CHAUFFEUR WILL FACE JURY FOR MAN'S DEATH

Coroner Nevitt will hold an inquest today over the body of William A. Gorman, forty-two years old, of 124 B street northeast, who died yesterday in Casualty Hospital from injuries received Saturday when the automobile in which he and Leo Walker, 1200 B street northwest, were being driven back from Marlboro, turned turtle at Twentieth street and Pennsylvania avenue southeast.

Henry Hyde, twenty-one-year-old chauffeur, of 219 A street northeast, released from the Eleventh precinct on \$2,000 bonds, will be brought before the Coroner's jury.

FILIPINOS FOR SUBMARINES

YOKOHAMA, Oct. 29.—The Japan Advertiser, in a letter from Manila, states that Filipinos are enlisting for service on United States submarines and destroyers. Their enthusiasm to serve the Government is said to be high. They are training at the Cavite naval base. Many of the volunteers are students at the College of Engineering, University of the Philippines. Intensive training began at Manila on July 1, and the plans for a Philippine navy have already been made.

INDIANS SUFFER IN WAR

MONTREAL, Oct. 29.—Full-blooded Indians who left Calgary in a local battalion to fight side by side with their white brothers have fallen in the fight now raging on the western front. Private Mike Mountain Horse, a brother of the late Lt. Albert Mountain Horse, of the Blood Reserve, was the last to suffer wounds.

PHILADELPHIA ELKS' HOME NOW ABLAZE

PHILADELPHIA, Oct. 29.—Fire was discovered on the third floor of the Elks home this morning. Two alarms were sounded. The flames had made considerable headway when the firemen arrived.

WARE THE INDIAN That Last \$5 Bill, May Be Counterfeit

Keep a close watch on \$5 bills, Washingtonians. There is a new counterfeit floating around.

W. H. Moran, acting chief of the Secret Service, which branch discovered the circulation of the bogus notes, describes the bill as being the \$5 Indian head silver certificate, on which the signatures of John Burke, Treasurer of the United States, and Houston B. Teehee, Register, are forged.

When you see something suspicious in dealing in \$5 notes, don't forget to see if the bill contains a few printed green lines in imitation of the fibers of the genuine notes, if the lathework is disconnected, and whether the portrait of the Indian glowers up at you too darkly.

AMERICANS GET BAPTISM OF FIRE WHILE SNOW FALLS

By NEWTON C. PARKER (Correspondent International News Service)

AMERICAN HEADQUARTERS IN FRANCE, Oct. 29.—The Americans entered the first line trenches just in time to run into a snow storm. The first snow fall of the season in the sector where the Americans are located fell Saturday night. It soon changed to rain, however.

To date it has rained every day since the Americans took up their positions on the first line. The trenches, however, have already been prepared for the winter campaign and the men are not suffering much from the weather.

As an indication of the quietude it may be stated that the portions of "No Man's Land" lying in front of the American trenches were once swept with shell fire until every vestige of foliage was destroyed. The summer campaign was so light in this sector that a great deal of the trees grew green again. They are now covered with autumn foliage.

In another portion a pond has been formed by the German lines where Pershing's men are receiving their baptism of fire.

NEGRO ASSAILANT OF WHITE WOMEN BELIEVED INSANE
