**Cards
Calendars
Christmas**

A token of friendship need not be costly.

A simple card or an artistic calendar expresses at Christmas time all that can be expressed of friendship and esteem.

For either will bear witness to the single important fact that you remember and cherish

YOUR FRIENDS

Let us make your cards this year. The engraving department has been at special pains to secure for you a wonderful variety of decorated cards on which the engraving can be done from your own plate, if you wish. Or we will make a new plate for you.

Main Floor, Eleventh Street.

Any woman would find many uses for a candy jar of clear crystal with a broad gold band about it, and topped with a gold knob. It is of an unusually artistic shape, with wide, flaring top, and not only will it hold candies and salted nuts, but preserves would taste better from it, and long stemmed flowers could ask no lovelier container. The price is \$2.75. On the same table there is a broad, flat fruit bowl in the gold banded glass, that would grace any table; \$4.00 is its price, and as this gold banded glass is entirely new and of American manufacture it will make lovely gifts if you are seeking "something different."

Kate Hinton's Hints

THE INTERESTING DETAILS OF A FROCK of henna colored duvetyne make it such a modish thing that any woman who aspires to distinction in her garb would revel in it. Duvetyne has such a luxurious feel and look that it is used to fashion many of the better frocks. This particular one was straight of line, and round of neck, with just a line of herringbone in self-colored silk forming a fitted band about the low neck, and there was absolutely no trimming save two huge pockets of nutria. The effect was indescribably smart.

TO DOUBLE THE SPACE IN YOUR APARTMENT why not hang an artistic mirror in that wall space? No matter what size or shape you want you will find just the right mirror here, in any kind of frame that you may wish, and when you come to think of it, mirrors make very acceptable gifts for all occasions, and especially at Christmas time.

FITTED WITH RUBBER TIRES you will find go-carts for dolls, that look exactly like those for real babies. They are cunning little affairs of enameled wicker, priced at \$2.25.

THE MEN WHO "FOUGHT FOR RIGHT AND NOT FOR RIGHTS" appeal to all of us, and that is why everyone is so interested in stories of the war. The experiences of Private East are being shown at a local theater, and when you see the pictures you will want to read the book from which it was made. You will find it, priced 65 cents, in the Book Department.

THE CUNNINGEST TOYS FOR KIDDIES are being shown on the Second floor. There are kitties that say "meow" and dogs that growl as ferociously as you could expect a dog that is made of white crash and gray. Then there are boys and girls, and entire new rattles for the wee babies. All of these are just the kind of toys that little folk like, and they are so nicely made, and so light that they could not possibly hurt even the littlest kiddie. They are priced from 50 cents to \$1.75 each.

IF YOUR LOVED ONES ARE IN THE Y. M. C. A. SERVICE OVERSEAS you should fly the Y. M. C. A. service flag in your window. You will find them in silk, with the insignia in colors, on the

THE VERY THING THAT YOU HAVE BEEN WANTING, perhaps, is a syrup pitcher that is attractive as well as sanitary. And you will like these that are made of light floral cut glass with nickel top that can readily be removed for washing. With the top off you can also use the artistic glass pitchers for cream. Several styles are shown, priced at \$1.50.

MADE OF BAMBINO WITH ENAMELED BASES are bird cages much more artistic, perhaps, than you thought you could find. They came from Japan, and there are several sizes in both round and square cages. Prices are from \$3.25 to \$8.50.

PILLOWS FOR DAVENPORTS are new, and very useful, and there is nothing prettier to use for them than those lovely metal threaded table runners that come in such splendid colorings. Some folks like to make a set of pillows to match, using a long runner, for the center pillow, and square or round pillows for each end. No matter what kind you want to make, or to buy already made, you will find a great variety on the

NOTTING TIME IS HERE and a nut bowl with six picks would make a fine gift for your own, or somebody else's family. Mahogany finish bowls, complete with cracker and picks, are priced from \$1.35 a set, on the
