of Nevada, Wyoming, and Idaho, or New Mexico, yet Senators and Congressmen have waxed eloquent in their demands that the Territory of Alaska be admitted to the Federal Government shall have Statehood, and that our foreign possessions may have independence so that they may exercise their own destinies.

"Is it possible that a Congress of a sovereign people will continue to insist, as they have insisted, that the people of our island possessions shall have a voice in their own government, and yet deny this sacred right to the nearly 400,000 people who live within the District of Columbia? The control of the 'Czar' of all the Russian over his subjects is not more complete than is the jurisdiction of our Government over the people of this District.

"The Territory of Alaska and Mexico have copied our Constitution and form of government. They have federal districts for their respective capitals similar to the District of Columbia, but the people in those districts are given the right of representation in Congress.

"It is in no sense a disrespect to the members of this house of Congress to say that they have a more personal interest in the affairs of their respective States or districts than they have in the District of Columbia. As a consequence, there is not that personal touch between the District and the States or districts that there is in Congress and the people of the several States or districts.

"The pending measure, if passed, gives to the citizens of the District the right to elect a delegate to the House of Representatives who may, on the floor, represent its citizens and present their views without the right to vote. It gives them only the same right in national legislation that the people living in the Territory of Alaska have. It gives them the right to be thus represented, by what process of reasoning can the people of the District be denied the right to elect a representative or to vote in the District of Columbia, but the people of Alaska or of the people of our own States? Have they less so much of civic pride that they will not care to have their own political destinies of a great people in which they are so much interested and a part of which they are?"

"May we ask those who oppose this legislation, are they willing to have laws enacted for their own constituents which will deprive them of their political status and leave them with no greater share in their government, local or national, than the people of the District now have?"

"How many of them are willing to say 'We will consent that our States or our Districts shall be controlled by a Congress composed of men elected by other States and other Districts,' and deny themselves the right of representation in Congress?"

Not Consistent. "If Senators and Congressmen are not willing to surrender these rights, how can they consistently deny to nearly 400,000 of their fellow citizens their right in the District of Columbia to representation on the floor of the House of Representatives?"

"Some men oppose all representation to the District of Columbia by branches of Congress, because, it is said that when the District had local self-government it was not properly administered."

"We grant that this may be so, but it is a mistake to think that a refrigerator is a luxury. It should be used by every economical family."

MILK IS ONE OF THE IMPORTANT ARTICLES OF FOOD. Stringent regulations have been passed for its clean and sanitary gathering and distribution. A city ordinance compels the dealer to deliver to your home milk that is kept below a temperature of 60 degrees.

WHY SHOULD SUCH MEASURES BE ENFORCED, IF THE HOUSEHOLDER leaves the milk standing on the porch, exposed to the heat of the sun or left standing in a room of a higher temperature than the milk delivered?

CLOUDY OR RAINY DAYS HAVE A SERIOUS EFFECT ON MILK AND MAKE it unfit for table use.

IF YOU USE A REFRIGERATOR YOU NEED NOT FEAR THE SUDDEN CHANGES of the weather and temperatures. No more spoiled milk and cream.

Rat Carries Off Glasses.

EVANVILLE, Ind., May 16.—John Stark, a grocer, struck at a rat in his stable and his glasses fell in such a position that they formed a yoke in the path of the rat, into which it ran. The glasses stuck and the rat escaped into a hole carrying Stark's favorite lenses.
