Famous in a Day for Her Beautiful Complexion, Oatmeal Combination Does It

A Free Prescription Does Its Work Overnight. You Can Prepare It At Your Home. New York: It is my own discovery and it takes just one night to get such marvelous results, says Miss Edna Wilder, when her friends ask her about her wonderful complexion and the improved appearance of her hands and arms. You can do the same thing if you follow my advice, she says. I feel it my duty to tell every girl and woman what this wonderful prescription did for me. Just think of it. All this change in a single night. I never tire of telling others just what brought about such remarkable results. Here is the identical prescription that removed every defect from my face, neck, hands, and arms. Until you try it, you can form no idea of the marvelous change it will make in just one application. The prescription, which you can prepare at your own home, is as follows: Go to any grocery and get 10 cents' worth of ordinary oatmeal, and from any drug store a bottle of dermivite. Prepare the oatmeal as directed in every package of dermivite and apply night and morning. The first application will astonish you. It makes the skin appear transparent, smooth, and velvety. I especially recommend it for freckles, tan, sun spots, coarse pores, roughness, wrinkles, and in fact, every blemish the face, neck, or arms are heir to. The effect will disappear as if by magic. It is absolutely harmless, and will not produce or stimulate a growth of hair. No matter how rough and ungainly the hands and arms, or what abuses they have had through hard work and exposure to sun and wind, this oatmeal-dermivite combination will work a wonderful transformation in five hours at the most. Thousands who have used it have had the same results I have had. Note: To get the best effect be sure to follow the complete directions contained in every package of dermivite. You have only to get dermivite and oatmeal. You need nothing else, and it is so simple that anyone can use it; and is so inexpensive that any girl or woman can afford it. The manufacturers and druggists guarantee that there will be a noticeable improvement after the first application of it; they will refund the money. It is sold in this city under a number of names, and you must get the genuine one. It is sold in every store and all druggists, including People's and O'Donnell's Drug Stores.
