230,000 POLICIES HELD BY WAR RISK

Insurance certificates to the number of 230,000 are being held in the Bureau of War Risk Insurance of the Treasury Department. Of this number, 125,000 have been returned to

the bureau, because of incorrect address or because those to whom they are addressed have failed to inform the bureau of change of address. The remaining 105,000 are being held by the bureau for safekeeping at the request of the policy holders. In Pennsylvania the boys moved to Philadelphia, Pittsburgh, Harrisburg, and other of the larger cities in that State. New York has seen a big influx of soldiers and sailors and leads the country for centralization, but all Eastern cities have received their share of new citizens.

10,000 SAILORS TO VISIT WASHINGTON

A naval invasion of Washington will fill the city with white and blue uniforms the remainder of this week. About 10,000 men from the Atlantic fleet, stationed at Annapolis, will be given shore leave with permission to visit this city, and special trains have been arranged to bring them over each day.

The Atlantic fleet, under Admiral Mayo, presents an inspiring spectacle as it fills up most of Chesapeake bay around the Naval Academy, where it is anchored for naval week at the Academy.

Special arrangements have been made for the entertainment of the jacksies here by the War Camp Community Service, and theater parties, dances and sightseeing trips will be given in their honor.

Sightseeing parties will leave from the Knights of Columbus Victory Hut at Seventh and Pennsylvania avenue as soon as the men arrive. The various clubhouses of the War Camp Community Service will have receptions from 5 to 7 o'clock each evening, and there will be music and dancing.

BRITISH BEER PRICE JUMPS.
LONDON, June 5.—Increase of duties on beer has raised the price 803 per cent as compared with the price in 1914, and the increase in the price on spirits has raised the price 250 per cent—whereat, the brewers kick and complain that the Government is encouraging the use of spirits rather than beer.

True, the music of his organ ain't the best that could be played,
And it's full of sounds that oughtn't to be in it—I'm afraid.
But the kiddies here enjoy it from the time its first note starts
'Cause they've got the joy of livin' sunk 'way deep into their hearts.

Now, us grown folks, too, can learn the way to stand for life's discord
If we'll only keep the joyousness of livin' in us stored.
An' our pipes will taste the sweeter an' the world will seem true blue
If we live our lives like VELVET, natural, friendly, pure—all through.

Velvet Joe

The Friendly Tobacco 15c

Here's why VELVET is friendly!

Those things you like about VELVET—its mildness, fine taste, pleasing fragrance—are due entirely to Nature.

No interference with Nature; no hurry-up. It is this patient "ageing in the wood" that makes VELVET friendly.

Choice, silky leaves of Kentucky Burley are put away in hogsheads for two years. Just try a pipeload of VELVET. It will tell you more than a page of print.
