

Sword Presentation. Capt. A. F. McCown of Company F, 13th Regiment Va., Vol. Infantry, has been presented with a splendid new sword from Mr. L. H. Sargent, of Cincinnati, as a reward for his gallantry and loyalty to his country, in this her time of deep affliction, in taking up arms to defend her flag from the encroachments of its implacable foes, and to preserve the government in its purity, that generations yet to come, may be permitted to enjoy in all their heights, and depth and breadth, the blessings of civil and religious liberty. May his life be preserved to his country, and he be permitted to gather many laurels on the battlefield, and afterward to enjoy the rich boon of a peace, honorably conquered.— And we assure the man who presented this emblem of power, will never have it to say that it was bestowed upon an unworthy person. Capt. McCown is a man who is in every respect able and will preserve its blade, untarnished from disgrace. w. w. n.

Rebel Conscript Acts. Everywhere in Western Virginia where the rebels have the power they are enforcing the conscription act. In the Kanawha Valley as we learn from reliable gentlemen from that quarter, they seize every able-bodied man and take him to camp without judge or jury.— They have no surgeons to examine whether men are exempt. The executioner is the judge of a man's competency. The same is true of Hampshire and adjoining counties, in Gen. Kelley's department. A rebel officer taken by Gen. Kelley a day or two ago had in his possession an order signed by one Colonel Funck, Commissioner for the enforcement of the Conscript Act, authorizing him to arrest all able bodied men where ever he could seize them in Virginia, and take them to Imboden's camp at Morefield. Among the able bodied men thus captured we have the name of Mr. Trout, member of the Legislature from Hampshire county, who was arrested some ten days ago and is now in Morefield under guard.—[Wheel Int.]

Stranger in Town. We have been gratified by a call from Frederick Ayer Esq., the business man of J. C. Ayer & Co., Lowell. A short acquaintance with the gentleman convinces us that not the Doctor's skill in compounding his medicines alone concerned, but that it takes business talent of the highest order to pass them around the world. Mr. Ayer, manifestly has these abilities and the success of his business shows that he uses them.—Memphis Whig, Tenn.

From Jackson County.—The Rebels Driven Out.—A letter was received in the city last evening stating that on Friday afternoon Col. Frost of the 11th Virginia Infantry started Lieut. Lytle with 40 picked men towards Ravenswood and Saturday morning the Colonel followed with twenty mounted men. He reached Ravenswood, Jackson County, on Saturday night finding the town clear of rebels. Lytle had reached there about one hour before and finding no rebels pushed on towards Ripley Sunday morning. The rebels had left Ripley and Lytle followed hard after them, capturing men and horses. Col. Frost told the rebels at Ravenswood that Lowry's proclamation was a cheat and a delusion and that he could give them no protection. They were dreadfully alarmed.— Col. F. ascertained that the rebels were sending immense quantities of salt into Eastern Virginia. Lieut. Lytle was instructed to harass the enemy as much as possible, to seize their horses and follow them to Charleston. The rebels numbered about three hundred at Ripley but they wouldn't meet Frost. Rebel officers were heard to remark that their stay in Kanawha would depend very much upon the success of their arms in Maryland, and it is Col. Frost's opinion that if pressed upon now they would easily be driven from the Kanawha Valley.—[Wheel Intelligencer.]

The Rebel Position. The report telegraphed the New York papers on the authority of Sigel's scouts, and deserters, to the effect that Joe Johnson, with three rebel divisions, was near Culpepper, is denied by the Star, whose editor, having a plantation in the vicinity, has good opportunities for information. He says he has positive knowledge that on Sunday morning last the only rebel troops in and around Culpepper were the 13th Virginia Cavalry, then encamped on the railroad one mile and a half east.

The force was doing picket duty along the south bank of the Rappahannock river. Three small regiments of infantry and two of cavalry were posted at Rappahannock Station. No rebel troops were between Culpepper and Warrenton, except picket guards, nor on the road from Warrenton to Leesburg via Thoroughfare Gap, below which road the country is virtually, entirely, in possession of our troops. Yesterday morning but three rebel soldiers of the Loudon Cavalry were in Leesburg.

THE WAR IN KENTUCKY. LOUISVILLE, Oct. 9.—A messenger who left Perryville yesterday has just arrived. No more fighting had occurred, but the army was on the eve of advancing, and hot work was soon anticipated. The rebels were at Harrodsburg preparing to stand, because they cannot escape. The enemy were not pursued on Thursday for three reasons: First, it was known that they could not run far; second, our men needed rest after a long march fight, without water; third, our commissary supplies had not come up. The entire army was in good spirits, and anxious to avenge their fallen comrades. LOUISVILLE, Oct. 12.—Captain Watson of the 30th Indiana, who has just arrived from Perryville, which place he left yesterday afternoon, reports a tremendous battle raging near Harrodsburg between the combined forces of the opposing armies. The fighting commenced about 8 o'clock in the morning, and culminated in a general engagement near noon. The result is not known but it is believed to be favorable.

LATER.—A portion of Dumont's forces yesterday, captured at Versailles, a train of wagons, two pieces of artillery and three hundred and fifty rebels, without a fight. On Friday our cavalry captured one hundred and fifty wagons, containing over one hundred thousand rounds of ammunition, on the road between Danville and Camp Dick Robinson. The rebels are believed to be entirely surrounded, and Buell's combinations such that they cannot escape.— There is great excitement in the city.

An official dispatch confirms Colonel Lytle's safety. He is at Bardstown, and will be here to-morrow night. The report which you may have heard that the rebels captured a train of one hundred wagons near Frankfort, had its origin in the capture of seventeen wagons, eleven belonging to sutlers and the remaining six being nearly empty. Private advices from Louisville state that Bragg has been driven back to Camp Dick Robinson. Kirby Smith is supposed to have joined him. Gen. Nuling in Louisville says that our army has been successful. The Mayville Eagle says a dispatch was received by John C. Breckinridge's wife to meet him at Danville on Monday last.

In the fight at Perryville, Ky., the Federal force was 16,000; the rebel force was 62 regiments, the aggregate, 30,000 Federal loss 590 to 600 killed, 2,300 wounded, and 440 prisoners. The latter were paroled by Buckner. The rebel loss is 1,300 killed, including one General not named, and fourteen Colonels and Lieutenant Colonels. This number of killed is admitted by the rebel Medical Director of Gen. Cheatham's Division.

It is reported Woolford's cavalry captured over 100 wagons, 1,000 prisoners, and one battery, on Friday, between Perryville and Harrodsburg. Gen. Dumont is at Frankfort. Marshall it is said, left Lexington on Sunday last, with his whole force—2,000 infantry and 460 cavalry, it is believed. Marshall and the forces driven from Versailles are at Nicholasville, and report the rebel force at about 5,000. They heard heavy and constant firing for many minutes after they left. Kirby Smith left Lawrenceburg with his whole command, Friday morning, and effected a junction with Bragg on Friday afternoon. Our forces were massed on Friday between Perryville and Harrodsburg. They are reported to have formed in line of battle about six miles from Perryville. Captain Watson of Co. G, 80th Indiana, wounded somewhat severely arrived here. He left Perryville yesterday, was overtaken by a messenger who left Perryville two hours later.

In a skirmish Thursday, near Lawrenceburg, between the 19th Regulars and First Ohio Cavalry against Col. Scott's rebel cavalry, Col. Scott was wounded and is now a prisoner at Bardstown. 130 rebel prisoners from Perryville including ten lieutenants arrived to-night.

The Battle of Perryville. WASHINGTON, October 13.—It is understood that a dispatch from Gen. Boyle dated at Louisville at ten o'clock last night, reached here this morning, saying that it was generally believed that General Bragg and Cheatham were both killed in the engagement of Wednesday last near Bardstown. That our loss of killed wounded and missing, was between 1,500 and 2,000, while that of the enemy was much larger, and that we held the field that night and skirmished with them in the retreat next morning.— When his dispatch left Louisville a courier was expected to arrive in the course of the night, bringing details of the pursuit of the rebels, and of a battle which was probably fought yesterday. Gen. Boyle expresses his belief in the truth of the account of the killing of the rebel Generals Bragg and Cheatham in the action of Wednesday, then prevalent in Louisville.

Rumors of a Great Battle in Kentucky. New York, Oct. 13.—The following is a special to the Herald: "A private dispatch says that a great battle was fought yesterday, between Harrodsburg and Danville, heavier than Wednesday's battle. Woolford took one hundred and sixty wagons and one thousand rebel prisoners retreated to Camp Dick Robinson.

Beuregard's Programme in the West. WASHINGTON, Oct. 13.—Important papers were some time ago captured by Gen. Buell, which were being transmitted for file to Brigadier General Thomas Jordan, Assistant A. G. of the rebel army at Chattanooga, Tenn. These papers include confidential letters from General Beuregard both to Adjutant General and Inspector Cooper, and to General Bragg, specifically laying down a plan for military operations in the West and Southwest, by which our forces were effectively concentrated to meet the demonstrations recently made in pursuance of it. According to Beuregard's programme the objective points of the rebels were first Louisville, then Cincinnati, and he was particular in stating how best to reach them from Chattanooga, with Buell at Huntsville and Stevenson. It was his opinion that a detachment could take Louisville while the main body could be marching to Cincinnati. He contemplated the construction of a work at the former city for the command of the Ohio River and canal as soon as possible, so completely that future travelers would hardly know where it was. To keep the command of Cincinnati, he would construct a strong work, heavily armed at Covington.

DR. ROBACK'S BLOOD PURIFIER and BLOOD PILLS

have been introduced to the public for more than six years, and have acquired an immense popularity, far exceeding any Family Medicines of a similar nature in the market. An appreciating public was not long in discovering their possessed remarkable Curative Properties, and hence their Rapid Sale and consequent profit to the Proprietor, thus enabling him to expend Many Thousands of dollars each year in advertising their merits, and publishing the Numerous Certificates which have been showered upon him from All parts of the Country.

The peculiarity of the Blood Purifier and Pills is that they strike at the root of Disease, by eradication every particle of impurity in the Blood, for the life and health of the body depends upon the purity of the blood. If the blood is poisoned, the body drags out a miserable existence. These medicines are unequalled for curing Scrofula, Liver Complaint, Skin Diseases, Female Complaints, Salt Rheum, Rheumatism, Dropsy, Erysipelas, Old Sores, Leucorrhoea, Sick Headache, Tumors, Eruptions, Fits, Scrophulous Consumption, etc.

ONE person writes, her daughter was cured of fits of nine years' standing, and St. Vitus' dance of two years. ANOTHER writes, his son was cured after his flesh had almost wasted away. The doctors pronounced the case incurable. ANOTHER was cured of Fever and Ague after trying every medicine in his reach. ANOTHER was cured of Fever Sore which had existed fourteen years. ANOTHER of Rheumatism of eight years. Cases innumerable of Dyspepsia and Liver Complaint could be mentioned in which the Purifier and Pills Work like a Charm. The Blood Pills are the most active and thorough pills that have ever been introduced. They act so directly upon the Liver, exciting that organ to such an extent as that the system does not relapse into its former condition, which is too apt to be the case with simply a purgative pill. They are really a Blood and Liver Pill, which, in conjunction with the Blood Purifier, will cure all the aforementioned diseases, and of themselves will relieve and cure Headache, Costiveness, Colic Pains, Cholera Morbus, Indigestion, Pain in the Bowels, Dizziness, etc.

Try these medicines, and you will never regret it. Ask your neighbors, who have used them, and they will say the same. Get a Pamphlet or Almanac of my local agent, and read the certificates, and if you have ever doubted you will Doubt no more.

As a proof that the Blood Purifier and Pills are purely vegetable, I have the certificates of these eminent authorities, Professors Clinton of New York, and Beck of Cincinnati. Read Dr. Roback's Special Notices and Certificates published in a complete part of this Paper from time to time. Price of the Scandinavian Vegetable Blood Purifier and Pills, \$1.00 per box, 25 cents per box, 5 boxes for \$5.00.
