POINT PLEASANT, WEST VA.

The President may have lots of "back-bone" in dealing with the partisan Senators; but he lacks the essential in turning the Republican rascals out of office.

The Civil Service be d-d! Turn the rascals out of office and fill their places with Democrats. What is a victory worth to the Democracy if Republicans are going to hold on to the offices under a Democratic Administration?

If the Administration would fill the offices with Democrats, it would be doing the decent thing. The President cannot successfully carry on his administration of the government, with his political enemies in office.

THE MUSGRAVES. Pioneer Families of Mason County—Their Ancestors and Descendants.

By VIRGIL A. LEWIS. "He who careth not, whence he came, Careth little whether he goeth."

Long centuries ago a little fleet of coracles bore a tribe of Scots, as the inhabitants of Ireland were then called, from the white cliffs of county Antrim to the rocky and indented coast of South Argyle, West Scotland.

The Scotch-Irish race from that time to the present. High up on the world's temple of fame it has enshrined, among many other illustrious names those of William Wallace, Robert Bruce, Sir Walter Scott and Robert Burns. No people in Europe has exhibited more evidences of human greatness, or is more renowned for valourous deeds than the Scotch Irish, and the race transplanted in America has lost naught of that which constitutes true nobility, for in every department of learning and of useful service, and heroism by land and sea, it has lent honor to our National annals.

Hon. Charles Edgar Hogg believes in going the whole hog or none. He is still a candidate for Congress from the Fourth District. Root Hogg, or die!—New Dominion.

And he says he is in the race this time, and is not to be crowded off. Twice before he has withdrawn to accommodate other gentlemen, but this time he is going to stay on the track until the Democratic Convention decides whether he shall be the candidate of the Democracy of the Fourth Congressional District or not, and if the decision is adverse to him, then he will give his loyal and hearty support to whosoever the nominee may be.

If we were President of the United States we would soon have every Presidential appointment filled by a Democrat; and would instruct all the Cabinet officers and others under us, to remove every Republican in office, and if they failed or refused to do so, would ask for their resignations mighty quick. That is the kind of a President we would be. This pauding to "Mugwump" we hate and detest, as does every loyal Democrat in the country.

When First Assistant Postmaster General Stevenson dismisses a man, he says frankly: "You are a Republican. I want the place for a Democrat." That is the way to put it to them. President Cleveland ought to make some instructions from Postmaster General Stevenson.—Stevenson, is a most excellent public officer and by the way, one of the most popular and influential men in the Democratic party.

Down at Gallipolis there is a Board of Local Steamboat Inspectors. There is one Democrat (recently appointed) and one Republican, comprising this Board. We have numbers of Democrats who understand all about steamboats, who would like to have the place now held by the Republican Applegate. Turn him out and put in a Democrat. Why not?

The Supreme Court of the United States has decided that where a man is accused of fraud in business transactions he cannot be compelled to produce his own books, letters and documents to be used as evidence against him, any more than he can be compelled to criminate himself.

Pomeroy's Democrat, says: "This has been a very short year for the Democratic party, yet it has been an awful long one for the great majority. Republicans have enjoyed it more than they thought they would at one time.

23, 1831, married first Solomon Roush and secondly Edmund F. Roseberry; by her first marriage she became the mother of Ida, the wife of W. H. Howard, the present County Surveyor. Secondly, Eliza G. born May 22, 1834, and united in marriage with Emma C., a daughter of Michael and Lucinda (Knopp) Roseberry, February 12, 1857. They have issue several children, one of whom Ernest E. was born in January, 20, 1858; he was graduated from the College of Physicians and Surgeons, Baltimore, Md., March 1, 1883, and is now engaged in the practice of his chosen profession in Pleasant Plains, West Virginia. March 27, 1884, he married Maggie L. Love.

III, Hulda, born in Hardy county in 1825, went with her parents to Indiana in 1825, and then married a gentleman named Richard Pitman. IV, Eliza, born in Hardy county in 1806; came with her father to Mason in 1812, where he remained until he was nineteen years of age, when he went to Coshocton county, Ohio, where he soon after married a lady named Annie Roberts. He died in Indiana leaving issue three children.

A, Asa, Jr., born in Coshocton county, Ohio, December 10, 1826. Coming to Mason early in life, he was united in marriage, April 1, 1852 with Priscilla A., a daughter of Colonel Rezin Van Matre. She is descended from an old knickerbocker family seated on the banks of the Hudson, during the Dutch occupancy of the then province of New York. Representatives of the family were among the earliest settlers within the present limits of West Virginia, they having obtained patents as early as 1732 for 40,000 acres of land located in the counties of Berkeley, Frederick and others adjacent.

The issue of this marriage is Charles E., born August 12, 1856, died August 14, 1857; John E., born October 14, 1858, was for several years a student in the West Virginia University, from which institution he received the degree of A. B., June 14, 1883, and graduated M. D. at Starling Medical College, Columbus, Ohio, March 4, 1886; Mary E., born August 1, 1860; Annie L., born June 29, 1862; Eliza C., born April 21, 1864; William E., born September 23, 1866; and Darius E., born June 11, 1869. B, Elizabeth, sister of Asa, Jr., was born in 1830 and married Darius Maston, a successful farmer in Coshocton county, Ohio.

C, John, the only brother of Asa, Jr., was born in 1834, in Coshocton county, Ohio, and at the age of twenty went to California, but soon returned and died unmarried in Indiana.

V, James, fifth of the issue of John the Mason county ancestor, was born in Coshocton county, Ohio, in 1808; he went with his father to Indiana in 1825, where he married and reared a family.

VI, Hiram, born in Coshocton county, Ohio in 1810.

VII, Comfort, born in Mason county in 1814, married John Maynes and resides in Indiana.

VIII, Ellen, born in Mason county in 1816, resides in Indiana.

IX, Martha, born in Mason in 1818, married a Mr. Hardy, and is now deceased.

X, Elizabeth, born in Mason in 1820, married Thomas Cox, and resides in Warren county, Indiana. Among the representatives of the collateral branches of the family, are Rev. Asa Musgrave, of Philadelphia; Zebidie Musgrave, long a clerk of the Circuit Court of Marion county, West Virginia, and his son a Methodist minister, who will be remembered as the Secretary of the M. E. Conference, which convened at Point Pleasant in 1875.

A Big Job.

The Salvation Army has struck Charleston and Point Pleasant.—The "Army" has certainly undertaken a big contract, but it is to be hoped that it will be equal to the emergency.

They Pay.

The railroads paid \$74,113 75 to our State Treasury as taxes for the year 1885. Who said railroads don't pay?

Devil of a Fellow.

West Virginia Agents. Nate Goff appears to be interested in the development of West Virginia's resources, if we were to believe what he tells the newspaper reporters. Nathan has boundless means but where has he ever expended a dollar in the development of the resources of this State? Instead, he puts his money in street car lines in Washington. He is a d—l of a fellow to talk about developing the resources of this State, now isn't he?

Our Sentiments.

Wetzel Democrat. The people on the Pacific coast—especially the laboring classes are determined to drive out the Chinese and it must be confessed that morally and socially they are a nuisance. China in the meantime threatens to drive out the Americans there, which she would have a right to do. It is better that every American be driven out of China than that these moral lepers, the Chinese, remain.

STEAMBOAT DISASTER.

Boiler Explodes—Six Killed and Many Wounded—A Heroic Woman.

Vicksburg, Miss., March 12.—The steamer Ike Bonham, Pilot McElroy in command, and Mrs. Sargent, left for Bayou Tidal with a load of cotton seed. At 1 o'clock, while William St. Andrew was at the wheel, the boiler let go in the center, tearing away the office, pilot house, chimneys, boiler deck and forward part of the cabin. St. Andrew was never seen after the explosion, and six hands, names unknown, were blown overboard, only one of whom was recovered. The engineer, Charles Gerard, Capt. McElroy and a number of colored passengers and deck hands were more or less injured, and all on board were scalded except Mrs. Sargent, who had her dress torn open by the explosion.

The lady immediately took command of the boat, of which she is the owner, went below and helped launch the yawl, and commanded those uninjured to rescue people overboard. By the time this was accomplished the debris around the boiler caught fire. Mrs. Sargent seized a bucket of water and extinguished the flames. The boat then commenced to sink, but fortunately she landed on Bedford's bar in three feet of water. The boat is valued at \$4,000; no insurance. The injured persons were brought to this city.

A REMINISCENCE.

Bill Dutton's Surrender to Clawhammer Witcher. Wheeling Register.

The reported and subsequently denied lynching of Colonel V. A. Witcher—Clawhammer—revives many queer episodes and laughable instances in the Colonel's career.—In one of the Kanawha counties during the war, there lived a man named Bill Dutton and his wife Nancy. By some means best known to himself, Dutton had kept out of both armies and led a precarious life of danger from the guerrillas of both sides. One day, after a rumor of Witcher being in the neighborhood, Dutton was observed by his wife to be engaged in sawing a hole through one of the logs in the rear of the house, which contained but one mode of egress or entrance. Nancy's curiosity was aroused, but Bill vouchsafed no explanation until he had cut the log and made a hole about a foot square, then he turned to his wife and said: "Nancy, I'm going to set right here in the middle of the room 'n' read my bible, 'n' as soon as you see I'm engaged in perusin' the scrip-ture, you come to the door and holler, 'Witcher's a comin', and you'll see how quick I'll get out of this house." Nancy retired, and pretty soon she saw that Bill had actually become interested in reading, and she stepped to the door and yelled, "Here comes Witcher, 'n' he's got twenty men!" Bill sprang for the hole, missed it, and fell to the floor with a sprained shoulder. "Here, Nancy, come here quick! take a sheet 'n' spread it on the floor 'n' write in big letters on it with a fire coal, 'I surrender!' 'n' hang it on the outer wall, for if he'll couldn't git away if Clawhammer Witcher was after him!"

The Flowers that Bloom in the Spring.

are no less welcome than the result of the 1891 Grand Monthly Drawing of The Louisiana State Lottery, on Tuesday, February 9th, 1886, at New Orleans, La. It is continued under the name of The First Capital—\$75,000—was drawn by No. 57,705, sold in fifths, each at one dollar. One was held by Annie Smith, a colored cook at No. 113 Liberty St. New Orleans; one by Andrew Doyle, care of Thos. Sheahan, 59 Broad way, New York city; one by Fred K. Scharf, a German shoemaker at No. 704 De Kalb Ave., Brooklyn, N. Y.; one by W. R. Jones and five friends at Murphysboro, Ills., &c. The Second Capital was drawn by No. 78,208 sold also in fifths (at \$1 each) one was held by Gottfried Anderson, on steamer "Onward," at Market St., wharf, San Francisco; another was paid to Wells Fargo & Co., Express Company; another to a party in Memphis, Tenn., &c. Third Capital Prize—\$10,000—was sold in fifths; one to D. B. Huntly, Carlisle, New Mexico; one to W. F. Rudolph, No. 1418 West St., one to W. M. Finncane, both of Oakland, Cal.; all collected through Wells Fargo & Co.'s Express, etc. Fourth Capital Prize, \$6,000 each, were drawn by Nos. 27,946 and \$9,882 sold generally all over—Vicksburg, Miss.; San Francisco, Cal., etc. So it goes on constantly. The 191st Grand Monthly Drawing will take place at noon, Tuesday, April 13th, and any information desired can be had on application to M. A. Dauphin, Dauphin, New Orleans, La. Now try not to be left next time.

It is no wonder Marshal Sehon is in Washington looking after his salary. Should the bill pass, doing away with fees; it would require a great deal of patriotism for the Marshal to continue discharging the duties of his office faithfully, since the pay he would receive would perhaps not be enough to pay expenses. It takes a good deal of patriotism for a man to serve his country for nothing, but for him to pay for that privilege is a little more than most Americans can stand.—Wheeling Register.

How They Worry.

Jackson, Miss. Some of the democratic newspaper brethren up in the First and Second Districts are still giving themselves very much worry about Congressional matters in the Fourth District. Hon. Eobance Gib-berd, six Congressional Representative, to obey their unasked for advice, they mourn. Mr. Gibson is the peer in ability, industry and integrity of any member of the House from the State; and it is pretty generally conceded that he accomplishes about as much as all the other members put together. If our friends in the First and Second

will carefully attend to their own Congressional matters and stop sending Republicans to Congress, their brethren will have more cause to bless them.

Tribute to Respect.

Hall of Minutun Lodge, No. 19, A. F. and A. M.

WHEREAS, It has pleased the Supreme Architect of the Universe in His all-wise Providence to remove from our midst our esteemed brother, Maj. John O. Butler, at the ripe age of 86 years, 3348505 in. Resolved, That in the death of Brother Butler, the Masonic Fraternity of which he was a worthy member for near half a century, has been deprived of an earnest and enthusiastic advocate; the brethren of a true friend and wise counsellor; the comrunity of a generous, conscientious and public spirited citizen, who labored to promote the best interests of society, and the family of the deceased of a loving, faithful and devoted father.

Resolved, That we appreciate the irreparable loss of those to whom he was so dear, and tender to them our warmest sympathies in this their hour of said bereavement, and sincerely hope that they may find consolation in the fact that "it is not all of life to live, nor all of death to die."

Resolved, That the Lodge be decorated, and that the members wear the usual badge of mourning for thirty days.

Resolved, That a copy of these resolutions be published in the papers of the town, and in the papers of Clermont county, Ohio, and that a copy of the same be furnished the family of the deceased.

Fraternally submitted, JAMES H. HOLLOWAY, R. P. B. SMITH, RANKIN WILEY, JR., March 16th, 1886. Committee
