A Clean Cool Scalp

Parisian Sage Stops Itching, Keeps the Scalp Cool—Prevents Dandruff
Almost everybody nowadays knows that Parisian sage is guaranteed to remove every trace of dandruff, stop itching and itching scalp, cool the scalp, small as it is, will be refunded.
But you should know more about this marvelous hair grower. You ought to know that it immediately destroys all odors that are bound to come from the excretions of the scalp, and in five minutes after an application, no matter how hot the weather, your head will be cool and comfortable.
Everyone should have a bottle of Parisian sage hand because it is such a pleasant and exhilarating hair treatment. Ladies use it because they know it is delicately perfumed, not sticky or greasy, and surely does make the hair beautiful, silky and abundant. Here's what a New York woman writes: "I have used Parisian sage two weeks only, yet in that time my hair has wonderfully increased in beauty, thickness and luxuriance, but what surprised me most was the disappearance of all dandruff."
A large bottle of Parisian sage can be obtained from the People's Drug Stores or at any good drug or toilet counter—it's not expensive.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength and Vigor of Nerve Force.
Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and wrinkles by the soft, curved lines of youth and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness and often thinness and weakness are often

due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing so good as the organic phosphate known among druggists as bitro-phosphate which is inexpensive and is sold by the People's Drug Stores in Washington and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance, the increase in weight frequently being astonishing. Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a magic transformation with me. I gained 16 pounds and never before felt so well."
CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.
