The children, and older folks too for that matter, were assembled in a goodly number, were provided with an abundance of nice things and had a good time generally. Charles Town was visited by fire shortly before noon yesterday, and for awhile the aspect was very serious. The fire originated in the stable of Mr. L. D. Getzlander, in rear of the Rink Hardware Store, and when discovered flames were bursting out the side next to the alley.—Three of Mr. G.'s valuable Hambletonian horses were in the stable, and another of them in the stable of Mrs. Miller, just across the alley. They were all gotten out, but one of them, the fine bay stallion "Captain," was severely burned. Mr. Getzlander's two stables and corn-house were burned, and his long shed nearly all destroyed. On these buildings there was an insurance of \$200, with agency of Mr. David Howell. The stable of Mrs. M. V. Miller and one attached to the parsonage property of the M. E. Church South, on the opposite side of the alley, were both burned—the former insured with agency of Washington & Alexander for \$75, and latter with agency of Mr. C. F. Gallaher for a like amount. Whilst there was some little difficulty in getting the fire apparatus promptly to work, the blowing of the water supply, willing firemen and good fire apparatus were manifest in preventing what might otherwise have been a far more serious disaster.
