

2,000 miles of capillaries (microscopic, hair-like blood vessels) in your body—and every inch is affected by the foods you eat.

Inappropriate foods may cause deposits of lime in the joints or stones in the bladder or half digested products of foods in the blood, preventing proper circulation, thereby starving some parts of the body into disease.

EXAMINATION OF AFFIDAVITS & REPORTS BY COMMITTEE
(This method to protect my consultants from publicity. Specimen of certificate):
DISTRICT OF COLUMBIA, To wit:
We, the undersigned, do hereby certify that we have individually and carefully examined and compared the extracts from the affidavits appearing in this pamphlet with the original affidavits addressed to and received by Mr. G. H. Brinkler at Washington, D. C., and find them to be true and correct copies.
To avoid mistakes we signed each extract individually.
Moreover, we inspected the envelopes, post marks and other correspondence from the same parties and have corroborative evidence of their genuineness.
An inspection of the correspondence of the consultants also revealed that the notes at the head of each affidavit are correct.
Moreover we found the extracts to be typical of the praise commonly accorded Mr. Brinkler's dietary methods in many similar affidavits.
Witness our hands and notarial seals this 27th day of July, 1914.

Judge Anson S. Taylor, U. S. Commissioner, 1413 H Street N. W., Washington, D. C.
Mr. J. Benson Thomas, Real Estate, Notary Public, Munsey Bldg., Washington, D. C.
Mr. Wm. R. de Lashmutt, Notary Public, 14th and U Streets, Washington, D. C.
Mrs. M. M. Murray, Examiner in Chancery, Notary Public, 503 E Street N. W., Washington, D. C.
Miss Janet W. Lake, Notary Public, Southern Bldg., Washington, D. C.

Hundreds of sworn and certified reports in Brinkler's office include diabetes, tumor, adenoids, rheumatism, catarrh, tuberculosis, paralysis and practically all diseases. Hundreds of helpless cases have been restored from bed to health and active business in only a few weeks. Fresh, pure blood, derived from plentiful feeding, according to the new plan in the new food system, is Nature's way of eliminating disease and supplying energy.

Over 100 people have raised their right hand and made oath that: (1) they had suffered from desperate complaints for years; (2) they had tried the usual remedies of physicians without avail; (3) they owed their restoration to health and business to the Brinkler system of nutrition exclusively; (4) they now know how to keep themselves well nourished and active by rule.

Classified Advertising Manager, Washington Times.

Dear Sir—Being a daily reader of The Times I noticed your ad. of Dr. Waldo, dentist, southeast corner 14th and U Sts. N. W. My teeth being bad I visited there and I can safely state that the work done by him was very satisfactory. His prices are moderate and his work painless as possible.

WALTER ROTH,

Dear Sir—While reading over the ads. in The Sunday Times my eyes rested upon the ad. of the Philippine Hat Shop, 222 14th St. N. W. It recalled to my mind the fact that I had bought a hat from them some time ago and found it to be made of the finest quality material direct from the Philippines. Respectfully yours,

CHARLES MORGAN.

Dear Sir—I desire to say a word about paperhanging to Washington housewives and housekeepers. The paper on your wall makes or mars your room. Let "Edward O'Brien, Jr.," 712 5th St. N. W., paper that room, which will bring over your furniture, etc., to better advantage, resulting in more cheerful, home-like surroundings. Drop him a card, or phone Main 6222 and he will promptly call with samples of all grades for you to choose from. You will be greatly surprised at the unusually reasonable prices, as he is out of the high rent district. Do it now before the spring rush comes on. The courtesy of his men will appeal to you. Very truly yours,

MRS. R. E. COBBETT,
675 4th St. N. E., Apart. 102.

Classified Advertising Manager, Washington Times.

Dear Sir—I feel that I can earnestly recommend the work done by De Gay & Co. Before I was converted to the fact that high grade embossed stationery was the only stationery for a particular business man to use I had all my work done by various printers in the city, but after a while I woke up to the fact that all business men were beginning to use embossed stationery, and after a while I found that it was in reality the only stationery to use because it always made an impression upon the person who received it and in this way it served as an advertisement for me and my business, so I heartily recommend the work done by De Gay & Co. in this kind of stationery for business purposes and I find that De Gay & Co. is the firm that has set the best work done in these lines. Respectfully yours,

R. H. E. Patent Attorney.
