Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and the scalp, makes the hair brittle, and the scalp, makes the hair brittle...

Simply moisten your hair with water and rub it in. One or two tea-spoons will make an abundance of rich, creamy lather, and thoroughly cleanses the scalp...

You can get Mulsified Cocoon Oil Shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

THIN PEOPLE NEED BITRO-PHOSPHATE

Increases Weight, Strength and Nerve Force in Two Weeks Time in Many Instances.

The average person is beginning to realize more and more that the lack of physical strength and nerve exhaustion (frequently evidenced by excessive thinness) are the direct cause of his struggle for the necessities of existence, but also for the handicap in this social aspirations. Compare the thin, sickly, angular frame with the well rounded form which is usually accompanied by the bloom of health and attractiveness.

That millions of people are conscious of this handicap is evident from the continued appearance in newspapers and magazines of numerous suggestions proposing various remedies in food or medicine or exercise, either of which might or might not be appropriate for a given case.

Authorities, however, agree that healthy nerve tissue is absolutely essential to a strong, robust body and mind. Weak nerves, while indicated by a multitude of different symptoms, more immediately and generally result in lack of energy, sleeplessness, irritability, depression, etc., which conditions gradually consume the healthy flesh, leaving ugly hollows, a flat chest, bony neck and scrawny arms and legs.

Our bodies need more phosphate than most of them are able to extract from the foods we eat nowadays, and many opinions affirm that there is nothing which may be taken into the human system that so effectively supplies this deficiency as the pure organic phosphate known as bitro-phosphate and sold by the People's Drug Stores in Washington and all good druggists everywhere.

The essential phosphoric food elements in bitro-phosphate assimilated by the nerve cells should soon produce a pleasing change in nerve energy and hence increased vitality and strength. With the burdens of nervousness, sleeplessness, lack of energy, etc., lifted, normal weight with its attractive fullness and ruddy glow of health replaces the former picture of skin and bones. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought a magic transformation with me. I gained 15 pounds and never before felt so well."

CAUTION—Although Bitro-Phosphate is unexcelled for the relief of nervousness and attendant disorders, owing to its tendency to increase weight, one should watch the scales while taking it unless it is the desire to put on flesh.

rites Tomorrow For Mrs. Spencer

Funeral services for Mrs. Samuel Spencer, widely known local social and philanthropic worker, who died Tuesday at Tuxedo Park, N. Y., will be held tomorrow afternoon in St. Mary's Church at Tuxedo. The body will be brought to this city for interment in Oak Hill Cemetery.

Mrs. Spencer was born in Columbus, Ga., the daughter of the late Gen. H. L. Benning, C. S. A. She was seventy-one years old.

She was a member of the Society of Colonial Dames of New York, Daughters of the American Revolution, the National Society, Chevy Chase Club, Tuxedo Club, and the Montgomery County Club.
