SALES TAX PLAN CONSIDERED BY BLOC IN SENATE

New and Other Leaders Favor Smoot Proposal—Mondell Threatens House Revolt.

By J. BART CAMPBELL, International News Service.

Senator Smoot's manufacturers' sales tax plan is being weighed carefully today by the "tax bloc," formed on the Republican side since consideration of the pending tax revision bill was begun.

Among the Republican Senators identified with the newest bloc are Senators Capper of Kansas, McNary of Oregon, Gooding of Idaho, McCormick and McKinley of Illinois, Lenroot of Wisconsin, Cameron of Arizona, Harrold of Oklahoma and Odde of Nevada.

Three Plans Considered.

They now have three important phases of the tax situation under consideration: (1) the Smoot plan, (2) the proposed abolition of the higher income surtaxes, and (3) the planned repeal of the excess profits tax.

It is expected that they will reach a decision regarding all three within the next twenty-four hours, which will probably have an important bearing on the jumbled tax situation which has tied the Republican side of the Senate in a confusing tangle of cross purposes and conflicting opinions.

Open declarations in favor of the Smoot sales tax by influential Republican Senators like New of Indiana, Moses of New Hampshire, McLean of Connecticut, and Dillingham of Vermont has already had considerable effect upon the situation, although Senator Fenrose of Pennsylvania, chairman of the Finance Committee, and his "old guard" associates refuse to concede Senator Smoot's assertion that more than a majority of the Republican side will support his plan.

Mondell Against Sales Tax. Congressman Mondell of Wyoming, the House Republican leader, is personally advising Republican Senators against the adoption of a sales tax.

croquette and salad for lunch. On top of this a soda confection is apt to add to the indigestion. It is a good rule to follow each meal with a Stuart's Dyspepsia Tablet to avoid dyspeptic results due to eating and drinking. Should the stomach sour with water-brash, biliousness, and the peculiar gasiness due to indigestion these tablets bring relief because they supply the alkaline effect to the stomach and thus offset the acidity of such dyspeptic conditions.

It is well to know this and not deny yourself the pleasures of the good things to eat and drink through fear of indigestion. You will find Stuart's Dyspepsia Tablets on sale in all drug stores at 60 cents a box.

Be Suspicious of Tender Gums

Be suspicious of any tenderness or bleeding of the gums. This is usually the first stage of Pyorrhoea—an insidious disease of the gums that destroys the teeth and undermines bodily health.

Gradually the gums become spongy. They inflame, then shrink, thus exposing the unenameled tooth-base to the ravages of decay. Tiny openings in the gums form gateways for disease germs to enter the system.

Medical science has traced many ills to these infecting germs in the gums weakened by Pyorrhoea.

They are now known to be a frequent cause of indigestion, anaemia, rheumatism, and other serious conditions.

So watch carefully for that first tenderness or bleeding of the gums. Try Forhan's immediately. It positively prevents Pyorrhoea (Rigg's Disease) if used in time and used consistently.

And in preventing Pyorrhoea—it guards against other ills. Forhan's For the Gums cleans teeth scientifically as well. Brush your teeth with it. It keeps them white and clean.

Brush Your Teeth With Forhan's—How to Use It. Use it twice daily, year in and year out. Wet your brush in cold water, place a half-inch of the refreshing, healing paste on it, then brush your teeth up and down. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c. All druggists. Formula of R. J. Forhan, D. D. S.
