

HUNDREDS EAGER TO ENLIST UNDER T. R.

Colonel Is Swamped With Requests to Join His Proposed Division.

NEW YORK, June 29.—Colonel Roosevelt came to town full of enthusiasm over the special division of volunteers he is going to raise if war should be declared with Mexico and volunteers are called for.

It was apparent in the frankness in which he refused to deny the published stories, in the pleasure he evinced in saying that he "had nothing to say," and in the hints dropped by his friends who had interviews with him.

To these friends he is said to have been unable to talk of anything except the division he wants to lead across the border, and from the same source it was learned that he will have no married man in his force who has a family dependent upon him.

One reason for the ex-President's visit to the city was his dinner engagement with Justice Hughes last night, but even that significant meal and, in fact, the whole world of politics did not figure in the conversations the Colonel had with his callers at the Hotel Langdon.

When the Twelfth Regiment of national guardsmen swung into Fifth avenue at Fifty-sixth street on their way to entrain for the border there was a gleaming face framed in the window on the sixth floor of the building at Fifth avenue and Fifty-sixth street.

Colonel Roosevelt was peering out of his suite in the Hotel Langdon. His eyes were twinkling, his jaw was set, and if there hadn't been such a hubbub below those in the street might have heard the clicking of teeth six stories up.

Some of the soldiers marching to Mexico knew that the Colonel was looking down upon them, and when two of the bystanders discovered him and shouted, "Hello, Teddy," he withdrew behind a curtain.

Censor on Job At War Office

Major Douglas MacArthur Will Pass on All News Relating to Mexico.

Major Douglas MacArthur, Corps of Engineers, U. S. A., opened an office in Secretary of War Baker's reception room today as official War Department "censor" of Mexican news.

Secretary Baker has arranged that all Mexican news shall pass through Major MacArthur's hands.

At the outset arrangements were made that no reports whatever shall be given out regarding troop movements, either of the regular army in Mexico or on the border, or the national guard en route to the border.

For the present Major MacArthur will be censor in name only as steps will be taken to pass upon the character of news written from the War Department.

WOMAN PEACE PARTY SCORES ULTIMATUMS

Advices Congressmen to Look Out, Saying Notes Caused European War.

Members of Congress are receiving telegrams from the Boston branch of the Women's Peace Party advising this Government to go slow in serving ultimatums on Mexico.

"Don't forget that the European war was precipitated by ultimatums. Shall we fall into the same pitfall? A grave responsibility rests on you," read the telegrams, which are signed by Mrs. H. K. Forbes, and the executive committee of the Massachusetts branch of the Women's Peace Party.

The same organization has sent telegrams to representatives in Washington of the Pan-American Union thanking them for offers of mediation and urging a continuance of mediation negotiations.

The Washington headquarters of the American Union Against Militarism issued a statement today denouncing the "El Paso liar." This species, the statement says, is largely responsible for friction between the United States and Mexico.

The Washington headquarters of the American Union Against Militarism issued a statement today denouncing the "El Paso liar." This species, the statement says, is largely responsible for friction between the United States and Mexico.

Mr. Jordan wires us today from Albuquerque that there is no truth in the rumors that the chief of police of El Paso urged him to leave town," said Charles T. Halliman, editorial director of the Union.

BIRTH CERTIFICATES ASKED FOR GUARDS

For the purpose of securing their discharge, application is being made at the Health Department by anxious parents for the transcripts of the birth records of youthful sons, who, as members of the District National Guard, have been summoned into military service.

"The calling of the militia to active service has, in an unexpected way, brought home to some parents the importance of the transcripts of the birth records of youthful sons, who, as members of the District National Guard, have been summoned into military service."

"Under ordinary conditions the fact that a son is going to be shot and being initiated into military life was a matter rather for pride than sorrow, even though the attraction of the authorities below the military age."

"The call into active service with the possibility of duty along the Mexican border and further South, however, has aroused parents to the stern realities of the case. Applications have been made for transcripts of the birth records of a number of the youthful men."

"How the fact that such a soldier is below military age will be proven to the satisfaction of the authorities in cases in which the births were never registered remains to be determined."

LABOR MEN WORK HARD TO AVERT WAR

Gompers' Telegram Said to Have Played Part in Release of Troopers.

American Federation of Labor leaders are continuing with renewed vigor today their campaign to avert war between the United States and Mexico.

In addition to appeals to the two governments, the Federation is dealing directly with the representatives of Mexican labor organizations now in Washington.

Efforts of the Federation are credited by officials here as having been influential in inducing Carranza to order American soldier prisoners released.

Samuel Gompers today made public the following telegram which he dispatched to Carranza yesterday:

"In the name of common justice and humanity in the interest of a better understanding between the peoples and governments of the United States and Mexico, for the purpose of giving the opportunity to maintain peace and avoid the horrors of war, upon the grounds of the highest patriotism and love, I appeal to you to release the American soldiers held by your officers in Chihuahua."

D. C. Cavalrymen All Are Athletes

Tent No. 8 in Troop Camp Holds Bunch of Real "Huskies."

In tent No. 8, Troop A, of the Cavalry, is found a "bunch of huskies" who claim to "have it over" any equal number of occupants of any one tent in the whole District militia camp.

They are university or college men and all college athletes. All are over six feet tall and weigh in proportion to their height. Among other things, they have organized a baseball team and are ready to challenge all comers, when they find time from camp duties to play baseball.

One of these cavalry boys was particularly surprised to find that everybody was chattering on the hard duties of camp, and that all of the boys were getting fat.

"I didn't think we'd ever get fat, with all this exercise and living under the rather hard conditions of camp life," one of them said, "but there's no doubt about it. We are all getting fat."

Among the other accomplishments boasted of by the boys is the ability to roll cigarettes. They soon found that this was a necessary requisite of a cavalryman.

The occupants of tent No. 8 and the institutions they attended are: Sergt. J. F. Brittingham, University of Missouri; privates H. J. Dean, University of Wisconsin; F. B. Fog, University of Michigan; L. W. Glass, Northwestern University; and George Washington University; G. J. Kessanich, University of Berlin; J. H. Harnaburger, William and Mary College; and the University of Virginia; Donald E. Long, Georgetown Law School; and F. G. Furber, George Washington University.

ALEXANDRIA COURT TERM OPENS MONDAY

Judge Edmund Waddill, Jr., Will Hear Case Resulting From Strike.

ALEXANDRIA, June 29.—The United States district court, for the Eastern District of Virginia, Judge Edmund Waddill, Jr., presiding, will convene in this city at 11 o'clock Monday, July 3, for its July term. A grand and a petit jury will consider the cases on the docket.

Among the cases set for trial are eight criminal, five naturalization, and one contested case, the latter being an injunction of the Old Dominion railway in consequence of the recent strike of the trainmen of that railway.

Besides the four men, a corporal and three privates left in this city with him as recruiting assistants. Second Lieut. F. Clinton Knight took away to Richmond with him last night eleven additional recruits who had enlisted Tuesday and Wednesday, after the departure of the Alexandria Light Infantry for the State mobilization encampment at Richmond. This, together with the seventeen that enlisted shortly before the company's departure on Tuesday, brings the total strength of the company up to more than 100 men and officers.

A number of the members of the committee who left for Richmond Tuesday were in the city yesterday closing up business affairs and other matters, and have now returned to Richmond, where a number of members under twenty-one years of age were in the city having special papers signed by parents.

The deed transferring the armory from the Light Infantry to the city of Alexandria has been placed on record with the clerk of courts, signed by about ninety of the local militiamen.
