**T**OMORROW we have the formal Spring opening of our Ten Soda Fountains, and we shall appreciate a visit from everyone. We take this time to speak of the effort we make to keep our fountains above the standard in sanitation, cleanliness and quality—all glasses, spoons, etc., are carefully sterilized between each use, and in, around and under our soda fountains you'll find a pleasing absence of dirt—your children are as safe when they partake of our soda products as they are when consuming the products from your own kitchen.

In the matter of quality we pride ourselves in purchasing only the choicest and purest of food and fountain products; nothing of an inferior, secondary or doubtful quality may find itself behind our soda counters.

You'll like Peoples soda—and Peoples soda service, and you can bank on the fact that you are getting the utmost in quality and purity.

"Be sure and safe—try Peoples."

## Don't you just love wonderful pastry?

Big fat luscious pies filled with fine fruits and encased between crusts of indescribable goodness. Holmes home-made, especially for us.

French pastries that fairly "melt away in your mouth"—Holmes Home-Made.

Sumptuous Strawberry Short Cake, made from fresh strawberries—and also, of course, by the master bakers, Holmes. A big, generous piece only 10c.

And many, many other good things—Holmes made—at all our Downtown fountains fresh every day.

## Bensdorp's ROYAL DUTCH COCOA

Makes our Chocolate Ice Cream Sodas the best to be had—and the talk of the town

Bensdorp's Cocoa is the very best we know of—it comes direct from Holland, made by that celebrated Dutch process that makes their cocoa unparalleled for richness and fullness of flavor. It is smooth, dark and delectable. We use Bensdorp's Cocoa exclusively in the manufacture of our chocolate syrup which goes into our Ice Cream Sodas, Milk Shakes, Malted Milks, etc., and on our wonderful Chocolate Sundaes.
