

Shocking Steamboat Disaster.

St. Louis, Nov. 7.—At about 10 o'clock yesterday morning, the steamer J. H. Dickey, when 10 miles above St. Genevieve, exploded one of her boilers, killing and wounding several of her passengers and crew.

About fifteen minutes afterward, when the passengers were still wandering about the cabin, not yet recovered from the first alarm, another terrible shock was experienced, and the forward cabin was instantly filled with scalding steam.

The cause of the explosion remains uncertain, the Engineer stating it to be from the shock occasioned by striking the shore, which disorganized the boilers, while others maintain that the boilers were old and defective.

The Pilot states that the cause of the vessel going ashore was from the signal to back water being misunderstood.

Among the killed is Lieut. F. Dodge, 6th U. S. Cavalry of Philadelphia; Henry Eaton, Clerk, was dangerously scalded.

Several persons are known to have been blown overboard, and others jumped into the river and were drowned.

At 8 o'clock this morning the steamer Warner came along and brought the remainder of the Dickey's passengers and crew to this city.

All unite in bearing praise to Captain Musselman for his bravery and judgment.

Later From the Potomac.

WARRENTON, Va., Nov. 7.—4 P. M. The army corps of Gen. Reynolds took possession of this place unopposed yesterday. The place was occupied by Col. Raine, with about 400 men and two howitzers.

General Langstreet's army corps had occupied Calpepper Court House for several days, but left last Saturday. It was generally reported that he would encamp on the hills south of the town.

Gen. A. P. Hill's command was here on Thursday, but retreated upon the advance of our troops.

Reliable citizens confirm the general belief of intelligent officers, that Gen. Lee has succeeded in eluding Gen. McClellan, and that a large portion of Lee's army is at Gordonsville.

Gen. A. P. Hill's force and Gen. S. W. Gen. Lee. The former was at Chester Gap on Wednesday.

Gen. Pleasanton had pushed General Stuart to Flint Hill. Our troops found 270 wounded rebel soldiers in the hospital here. Great distress prevails among the citizens, hereabouts for the necessities of life. All the stores are exhausted of supplies and closed up. Cars are expected to arrive here to-morrow. The snow storm continued till late this P. M.

Lieutenant Colonel Blunt of Gen. Longstreet's staff was captured by Bayard's Cavalry. Blunt is Provost Marshal in the rebel army and was inspecting his picket at the time he was captured.

Leading rebels here prophesy a great battle hereabouts in a few days; they represent that Stonewall Jackson is only ten miles off with a force of 70,000, and that Bragg is at Gordonsville in great force. They also say that there is but little doubt that Jackson is threatening to attack our force at Waterloo.

From the Lower Mississippi.

Cairo, Nov. 7.—The expedition from Helena down the river forty miles, has returned. It saw nothing of any rebels in force.

Last Friday a detachment of the 46th Indiana on picket duty was attacked by rebel cavalry. The latter were repulsed with severe loss, the number of which is not stated. Our loss killed 1 wounded.

Hindman's outlaws having committed sundry depredations upon Union citizens in the vicinity of Helena, the Federals have retaliated on the secession sympathizers. A number of fine farms have been destroyed.

Information from Memphis says that on the 4th there was a large rebel force between Collierville and Memphis burning cotton and committing depredations.

Military Movements in Arkansas.

St. Louis, Nov. 8.—We hear nothing of especial interest from Gen. Schofield's army. The rebels don't appear to have attempted to regain their lost advantage, or to repossess themselves of any part of Missouri territory. They have been pursued into Boston Mountains, and will certainly be compelled to retreat beyond the Arkansas river.

The rebel column that was to take Pilot Knob and Cape Girardeau from the south east by the way of Pocahontas have not yet achieved such results; on the contrary, they have been driven below Pocahontas, and Parties of Gen. Siegel's forces are so disposed at Pittman's Ferry and other points that it will be impossible for the enemy to obtain a foothold in that quarter.

A registered was mailed at the New York office a few days ago, the postage on which, prepaid by stamps, amounted to \$148.45. It was addressed to London, and the contents were stated by the postmen to be of the value of \$700,000.

Revenue Stamps.

WASHINGTON, Nov. 9.—The Acting Commissioner of Internal Revenue in a letter to a committee in New York, says Government has increased facilities for supplying revenue stamps, and all orders now in of kinds already engraved will be filled before the 15th inst. Within a very short time the plates for all orders supplied promptly. When this can be done, an order will emanate from the Department, giving notice that, after a certain day, stamps must be used, or a penalty will be enforced in all cases where stamps can be promptly furnished by the Government on application.

McClellan's Removal in Philadelphia. PHILADELPHIA, Nov. 9.—The removal of McClellan caused great excitement. Among the rumors of the cause is that some instructions from the General-in-chief were not followed, and Lee escaped in consequence. Foxy's Press of to-morrow says it was a purely military act, and the result of a military consultation and discussion. Although recommended to the President and approved by him some days ago, it was only finally resolved upon after a change became inevitable. No act of the present Administration has been a subject of greater deliberation.

From Washington.

WASHINGTON, Nov. 10.—The World correspondent with the army of the Potomac arrived in town to-day. He says the mutiny so confidently predicted by McClellan's friends has not taken place. Not a musket has been stacked nor a man refused to serve or talked of refusing. The Herald's story to the contrary is simply a lie.

The army is concentrating and will speedily advance until the enemy is found. The rebel army is leisurely falling back. Jackson passed through Chester Gap on Wednesday just ahead of McClellan. Gen. Wadsworth went to the front to-day, on invitation of Gen. Burnside.

Since the battle of Antietam all commanders of corps except Gen. Fitz John Porter, and exclusive of Franklin, have asked to be relieved from serving under McClellan. So have most of the officers of note in command of divisions and brigades. Hooker and Hunter have also expressed an unwillingness to serve under McClellan. The opinions of Judge Holt and others well qualified to judge, that so far from leading to a disorganization of the army, McClellan's removal is a remedy for that which was impending.

A dispatch from Warrenton, says that mystery shrouds the rebel movements.—The Waterloo bridge burned by the rebels was 300 feet long.

The rebels are in full force at Culpeper and Gordonsville. The line to Harper's Ferry and Berlin has been abandoned; the rebels have picked up stragglers and wagons going thence contrary to orders. Gen. Sumner is assigned to the command of the 2d and 6th army corps.

There is no dissatisfaction with the removal of McClellan expressed by leading officers; quite the contrary. Burnside is a universal favorite, and is cheered wherever he goes. Yesterday a long conference was held with him by the corps commanders.

There is nothing in the latest foreign intelligence to lead to an apprehension of trouble between the United States and foreign powers in connection with American affairs, unless it be from the persistent course of English merchants and speculators in fitting out privateers to prey upon American commerce.

The Pennsylvania Railroad Company are having constructed several iron cars for the use of their road. The inventor of this new vehicle claims that it is many tons lighter than a wooden car, and much stronger, that it will last much longer, and is almost entirely secure from accident.

NAPOLEON, Henry Co., O., July 7, 1858.

D. C. W. ROBACK, Dear Sir:—For the benefit of suffering humanity permit us to announce through the columns of your circular, the surprising properties of your Scandinavian Purifier and Blood Pills, which is a sure cure for Indigestion and Liver Complaint. We have several persons in town, who have been suffering with the Liver Complaint and Indigestion, and notwithstanding that we have good physicians as can be found in Northern Ohio, yet the disease baffled their skill. Consequently we were in a state of despondency until we commenced using your Pills, through and by the advice of our friend, Mr. Brennan. We used the medicine according to directions, and are now full of life and hilarity, and our gratitude is equal to our improvement in health and spirits. When we take into consideration what we have been, and what we are at present, we feel like charging ourselves of the sin of ingratitude, if we did not try to announce to the public the great benefits of your Medicine. Therefore we recommend to the public at large, the expediency of having recourse to your valuable Medicine, and consequently, as in duty bound, discharge what we feel to be our duty, in advising persons who are suffering as we have suffered, to make use of the only true and sure cure for the diseases already mentioned.

Mrs. OWIN, Mrs. BRENNAN, Mrs. HEATON.

THE SCANDINAVIAN MEDICAL DRUG STORE.

"No post-offices contracts our power, For the whole boundless Continent is ours."

DR. ROBACK'S BLOOD PURIFIER and BLOOD PILLS

have been introduced to the public for more than six years, and have acquired an immense popularity, far exceeding any Family Medicines of a similar nature in the market.

An appreciating public was not long in discovering they possessed remarkable Curative Properties, and hence their Rapid Sale

and consequent profit to the Proprietor, thus enabling him to expend Many Thousands of dollars each year in advertising their merits, and publishing the Numerous Certificates which have been showered upon him from All parts of the Country.

The peculiarity of the Blood Purifier and Pills is that they strike at the root of Disease, by eradicating every particle of impurity in the Blood,

for the life and health of the body depends upon the purity of the blood. If the blood is poisoned, the body drags out a miserable existence. These medicines are unequalled for curing Scrofula, Liver Complaint, Skin Diseases, Female Complaints, Salt Rheum, Rheumatism, Dyspepsia, Syphilis, Old Sores, Fever and Ague, Leucorrhoea, Bile Headache, Erysipelas, St. Anthony's Fire, Tumors, Eruptions, Fits, Scrofulous Consumption, &c., &c.

ONE person writes, her daughter was cured of fits of nine years' standing, and St. Vitus' dance of two years.

ANOTHER writes, his son was cured after his flesh had almost wasted away.

ANOTHER was cured of Fever and Ague after trying every medicine in his reach.

ANOTHER was cured of Fever Sore which had existed fourteen years.

ANOTHER of Rheumatism of eight years.

Cases innumerable of Dyspepsia and Liver Complaint could be mentioned in which the Purifier and Pills Work like a Charm.

The Blood Pills are the most active and thorough pills that have ever been introduced.

They act so directly upon the Liver, exciting that organ to such an extent as that the system does not relapse into its former condition, which is too apt to be the case with simply a purgative pill.

They are really a Blood and Liver Pill, which, in conjunction with the Blood Purifier,

will cure all the aforementioned diseases, and, of themselves, will relieve and cure Headache, Costiveness, Colic Pains, Cholera Morbus, Indigestion, Pain in the Bowels, Dizziness, &c., &c.

Try these medicines, and you will never regret it.

Ask your neighbors, who have used them, and they will say they are Good Medicines, and you should try them before going for a physician.

Get a Pamphlet or Almanac of my local agent, and read the certificates, and if you have ever doubted you will Doubt no more.

As a proof that the Blood Purifier and Pills are purely vegetable, I have the certificates of those eminent chemists, Professors Chilton of New York, and Locke of Cincinnati.

Send Dr. Roback's Special Notices and Certificates published in a convenient part of this Paper from time to time.

Price of the Scandinavian Vegetable Blood Purifier, \$1 per bottle, or \$3 per half dozen. Of the Scandinavian Vegetable Blood Pills, 25 cents per box, or \$2 for six boxes.
