

**WING WILL PLAN
D. C. CHURCH DRIVE**

District's Quota of Huge Fund
To Be Raised by Thirty
Denominations.

A conference of representatives of the Washington churches taking part in the Interchurch World Movement is to be held Tuesday in the First Congregational Church.

At this meeting plans will be perfected for a local organization to raise the District's quota of the \$336,777.572, the national financial objective for 1920. This budget has been prepared by the thirty denominations participating in the movement, and each has set its own goal.

Appoint Committee.
C. Melvin Sharpe is the campaign director of the Interchurch World Movement for the District of Columbia. He will explain in detail the plans for the entire financial campaign to be carried on here. Committees will be appointed and arrangements made for "teams" to carry on the drive for funds, which opens April 25 and continues through May 2.

The conference will open at 10:30 a. m. with devotional service in charge of Rev. L. St. Clair Allen. Mr. Allen will make a statement of the Interchurch World Movement, and of the world conditions as disclosed by a survey made by the churches.

To Direct Campaign.
Luncheon will be served and denominational rallies and meetings of special groups of the church financial campaign directors. These meetings will be under the arrangement of Mr. Sharpe. In the afternoon Henry F. Lutz will discuss the foreign survey made by the churches. Mrs. M. M. Pootat will deliver an address particularly with reference to the part the women must play, and their needs; John S. Barber will speak on laymen's activities; Rev. C. A. Shreve will present the evangelistic program; Rev. C. T. Ely will present the departmental representatives; Rev. C. A. Shreve on spiritual resources; Dr. W. A. Morgan on stewardship; Dr. E. B. Bagby on life service; and Dr. H. Ranck on missionary education.

Young People's Meetings.
A district organization statement will be made by Mr. Allen. Supper will be served from 6 to 7, which will be followed by devotional services and addresses by Rev. C. T. Ely on the composite survey, with lantern slides.

A young people's meeting will be held in the Sunday school room from 4:30 until 9:30 under the direction of Rev. C. H. Lutz, at which addresses will be delivered by Mr. Lutz, Earl Wilfley, Mr. Shreve, Dr. Morgan, Dr. Bagby, Dr. Ranck, and Dr. G. G. Johnson. Supper will be served for young people also.

**MRS. CUMMING NOT RICH,
HER ATTORNEY CLAIMS**

Lawyer Offsets Story Slain Husband Left Large Estate—Boy Is Insurance Beneficiary.

HAMPTON, Va., April 11.—The belief that Mrs. Mittie Jester Cumming, who was acquitted on Wednesday on a charge of murdering her husband, S. Gordon Cumming, on February 7 last, will come into a large fortune, through her legal interest in her husband's estate, is altogether at variance with the facts in the case, it develops.

According to the records in the case, Cumming, although supposed to be a man of considerable means, was found to be considerably in debt at the time of his death. His executor, W. C. Tallafiero, of Hampton, has stated that the estate is barely sufficient to pay these debts in full.

Richard Evelyn King, of Richmond, defended Mrs. Cumming without charge, both against the divorce proceedings as well as against the charge of murder. He stated that he hoped to secure for the widow, who is without means, the homestead exemption, to which she is entitled under the Virginia laws. This may amount to about \$1,000, the attorney stated, and will represent the entire amount of money which Mrs. Cumming will have.

Cumming left a \$5,000 life insurance policy, in which their son, Kenneth, for whose sake Cumming arranged the strange marriage, came in order that he might bear his father's name, is named as beneficiary. This, Mr. Byrd stated, he planned to invest in Liberty bonds for the benefit of the boy.

PLAN CANNING CLUB.

DECATUR HEIGHTS, Md., April 11.—The Decatur Heights Citizens' Association at its April meeting discussed plans for organizing a canning club. A committee was appointed to procure signs to be placed at street intersections and to arrange for the numbering of houses.

**Rupture Kills
7,000 Annually**

Seven thousand persons each year are laid away—the burial certificate being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely taking care of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself? By wearing a truss, applying ointment, or name you choose to call it? At best, the truss is only a makeshift—a false prop against a collapsing wall—and cannot be expected to act as more than a mere mechanical support. The binding pressure retards blood circulation, thus robbing the weakened muscles of that which they need most—nourishment.

But science has found a way, and every truss sufferer in the land is invited to make a FREE test right in the privacy of their own home. The PLAPAO method is unquestionably the most scientific, logical and successful treatment for rupture the world has ever known.

The PLAPAO PAD when adhering closely to the body cannot possibly slip or shift out of place, therefore, cannot chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached.

Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to PLAPAO CO., block 165, St. Louis, Mo., for FREE trial Plapao and the information necessary.
