Douglas, will be attended by Mrs. Robert Nelson, of Philadelphia, as matron of honor. Miss Grace Overman, daughter of Senator Overman; Miss Abby Orme, of New Orleans; Miss Dorothea Owen, Miss Maxwell Church, Miss Elizabeth Kingsbury, and Miss Edith Lester will be bridesmaids.

The Rev. John W. Douglas, of Roland Park, Baltimore, uncle of the bride, will perform the ceremony, assisted by the Rev. Dr. Palmer, of the Washington Heights Presbyterian Church. Louis Salade, of Allentown, Pa., will be best man for Mr. Adair. Only relatives and a few intimate friends will witness the ceremony, which will be followed by a large reception.

BROKEN NECK CURED. WILMINGTON, Del., April 23.—Michael M. Cullinan, whose neck was broken in a railroad collision near Penns Grove, N. J., on November 2 of last year, and who was brought to the Delaware Hospital, has left the institution virtually cured.

For fifty-eight days and nights Cullinan lay on the entire upper portion of his body, neck, and face up to his nose incased in plaster of Paris, that kept him virtually immovable. The cast was removed a few days ago, and Cullinan was fitted out with a sort of harness.

MISS WELLS BRIDE OF RICHARD HYNSON

Church Wedding At Epiphany Followed By Reception At Rauscher's.

The marriage of Miss E. Marguerite Wells, daughter of Dr. and Mrs. Franklin P. Wells, to Richard Washburn Hynson was solemnized last evening in Epiphany Church, the ceremony being marked by elaborate detail. A reception at Rauscher's followed the wedding. Mr. Hynson is the son of Mr. and Mrs. Nathaniel Thornton Hynson.

The Rev. Dr. Randolph H. McKim, rector, officiated. The bride, who was given in marriage by her father, was attended by Mrs. Herbert H. Smith, and Mrs. Reginald W. Geare as matron of honor. Miss Eleanor L. Jones, of Blacksburg, Va., was maid of honor, and Mrs. Robert H. Wood, Mrs. Horace D. Rouser, Miss F. Marie Tunstall, and Miss Zeida L. Miller were the bridesmaids.

Miss Elizabeth Franzoni served as flower girl. Miss Helen Louis Jacobs, cousin of the bride, led the choir, singing the "Bridal Chorus."

Horace D. Rouser acted as best man, and the five ushers were N. Thornton Hynson, of New York; Dr. Laurence M. Hynson, Alfred C. Flather, T. Stanley Holland, Eugene Ailes, and Dr. Hugh A. Brown.

Gown of Silver Cloth. The bridal gown was of cloth of silver, veiled with white tulle and made with an overdrape of georgette satin. The bodice was of tulle studded with crystal and had tulle wings falling from the shoulders. The satin was cascaded on the skirt and caught at the waistline with a pearl ornament. A court train of satin hung from the shoulders. The veil of tulle was arranged with two strands of pearls across the brow and caught at either side with tiny clusters of orange blossoms. The bridal bouquet was a shower of lilies of the valley and gardenias.

At the reception the receiving party stood against a background of green studded with pink roses and spring blossoms. A string orchestra, played throughout the reception and for the dancing.

Later Mr. and Mrs. Hynson left for a wedding trip. Mrs. Hynson wearing a smart traveling gown of navy blue serge and a small hat faced in blue and trimmed with blue applique. They will make their home in the new apartment at Sixteenth street and New Hampshire avenue.

Among the out-of-town guests were Mrs. Richard C. Baker, of New York, cousin of the bride; Mr. and Mrs. James Young, the Misses Young, Mrs. George Heimiller, Dr. Henry Parr Hynson, and Mr. and Mrs. Henry Parr Hynson, Jr., all of Baltimore; Mrs. Bonnie L. HIS JOKE HAD MANY POINTS Girl With Pins in Her Mouth Laughed; Collects Damages.

DOVER, N. J., April 25.—The assistant manager of the Woolworth store heard a good joke. The first person he saw when he entered the store next morning was Miss Teresa M. Jansen, of Morris Plains, a highly efficient saleslady, so highly efficient that she, in fact, had just filled her mouth with pins so that when pins were needed she would have them handy.

The assistant manager didn't know she had a mouthful of pins, so he told her his joke. Miss Jansen was then, in a manner of speaking, between the devil and the deep blue sea. She realized that it was 5 and 10 cent store etiquette to laugh at jokes cracked by assistant managers; she also knew that the business and of a pin wasn't anything to be mumbled carelessly.

However, she laughed. In the Morris county court yesterday Judge Salmon ordered the store company to pay Miss Jansen \$5 a week for a period not to exceed 400 weeks, \$5 for medical expenses, and \$150 for legal fees.

The Dover correspondent was unable last night to get the joke for publication.

RUSS MODIFY PROHIBITION New Russian Government Changes Rules Governing Sales. PETROGRAD (via London), April 25.—The provisional government has modified the rules governing the sales of alcoholic drinks by the introduction of the following regulations:

First, the sale of alcoholic drinks containing a percentage of alcohol in excess of one and a half degrees is prohibited throughout Russia; second, export to foreign countries of grape wines of every kind is permitted regardless of their percentage of alcohol; third, in wine-growing districts the sale of wines produced locally and not containing a percentage of alcohol in excess of twelve degrees is permitted.

Sales of these wines outside of the wine-growing districts is only permitted in towns, and may be prohibited by the municipal authorities.

DR. ALDERMAN HEADS BOARD Visitors to Naval Academy See Midshipmen Parade. ANNAPOLIS, Md., April 25.—The board of visitors to the Naval Academy, which is conducting the annual inspection of the institution, organized by electing Dr. Edwin A. Alderman, president of the University of Virginia, chairman.

The visitors censured their inspection of the several academic departments. The official reception took place on the parade ground. The entire regiment of midshipmen was paraded, and a salute of seventeen guns was fired by the station ship Reina Mercedes.

The officials were the guests of honor last night at a "stag" dinner given by Superintendent Eberle. The other guests were the ranking officers on duty at the local station.

U. S. NEEDS 16,600 DOCTORS FOR WAR

Medical Journals Urging Necessity of Preparing Way for Physicians.

Medical journals are urging the necessity of preparing the way for medical men to do their part in the struggle that is to come. "War cannot be conducted in any half way manner," says the New York Medical Journal. "We must bring to bear every ounce of energy, every drop of blood and every dollar that we possess and must have this directed by the best brains in the country that this bloody business may be brought to an early and successful close."

"Our regular army now numbers 125,000 men and the national guard about 160,000. If recruited to full strength they would number 280,000 and 440,000 respectively, or a total of 720,000. For this army some 5,000 medical officers would be required. In addition to this we have another army of 500,000 called to the colors for training, making a first line defense of 1,220,000 men. In addition it is expected that at least a million and a half more troops will be called out during the year for training, making a total of 2,720,000 troops under arms."

19,000 Medical Officers. "Such an army would require 19,000 medical officers. We now have in the regular army about 1,200 medical officers and in the national guard about as many more, making about 2,400 officers and leaving a deficiency of 16,600 medical officers to be supplied from civil life. In view of the fact that we have in the United States only 145,000 registered physicians it will be seen that the new army will face a deficiency in a direction in which it will be difficult to improvise aid."

"We have repeatedly published the appeal which has been made for medical reserve officers. That appeal still stands, and every qualified medical practitioner should weigh well his obligations and decide whether he is in a position to offer his services to his country and help fill this deficiency in a most important arm of the service."

230 Vacancies Now. "Besides the need for medical reserve officers, there are at present 230 vacancies in the medical corps of the regular army. Under the staff bill for universal service, 1,811 additional medical officers would be required for the permanent establishment, making a total of 2,041 openings for appointment in the permanent force. Here is a very attractive field for young physicians who have had the required year of hospital experience. Steps are already being taken by some of the State and county medical societies to safeguard the

ENGLAND PROHIBITS SALE OF TEA CAKES

Other Pastries Must Respect Restrictions on Use of Wheaten Flour.

LONDON, April 25.—The food controller, Lord Davenport, has issued an order, effective Tuesday next, prohibiting thereafter the sale of light pastries, muffins, crumpets, or tea cakes. Cakes, buns, scones, and biscuits can only be sold if they conform to the drastic restrictions respecting the amount of wheaten flour and sugar used. Tea shops, which are so popular in London and elsewhere in England, will suffer severely by the new order.

The war office has ordered a return made by May 1 of all horses, mules, cattle, sheep, pigs, and agricultural implements in Great Britain. The first meatless day in London furnished some interesting facts. At Simpson's, in the Strand, famous for its roasts, joints for once were missing, but a choice could be made of salmon, turbot, sole, cod, tele, mackerel, whiting, herring, and whitebait, and the fish could be followed by special dishes, which included curried eggs, rice, mock duck cutlets, green peas, savory rissoles, and dressed spinach.

P. H. SULLIVAN NOMINATED. Democrats in the New Hampshire delegation in the House today received word that P. H. Sullivan had been nominated as Democratic candidate for Congress to succeed the late Cyrus A. Salloway, Congressman from the First district of that State. Rivalry for the nomination was keen among the eight candidates for the nomination, the Democrats feeling confident they will capture the district so long Republican by a safe majority.

You Can Tell the People Who Have Iron in Their Blood—Strong, Healthy, Vigorous Folks

Doctor Says Ordinary Nuxated Iron Will Make Nervous Run-down People 100% Stronger in Two Weeks' Time in Many Cases.

NEW YORK, N. Y.—"One glance is enough to tell which people have iron in their blood," said Dr. E. Sauer, a Boston physician, who has studied widely both in this country and in great European medical institutions, in a recent discourse. They are the ones that do and dare. The others are in the weakling class. Sleepless nights spent worrying over supposed ailments, constant dosing with habit forming drugs and narcotics for nervous weakness, stomach, liver or kidney disease and useless attempts to brace up with strong coffee or other stimulants are "what keep them suffering and vainly longing to be strong. Their real trouble is lack of iron in the blood. Without iron the blood has no power to change food into living tissue and therefore, nothing you eat does you any good; you don't get the strength out of it. The moment iron is supplied the multitude of dangerous symptoms disappear. I have seen dozens of nervous, run-down people who were ailing all the time, double or even triple their strength and endurance and entirely get rid of every sign of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for

months without any benefit. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. There is nothing like good old iron to put color in your cheeks and assist healthy flesh on your bones. But you must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

NOTE—Nuxated Iron recommended above by Dr. E. Sauer, is one of the newer organic iron products, it is easily assimilated, does not impure the teeth, makes them black, upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have had great confidence in Nuxated Iron that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 40 who lacks iron and increase their strength 100 per cent or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Jaa. O'Donnell Drug Store, People's Drug Store, and all other druggists—Adv.
