U. S. 7-30 LOAN.
THIRD SERIES,
\$230,000,000.
By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public the third series of Treasury Notes, bearing seven and three-tenths per cent. interest per annum, known as the

7-30 LOAN.

These notes are issued under date of July 15, 1865, and are payable three years from that date in currency, or are convertible at the option of the holder into

U. S. 5-20 Six Per Cent.
GOLD BEARING BONDS.

These Bonds are now worth a handsome premium, and are exempt, as are all the Government Bonds, from State, County and Municipal taxation, which adds from one to three per cent. per annum to their value, according to the rate levied upon other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest at 7-30 per cent. amounts to One cent per day on a \$50 note.
Ten cents per day on a \$100 note.
Twenty cents per day on a \$200 note.
One Dollar per day on a \$500 note.
Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

The Notes of this Third Series are precisely similar in form and privileges to the Seven-Thirtieths already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent., instead of 7-30ths in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe.

The delivery of the notes of this third series of the Seven-Thirtieths will commence on the 1st of June, and will be made promptly and continuously after that date.

The slight change made in this conditions of this THIRD SERIES affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in Gold be availed of, would so reduce and equalize prices that purchases made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is

THE ONLY LOAN IN MARKET

Now offered by the Government, and its superior advantages make it the

Great Popular Loan of the People

Less than \$230,000,000 of the Loan authorized by Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within sixty days, when the notes will undoubtedly command a premium of 10 per cent. above the rate on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.
