

FRANCE ONE WITH U. S., SAYS BERGSON

French Philosopher Declares Two Countries Have Common Ideal of Justice.

WORLD SAVED ON MARNE

Death Preferable to Life Under Russian Domination, Academician Asserts.

NEW YORK, March 13.—France and the United States were linked in spirit to their common idealism at an luncheon in honor of Henri Bergson, French philosopher and academician given by the France-American Society at the Bankers' Club yesterday. Prof. Bergson received "three great big American cheers" when he said that the two countries shared the same ideals of liberty and justice, and the "cheers were repeated when he prophesied that the Germans would soon be driven out of their trenches and expelled from France."

Joseph H. Choate, who presided, proposed "the only toast for patriotic Americans to drink on this occasion to the President of the United States and the President of France."

Prof. Bergson said it was interesting to note, in view of the help that France gave to America in the War of the Revolution, that many Americans had fought and died for France in the present conflict.

Idealism the Soul of France. The friendship of the two nations is destined to continue, he added, because the people of the two nations have the same deep and indestructible love for justice and liberty.

FROST DESCRIBES STORSTADT SINKING

Also Reports Loss of Cunard Liner Folio, With American on Board.

A graphic picture of the unwarmed torpedoing of the Belgian relief steamer Storstadt, the severe battle with the sea by the survivors and a report of the torpedoing of the Cunard non-passenger liner Folio with an American aboard were given by Consul Frost, at Queenstown, in a message to the State Department today.

Work May Stop

Some officials expressed grave doubt that the relief work can continue.

Three Boats Separated. The Norwegian steamer Storstadt, Buenos Aires to Rotterdam, with 2,000 tons of maize for Belgian relief, under English charter, sunk by German submarine seventy miles west of Skellig, 11:30 a. m., March 8.

Other Two Boats Landed. The second message said: "Cunard non-passenger liner Folio sunk off Waterford, tenth instant. Survivors landed Dungarron. Sole American, Boat Surgeon W. C. Core, Nashville, Tenn., saved, uninjured."

DEATH OF BARONET RECALLS ROMANCE

Sir George Chetwynd, Who Married Widow of Wild Marquis, Passes Away.

LONDON, March 13.—The death of Sir George Chetwynd Saturday at Monte Carlo recalls the most famous love story of the Victorian era, which has a special American interest from the fact that the baronet's heir, George Guy Chetwynd, married in 1902 the beautiful American girl, Rosemund Holt Secor, daughter of a rich New York lawyer, who, however, divorced him. This story of love and the turf is recalled by a daily as follows:

Chetwynd, once a conspicuous figure on the turf and in the polo set, appeared in a cause celebre of the turf when he brought a libel action against Lord Durham for a speech at a club in which the peer criticized the running of Sir George's horse Fulleton in the racing season of 1887.

Submitted to Arbitration. The case was brought before three arbitrators, James Lowther, M. P., the Earl of March, and Prince Soltykoff. Through the graver charges were found by the arbitrators unfounded, there were such unsatisfactory conditions about the running of the baronet's horses that they awarded him only a farthing damages and ordered each side to pay its own costs.

Sir George took this as a slur upon him and resigned from the jockey club. His jockeys were subsequently warned off the turf.

Sir George's turf career had a romance. He married in 1870 the Marchioness of Hastings, who died in 1907. This lady, whose beauty of stature had led to her being called the "pocket Venus," was the only daughter of the second Marquis of Anglesea. They called her the "lady bird" in the days when Queen Alexandra was a young bride.

Engaged to Chaplin. Lady Florence Paget, as she then was, was engaged to Henry Chaplin. She drove with him one morning to a well-known West End shop to buy part of her trousseau. But she was passionately attached to the wild Marquis of Hastings, and left the West End shop by a different door, leaving Chaplin behind. Meeting the Marquis of Hastings outside, she married him.

Three years later a dramatic revenge came for Chaplin. He won the Derby with Hermit, a rank outsider, at 66 to 1. The Marquis of Hastings went a cropper, and lost so heavily on the race that he was ruined, and shortly afterward committed suicide at the age of twenty-six. Judge not that he was not judged, says the text on his tombstone in Kensal Green Cemetery.

Three years afterward his widow married Sir George Chetwynd. They had one son and two daughters. The story of the Marquis of Hastings' ruin on Derby day and his subsequent suicide as a sequel to marrying Chaplin's fiancee, has been the basis of more than one melodrama at Drury Lane and later seen in America. Chaplin is still alive and now a viscount, aged seventy-six. Chetwynd was sixty-eight years old.

T. R. WANTS A DRY ILLINOIS

Colonel Roosevelt Indorses Move for State Referendum.

CHICAGO, March 13.—Col. Theodore Roosevelt has joined the Anti-Saloon League forces in the fight to get a State-wide referendum in Illinois. In reply to an invitation sent him by H. J. Davis, Chicago superintendent of the league, Colonel Roosevelt writes as follows:

"Indeed, if I could come I would. You are most welcome to quote me in saying that I wish you all possible success in your effort to have the question submitted to a referendum."

QUIET AT SANTIAGO, MARINES REPORT

Cuban Rebels Surround American Colony—Intervention Plot Feared.

Commander Belknap, in charge of the American marines landed at Santiago, Cuba, cabled the Navy Department today, "All quiet."

Press dispatches from Havana today say L. A. Ward, a member of the American colony at La Gloria, Camaguey Province, has reached Havana and reports the colony in a desperate condition as a result of the depredations of bands of rebels in the Cubitas Valley.

Ward bought his way through the rebel lines with two bottles of rum and promptly on his arrival went to William Gonzalez, the American minister, bearing the colony's prayer for relief. Gonzalez at once called on President Menocal and the latter has telegraphed Colonel Pujol in Camaguey Province to make an effort to relieve the colony.

Only Protestants. "There are a thousand to fifteen hundred rebels around La Gloria," said Ward, "and they are concentrating in the Cubitas Valley, which is a stronghold of the Cuban rebels in the early uprising against Spain."

The only provisions obtainable by this unorganized mob, four-fifths of whom are negroes, are in the various American colonies in the Nuevitas district, of which La Gloria is one. The rebels are gradually getting bolder and more desperate as they grow hungrier, and while at first they only robbed outlying farms and homes of Americans, they are gradually completing the circle and are now at the very door of the town of La Gloria. Their officers are frank in saying that their original orders were only to take horses, arms and ammunition, but now they seem to have received orders to sack and burn and even kill in an effort to force American intervention. The situation is very serious, because if some American loses control of himself and shoots one of the rebel raiders, it will be a spark that will start a wave of fire, rape and assassination.

Takes Matter Up. Minister Gonzalez took the matter up with Captain Springle, of the transport Dixie, who is in touch with the American warship off the Nuevitas coast, and confidence was expressed that American marines could reach La Gloria inside of twenty-four hours. The worst of it is that the town is short of supplies and the rebels do not believe the American statements that all the canned goods have been consumed.

Among the Americans whose homes already have been raided are Messrs. Fraydin, Carr, Hutchens, Duckworth, Taylor, Mayo, Corilas, and Gibbs, farmers and members of American colonies at Columbia, Canas, Palm City and Garden City. All these, Ward says, have been warned that next week their homes will be burned and they themselves killed.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong—According to Dr. Lewis

Guaranteed to Strengthen Eyesight 50% in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is a cure and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man says after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me."

Notes: Another prominent Physician to whom the above article was submitted, said: "Yes, the Bon-Opto prescription is truly a wonderful eye remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. I have used it very successfully in my own practice on patients whose eyes were strained through overwork or mist glasses. I can highly recommend it in case of weak, watery, itching, smarting, burning eyes, red lids, blurred vision or for eyes inflamed from exposure to smoke, sun, dust or wind. It is one of the very few preparations I feel should be kept in every home for regular use in almost every family."
