

TREATY DRAFT TO FOE BY THURSDAY

(Continued from First Page.) In the solution of the Russian problem. At the same time it is pointed out that the Hungarian situation may be cleared up as a result of the reported downfall of the dictatorship of Bela Kun at Budapest.

At the same time it is pointed out that the Hungarian situation may be cleared up as a result of the reported downfall of the dictatorship of Bela Kun at Budapest. Assistance in this direction will come from the fact that the Austrian delegates, who were formally invited to Paris, are expected to arrive on May 12.

American delegates resent the intimation that the Italian envoys were invited to return to Paris through the "Big Three." In American sources it is said that this intimation, which comes from both British and French official circles, is untrue.

It is insisted among the American that President Wilson has not changed his position, and that notification to this effect has been served upon Premier Lloyd George and Premier Clemenceau.

Members of the Military Affairs Committee of the House of Representatives telephoned to the President from the south of France, asking when they should return. It is understood they will leave on the Leviathan on May 10.

AUSTRO-HUNGARIAN ENVOYS TO GO TO PARIS THIS WEEK

VIENNA, May 6.—The Austrian and Hungarian delegates will leave for the peace conference the end of this week, it was learned today. The party will consist of thirty delegates and assistants, twenty secretaries and four newspaper correspondents. M. Dartlein will head the delegation.

POES GET ITALIAN CREDENTIALS.

PARIS, May 6.—Credentials of the Italian peace delegates were submitted to the German plenipotentiaries this morning.

THINK MAY 26 DATE FOR EXTRA SESSION

The White House has been besieged by so many inquirers and so many have been the rumors as to the date on which Congress will be called for an extra session that an official announcement is expected in the next day or two as a general answer. It was generally believed today that the date will be Monday, May 26. This belief is based on cables from Paris, which indicate that President Wilson intends to leave the peace conference in time to reach here by that date and by advice that the Italian situation is clearing.

NEWSPAPERMEN TO SEE ENEMY GET PEACE TERMS

PARIS, May 6.—President Wilson won a sweeping victory today when Premier Lloyd George and Premier Clemenceau were forced to agree to a proposal that forty-five newspaper correspondents be present in the Trianon Palace at Versailles to witness the presentation of the peace treaty terms to the Germans.

President Wilson made a personal visit upon the two premiers to urge this publicity. There will be five representatives from each of the big powers and the same number from Germany, the remainder being made up of representatives from the small nations.

LEAGUE OPPOSITION GAINS IN STRENGTH

With the return to Washington of several signers of the "round robin" opposition to the proposed League of Nations, even in its amended form, is gaining in strength. Among those who have returned are Senators Wadsworth of New York and Watson of Indiana. Both are unreservedly against the covenant in its present form.

Senator Wadsworth says that the people of New York will oppose ratification of the present draft. Senator Watson will vote for the covenant only after radical changes are made. Unless several changes are made, Senator Wesley Jones, of Washington, announces he will not vote for it.

The opposition has not given up hopes of winning over Senator McNary of Oregon and Senator Poinsett of Washington. The latter recently sharply criticized President Wilson's stand on the Japanese-Chinese controversy over the Shanghai peninsula.

GOVT. ASKS BRITISH AID IN BOMB OUTRAGES PROBE

NEW YORK, May 6.—British secret service assistance in running down the perpetrators of the mail bomb outrages has been requested by Federal authorities. It was said today. No explanation of the outrages was offered, but it was left to be inferred that some of the plotters may have made their way across the Canadian border and that their arrest in the dominion was asked.

"JESSE JAMES II" IS ARRAIGNED IN COURT

(Continued from First Page.) when the mountaineer entered the court and shot him dead. Morris was brought here secretly yesterday by Sheriff W. A. Malone, Deputy Sheriff C. F. Dorne and Sheriff Seward L. Martiller, of Elkins, W. Va. The latter captured Morris last week in Elkins.

Court was to convene with Judge John W. Fishburne, of Charlottesville, presiding. Present plans are to arraign Morris and take him immediately to Charlottesville to the Albemarle county jail. It is probable that the trial will be set for the first Monday in July. Clarence E. Gentry, a Charlottesville attorney, will direct the prosecution, assisted by Attorney Charles W. Allen, who has been employed by relatives of the dead man.

MORRIS HAS ATTORNEY.

Charles A. Hammer, of Harrisonburg, Va., has been engaged by George A. Morris, father of the outlaw to defend him. The trial of Harmon Shifflett, charged with being an accessory in the killing and with aiding Morris to escape, will not be held until after the charge against Morris has been disposed of. Morris spent last night in the Greene county jail here. All through the night a vigil was kept by armed guards, although few persons knew that the outlaw was in the little town. Sheriff Malone and Judge Fishburne today warned against any illegal move to liberate Morris.

With the strains of "Dixie" and the sound of cheers ringing in her ears, Miss Rebekah Fleming, of Tennessee, last night launched a wooden ship in a special tank at the Wilson Normal School in honor of the raising of nearly half a million dollars in Victory loan subscriptions by the employees of the Shipping Board. Miss Fleming was selected to launch the ship because she sold more Victory bonds than any other employee of the board. In competition with several other popular young women employed by the board, Miss Fleming turned in \$75,950 worth of bonds. Miss Flora Coleman, of New York, came second, with \$61,200 to her credit. Miss Nellie Fried, of Washington, took third honors by selling \$15,000 worth of bonds. The total purchase of bonds by employees of the Shipping Board, as reported last night by Secretary Converse, was \$469,000. The model which Miss Fleming launched last night becomes her personal property. An additional reward to her industry in selling bonds is the promise that she is soon to act as sponsor for one of the real vessels the Shipping Board is building.

AMERICAN LEGION DOES NOT BAR "REBEL VETS"

GEORGETOWN, S. C., May 6.—Col. Holmes R. Springs, of Georgetown, has made public a telegram from Lieut. Col. Theodore Roosevelt, of New York, saying: "I notice clipping saying the American Legion proposed to admit Union veterans and not Confederate veterans. This is absolutely untrue. If the committee at the convention decides to admit one both would have to be admitted. The question of eligibility, of course, is one for the convention. The Confederate Veterans is one of the organizations which is to welcome delegates at St. Louis. My own forebears are members of both the G. A. R. and Confederate Veterans."

From all of the twelve Federal Reserve Districts reports of a marked speeding up of the drive began to reach the Treasury Department today. Although subscriptions totaling \$2,000,000,000 would represent less than half of the minimum quota—\$4,500,000,000—Treasury Department officials were more optimistic than they have been at any stage of the campaign.

YANKS PAY \$50 FOR SELLING SOUVENIRS

Charged with selling souvenirs without a peddler's license, John Perkins, a discharged soldier, and Richard E. Simmons, a discharged sailor, both of whom said they had seen overseas service, today were each fined \$50 by Judge Hardison, in the District branch of Police Court. It was testified that the two men, representing themselves as patients at Walter Reed Hospital, and wearing the army and navy uniforms, were selling souvenirs from a Washington merchant. It was said the men had no authority to sell the souvenirs. Assistant Corporation Counsel Ringgold Hart read a letter to the court from Arthur Wood, of the Government Service Bureau, which urged that a ban be placed on the misuse of the uniform. When Perkins and Simmons admitted that they had no right to sell souvenirs, Judge Hardison imposed the fine.

Chief of Police Stahl said this morning that the party drove into Greensburg, but made no attempt to enter the barracks where the prisoners were confined. The expected mob attack developed only a small demonstration by a score of youths who rode into town on a truck, shouted and yelled, and departed when they were ignored.
