WAIT INDUSTRIAL PACT WITH FRANCE

PARIS, Nov. 17.—The Federation des Industries et des Commerçants Français are, thanks to the initiative of a Paris business man, Maurice Frings, interesting themselves actively in the formation of the country's future business employes. It is the object of the federation to create an important group of business men who will make themselves responsible for the placing of young men in industry and commerce under a three years' contract. During that period the chiefs are to engage themselves to pass their pupils through all departments. This has been practiced by German houses for some time past, and it is no doubt responsible for the superiority in intelligence of the cheap German clerk. This system, if carried into practice, will certainly do material good to French industry. It will guarantee that young men after their term of service are of real utility. They will count upon themselves for getting employment instead of, as has been so much the case formerly, getting their posts through influence.

Rheumatism A Home Cure Given by One Who Had It

In the spring of 1912 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as was obtained was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were formerly afflicted and who are now free from rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatism to try this marvelous healing power. Don't send a cent until you have your name and address and I will send it free to try. After you have used it and have proven itself to be that long-sought-for means of curing your rheumatism, you may see the price of it one dollar, but understand, I do not want your money unless you are perfectly satisfied. I send it in the faith that you will not for any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 1112 Gurnee Building, Syracuse, N. Y. Mr. Jackson is responsible. Above statement true.

PEACE TO EXPAND RED CROSS WORK

With the coming of peace the work of the American Red Cross is only just beginning, according to Red Cross officers here. Where before the Red Cross activities have been centered almost entirely on half a dozen battle fronts, the organization must now spread over the world to rebuild what four years of war has destroyed. First comes the rebuilding of the health and morale of the battle-scarred people of the countries over which the waves of war have ebbed and flowed. There are still thousands of soldiers in hospitals overseas and here who will need the service of the Red Cross nurse in their cure and final rehabilitation, it is stated. In China, Korea, and in the Arctic lands the Red Cross is planning to extend and build up its service. Many European countries want to develop training schools for nurses in connection with their Red Cross. In this country the Red Cross must always be ready in case of fire, flood or other disaster. Another after-the-war activity will be the drive to clean up and make sanitary the great congested districts of American cities which, because of unhealthy living conditions, usually fill the jails and juvenile court dockets. LA FOLLETTE CASE TO BE DISPOSED OF

The movement to expel Senator La Follette from the Senate because of the speech he made at St. Paul about a year ago, in which alleged disloyal remarks were uttered, will come to nothing, in the opinion of well-informed members of the upper house. After permitting the charges against the Wisconsin Senator to drag along for many months, the Senate Privileges and Elections Committee, headed by Senator Pomerene, has decided to dispose of them next Thursday. There is a peculiar situation in the Senate which is much to the regret of the Wisconsin Senator. With the Senate to be divided 48 to 47 after March 4, and the Republicans barely in the majority, most of the Republicans are not anxious to alienate La Follette by trying to oust him. To try to oust him might throw him into the arms of the Democrats. The Democrats, or some of them, would gladly maneuver to land the vote of Senator La Follette when it comes to organization of the Senate next spring. It would take a two-thirds vote of the Senate to oust Senator La Follette. At no time has there been a likelihood that a two-thirds vote to oust him could be mustered. ONE KILLED IN WRECK. ATLANTA, Ga., Nov. 17.—Motorman L. W. Whitaker, forty, was killed and Conductor W. D. Etridge was seriously injured here yesterday when the street car manned by them turned over in West End. The car carried passengers, in which mist-drizzling rain Whitaker lost control of the car as it rolled down an incline.
