

OSLER THEORY IS DISPROVED BY WAR

The war, which has proved a lot of things heretofore unsuspected, is demonstrating the capacity of the old men and the boys to do things, according to officials of the United States Employment Service.

The theory of Dr. Osler, officials indicate, has been completely disproven and first-class service is being given in many instances by men more than sixty years old.

Palmer Becomes Mechanic. The reports to the United States Employment Service make reference to a number of instances of men well along in years taking up with new trades or lines of work.

Over the agricultural region, boys have enrolled in clubs and are helping along the work of the food-production army of 1918.

The efforts of the United States Employment Service to mobilize boys through the Boys Working Reserve have been advantageous and, though there have been handicaps, a great deal of good has thus been accomplished.

FOOD-SAVING EXHIBIT

An exhibition illustrating the importance of food conservation was opened in the rotunda of the Arts and Industries building of the National Museum yesterday.

One exhibit devoted to sugar conservation compares the daily portion of sugar for the people of Italy, France and Germany with that of the American, and gives suggestions for keeping within the allotted ration each month.

Plants like the potato, peanut, garden bean, and corn are each given a case to show their importance as substitutes for scarcer and more expensed foods like wheat, rice, meat, and animal fats.

SHOES FOR ARMY HORSES.

New shoes were today purchased for Uncle Sam's mules and horses. The general supply division of the War Department authorized the purchase of 75,000 pounds of the iron shoes. Deliveries are to be made in 300 days.

Female of Species, Foo Machine Gunner, Captured by Yanks

WITH THE AMERICAN FIRST ARMY, Nov. 2.—A girl machine gunner has been captured by Pershing's first army, thus proving beyond a doubt that the stories of German girl gunners are true.

An attack was launched early this morning on a front of about twenty-five kilometers, extending from northwest of Grand Pre eastward to the Meuse. The first army took 2,500 men.

In one batch of prisoners the Americans found a girl dressed as a man. She admitted belonging to a machine gun squad.

SLACKER TOOK HIS BRIDE TO MEXICO

SYRACUSE, N. Y., Nov. 2.—When Linn E. Gale, of Albany and New York, editor and publisher of Gale's Magazine, went to Mexico City last spring to escape military service, he took his bride with him, although that fact has just become known.

It develops that he was married in Utica on Saturday evening, March 30, 1918, to Miss Magdalena Eleanora Haas, of Albany, who for eight years had been stenographer in the State comptroller's office and for part of the time confidential stenographer to Comptroller Travis.

Mr. and Mrs. Gale remained in Utica Saturday night, and the following day, which was Easter Sunday, stopping at the Yates Hotel, Sunday night Mr. Gale went to New York City while Mrs. Gale took a train for Albany and resumed work Monday morning as usual without telling any one her secret.

Shortly after this, all track of the editor in chief, White in New York on Monday, April 1, he consulted with Assemblyman Peter B. McElligott, who was his attorney when he was arrested on charges which he claimed were the result of a political conspiracy. He told Mr. McElligott that he had been drafted for military service and must leave for camp April 6.

"Miss Haas," remained in her position. All efforts to ascertain whether she knew the whereabouts of her missing "fiance" proved unavailing. In the latter part of June, however, she suddenly disappeared, too, leaving the comptroller's office at Albany one day and never returning to her work.

No news from the missing one was received until a few days ago, when Mr. Gale learned that she had been in newspapers the announcement that he had located in Mexico City, where he was again publishing his magazine and had begun preaching socialism.

WOMAN KILLED IN SEARCH FOR PIN

BALTIMORE, Nov. 3.—A search for a pin resulted in the death of Mrs. John Baker, and a broken leg and other injuries for her husband when their automobile went over the side of an embankment at Cold Spring lane and the Pennsylvania railroad.

Both were pinned under the automobile, and it was nearly an hour after the accident happened before Mr. Baker was able to attract attention from the road. Then his calls were heard by Capt. Walter Sorrenson and William Henderson, of Fort McHenry.

According to a statement he made at the hospital, he and Mrs. Baker started on a gunning trip to York, Pa. Just before they reached the embankment she asked him for a pin. In searching for one Mr. Baker lost control of the machine and it plunged from the road.

GROWING BOYS AND GIRLS

should have all handicaps removed which would hinder their progress at school and in later years. The backwardness of school children is often, to a great degree, caused by defective vision. Careful attention should be given to the eyes of all children. Eye-twitching or squinting, or any other eye defects, are noticed proper steps should be taken to determine the cause. Will tell you whether glasses or medical attention are needed.

Misery From Catarrh, Sore Throat and Asthma Ends

Breathe HYOMEL. Kill catarrh germs. Get rid of catarrh. Looks easy? It's just as easy as it looks. Then why not start today to get rid of soreness and crusts in the nose? Catarrh breathes in the nose, day after day, and causes sneezing, coughing, spitting and offensive breath that loses you friends? Get a HYOMEL-outfit today. It only costs \$1.15. Open the box, take out the little hard rubber pocket inhaler, squeeze both ends. Inside the inhaler you will find some antiseptic gauze. Then take the bottle of HYOMEL from the box and pour a few drops into the inhaler, saturating the gauze. Now you are ready to breathe HYOMEL, the most penetrating, pleasant and antiseptic germ destroyer for all diseases of the respiratory organs. Breathe it five minutes and a stuffed up head will vanish. Breathe it four or five times a day for a few days and soreness, crusts in the nose, and that offensive discharge of mucus will disappear. Breathe it regularly for two weeks, kill the germs and restore the inflamed membrane to its natural condition. Remember that the inhaler you get with an outfit will last a lifetime, and if you need a bottle of HYOMEL there is the one that comes with the outfit, you can get it for 60 cents. For catarrh, coughs, colds, asthma, group and catarrh of the throat, HYOMEL is sold on money back plan by O'Tonnel's Drug Store and drugists everywhere.
