It is now established that foreign service is assured him.

#### G. W. U. SERVICE FLAG READY FOR DEDICATION

Arrangements have been virtually completed for the formal dedication of the big service flag for George Washington University. The ceremony will take place at the spring commencement exercises, to be held on the night of Thursday, June 6, in the auditorium of Central High

school.

The flag will be the gift of the Woman's University Club, and the speech of presentation will be made probably by a member of the senior class who is connected with the club. The speech of acceptance in all probability will be given by Rear Admiral Charles Herbert Stockton, I. S. N. relired, president of the university. The flag probably will be flown from the university administra-tion building, 2101 G street north-

The stars were sewed on the flag by girl students of the university, each girl being asked to sew at least one star in the field.

#### Editorial

An American soldier on his way to the front, stopped at a little French home. The good mother took him in, gave him coffee and sugar and other good things to eat in split of the fact that her supply was VERY limited. She couldn't talk "American" and he knew no French, but that made no difference.

no French, but that made no difference.
Just before he left he happened to pick up a French-English dictionary. Opening it he found this phrase underscored (omitting the French). "We are sorry we can't do more." That was the one she had selected from the entire list as being the one she wished most to say to wur beys.

It has occurred to us that such would be a splendid slogan for each of us to adopt during the Red Cross drive. GIVD until you can honestly fay. "I am sorry I can't give more."
