General and Mrs. Gorgan and their party, which includes their son-in-law, Mr. Wrightson, are now in Cuba, having visited Ecuador and Panama. They will not return to Washington for about two months.

Mrs. Samuel A. Kimberly and her mother, Mrs. William H. Draper, have gone to Lyme, Conn., for a three months' stay in the artist colony there. Mrs. Kimberly made a visit of a fortnight at Old Point Comfort in July.

Dined on Roof. Secretary of the Treasury McAdoo and Vance McCormick dined together last night on the Raleigh roof. Others who entertained at dinner on the roof were Secretary of the Interior Franklin K. Lane, Secretary of the President Joseph P. Tumulty and John Harrett, of the Bureau of the Pan-American Republics.

"Health Is the First Wealth"

The rich man suffering from asthmatic or pulmonary trouble knows this even better than the poor man thus afflicted. Either may be able to obtain relief by using Eckman's Alternative, a preparation containing calcium chlorid, which for more than twenty years has been giving widespread satisfaction in such cases. Of course, its use should be seconded by rest, pure food and fresh air, for no medicine can be of much help where these provisions of Nature are not made use of. But in numerous instances where they have not produced desired results, Eckman's Alternative has furnished the missing link in the chain. It contains no poisonous habit-forming drugs, so a trial is safe. Sold by O'Donnell's Drug Stores. Eckman Laboratory, Philadelphia, Pa. -Adv.

Catarrh Sufferers Should Try This New Method. Often Succeeds Where All Else Fails and Costs Very Nothing Unless It Succeeds. Leading druggists are rapidly securing local agencies for a clever pocket inhaler device that is being widely and successfully used in the treatment of catarrh of the nose and throat, asthma, hay-fever, bronchitis, croup, etc. Catarrh does not quickly never to return when this inhaler is used with Hyomei for a few minutes four or five times daily, and O'Donnell Drug Stores and other local druggists are so certain of the results that they are furnishing the complete treatment—the inhaler and a bottle of oil of Hyomei—to their customers with the distinct guarantee that unless it gives prompt and certain relief the money paid for it will be refunded.

NEW LAWS RULING NIMRODS IN EFFECT

Alexandria Hunters Can Get Licenses From Clerk of the Corporation Court Only.

ALEXANDRIA, Aug. 1.—Licenses for gunning in any part of the State of Virginia may be procured by Alexandria residents from the clerk of the corporation court only, in the future, according to Virginia's new gunning law, which went into effect July 1 of this year.

Heretofore a person wishing to hunt in any particular county of the State had to secure a license from the authorities of that county. Now, however, it has all been changed and licenses are secured from the authorities of the community, of which the would-be nimrod is a resident.

Gunning licenses for the following season may be secured between the period extending from July 1, 1916, to June 30, 1917, according to the new hunting law. The season begins September 1. It costs a Virginian \$1. to shoot in any one county of the State of Virginia, while the sum of \$3 secures a license to hunt in any part of the State. Licenses to shoot in any part of the State costs non-residents of the State \$10.

Clerk of the Courts Nevell S. Greenaway has issued four gunning licenses to date.

A number of Alexandria's ministers are away on annual vacations and pulpits in a number of local churches are being filled weekly by supply ministers

and in some cases services are being suspended for a short time. The Rev. Eugene B. Jackson, D. D., pastor of the First Baptist Church, is spending his vacation at Round Hill, Loudoun county, Va., while the Rev. Edward T. Kirkley, pastor of the Methodist Protestant Church, recently returned from a vacation at Stuenem, Va.

The Rev. John Lee Allison, D. D., pastor of the Second Presbyterian Church, left yesterday for Wytheville to spend his vacation, and Rev. P. P. Phillips, D. D., rector of St. Paul's P. E. Church, together with Mrs. Phillips and their young daughter, departed last night for Virginia Beach, near Norfolk.

Tomorrow the Rev. William J. Morton, rector of Christ P. E. Church, leaves to visit at Nottingham Farm, near Frederickburg, his father's country home, where Dr. Morton's family are spending the summer. While he is gone Christ Church will be closed for repairs, stone flagging to replace the wooden flooring in the aisles, the church aisles to be thus restored as they were in George Washington's time.

Grace P. E. Church was recently reopened after a short suspension of services and the movement to the interior of the church were being made.

During the month of July, Nevell S. Greenaway, clerk of the corporation court, issued seventy-two marriage licenses, fifty-three to white and nineteen to colored persons.

Women's Auxiliary to R. E. Lee Camp of Confederate Veterans will meet tonight at 7:30 o'clock in Lee Camp Hall.

Joseph L. Crupper, of Alexandria county, Republican candidate for Congress from this district, and delegate-at-large to the recent Republican convention at Chicago, was present last night at the Republican party meeting in New York city when ex-Justice Charles E. Hughes was formally notified of his nomination by the party for the Presidency.

Delegates will be elected at a meeting of the Columbia Fire Engine Company tomorrow night to attend the Virginia Firemen's Association, which meets in annual convention the latter part of August in Harrisonburg, Rockingham county. The Relief Hook and Ladder

Company will elect delegates next week. Efforts will be made by the fire company in this city to send a delegation

of upward of 100, including from five delegates and five alternates from each company, to the convention.

Closed Daily at 5. Saturday at 1.

The Tenth of a Series of Talks With Washington's Foremost

Printers

By ROBERT McP. MILANS J. D. Milans & Sons

"Buying printing by the pound" is about like buying office furniture by the foot—it isn't done by the best firms—the ones who are discriminating. "Selling printing by the pound" is not done by the best print shops. It is still done by the shops which are not the best—not literally, but amounting to just that.

Estimates are very often sought by business houses of Washington on printing jobs, and the bids are open to all kinds of shops. Sometimes the difference in the amount of the bid causes the buyer to wonder just a little if he is seeing rightly, and, if so, how much discount he should make on the cheaper bid, to take care of the difference in the prices. Ordinarily careful in buying for his firm, taking care of quality quite as much as price, there are many instances where the work has gone to the cheaper printer simply because no comparison has been made of the work turned out by the two shops.

Just why the difference in the two bids? Very easily explained. It is bound up in the one word "Equipment"—another way of saying "ability to handle the work properly from a good-printing standpoint." The cheaper bidder, if he is very much cheaper, may be economizing by using cheap labor. There is a vast difference in the class of work turned out by a master printer and a near-apprentice. Or, he may be operating without the necessary mechanical equipment to do the best kind of work. It is impossible to do justice to the best kind of printing without the machinery made for that particular work. He may be economizing in the grade of paper used. With the present prices of paper, it pays to have your printing done at a shop which cannot afford to mar a reputation for good work by the use of poor stock—poorer than you would want used. All of these faults singly or in group, will show in your printed matter—they may not be flagrant enough to stand out clearly to you.

The printing shops of Washington which have gone to the expense of fitting up their plants properly, which employ the best of printers only, who have spent their time and money trying to improve the quality of your printed matter deserve your patronage. Give it to them, and stop buying printing by the pound.

Next week's article will be written by C. X. Brands, Mgr. Sudwarth Printing Co.
