James H. Walt and Reuben Walt, in Chancery. Sarah Walt, et al. In pursuance of a decree made and entered in this cause at the March term, 1870, of said Circuit Court of Ohio county, West Virginia, it was among other things further ordered that said Commissioner make a further report showing the amount of the claims remaining unpaid, first giving notice by publication in the Wheeling Intelligencer and Wheeling Register for six consecutive weeks, and as provided by section 4 of chapter 10 of the Code of West Virginia, to prevent any creditor from claiming by or before a day to prove his claim by him. And the said Commissioner is hereby notified that he is to do so.

All persons interested are hereby notified that in pursuance of and by authority of said decree I have filed on Saturday, June 4th, 1870, as the time and my office in the city of Wheeling as the place where I will proceed to take proof of the matter in said decree specified and referred to.

THE GERMAN FIRE INSURANCE Company of Wheeling has removed its office from No. 71 Main street to the second story of Mrs. Beck's new building, known as the German Bank of Wheeling, on Market street, nearly opposite the Post Office, and is prepared to receive applications for insurance on Buildings, Household Goods, Furniture, Merchandise, Manufacturing Establishments, Cargoes, &c., at moderate rates.

POLICE COURT.—The attendance on yesterday's session of the Police Court was rather small. George Ritchie, of East Wheeling, charged with using loud, abusive and obscene language to his sister-in-law, was the only "gushing individual" who dared to interfere with the perfect peace and tranquillity of the city on yesterday.

A DANUBIUS wife cured her husband of singing "Shoo Fly" when she was lecturing him for being out late nights by letting her shoo fly at him with such force as to give him a headache.

Why persecute Snythe (with a y) for taking a little gin and mylk for his stomach's sake? Had he not Scripture warrant for his act? "I have drunk my wine with my milk." If wine, why not gin? If Snythe, why not Snythe (with a y)? (Chicago Post.)

The largest and finest lot of Stereoscopic views ever brought to the city, have just been received by the Partridge Joint Stock Company. Call and see them.

SHAD.—At McKee's 65 Main street, Centre Wheeling, or at his stand upper end of Second Ward Market house this morning a New lot of fine Rustic Frames at the Partridge Gallery.

THE REASON of the superiority of the watches made in this country by machinery over the foreign watches made by hand, is self-evident. It is an impossibility that the hand should be controlled and guided with the exactness of a machine.

DRUNK.—Some bacchanalian individual whose name we did not learn, was seen lying on the levee near the Stamm House yesterday, in a brutal state of intoxication, while the scorching rays of a noon-day sun shone full in his face.

NEW TIME TABLE.—It is expected that the new time table on the B. & O. R. R. will go into effect on next Sunday week. It is understood that there will be one very fast line, which will make the time less between Baltimore and the West than ever before.

BREAK DOWN.—Yesterday a wagon from Bridgeport, loaded with milk, while trying to leave the Street Railway track, North Wheeling, had one of its hind wheels crushed. The conductors were obliged to transfer their passengers, but no delay was occasioned in consequence of the break down.

PERSONAL.—Secretary of State, Pipes, and Treasurer, Macaulay, are in town on official business connected with their respective departments. They arrived yesterday morning on the Hudson and are stopping at the Grant House. Captain Boggs, Auditor, will arrive next week.

GRATINGS.—An evening or two since a man passing along Main street, fell through a grating that was insecurely fastened. He was bruised quite seriously about the lower limbs and also on his head. After remaining in the coal vault some minutes he was taken out by passing men who happened to be passing and assisted to his home. See to it that the gratings are securely fastened.

DEDICATION.—Our Fourth street Methodist friends are to have their new edifice dedicated to-morrow. Bishop Jones, of New York, and Dr. Bowman, President of Asbury University, are to officiate. We congratulate them on the completion of their noble enterprise, and are especially gratified that they have secured the presence of such distinguished divines to perform the dedicatory services.

CONCERT.—The concert in the Fourth street M. E. Church was a grander success than on the evening previous, if such a thing could be. Dr. Willcox performed in a manner that showed him to be a complete master of the grand organ. His representation of the thunder storm was if any thing better executed than on the evening before. Mrs. Whitaker and Mrs. Whitney were both encored as was also Dr. Willcox. Altogether this has been the finest musical treat in every respect that the citizens of this city have enjoyed for a long time.

PROMPT.—J. Cressy, Esq., general agent of the Jefferson Fire Insurance Company, of Steubenville, with whom Mr. Manchester was insured, called on us last evening and informed us that the loss on that house, amounting to \$1,010, had been adjusted and paid. The Company for which Mr. Cressy is agent is earning an enviable reputation for the promptness with which it adjusts its claims.

POLICE COURT.—The attendance on yesterday's session of the Police Court was rather small. George Ritchie, of East Wheeling, charged with using loud, abusive and obscene language to his sister-in-law, was the only "gushing individual" who dared to interfere with the perfect peace and tranquillity of the city on yesterday.

GRAVEL AND CEMENT ROOFING.—George Crumbraker would inform the public that he is still engaged in the Gravel Roofing business, and that he is prepared at any time to put on roofs, either large or small, at the shortest possible notice, guaranteeing his work for a term of years. He has now been engaged in the business for seven years past, and his work has outlived a half dozen other Patent Roofs. The demand for his work is increasing from year to year. He put on during the past year 1,500 squares of his roofing in this city, which has given satisfaction in every respect. Address him through the Post Office, or call at his brick-yard, head of Lindsley street. All orders will be attended to promptly.

LADIES DESIRE WHAT MEN ADMIRE. And this little thing is Beauty. What do we say is beautiful? A transparent complexion and a luxuriant head of hair. What will produce these? Hagan's Magnolia Balm will make any lady of thirty appear but twenty; and Lyon's Kathairon will keep every hair in its place, and make it grow like the April grass. It prevents the hair from turning gray, eradicatesandruff, and is the finest Hair Dressing in the world, and at only half ordinary cost. If you want to get rid of Sallowness, pimples, Ring-worms, Moth-patches, &c., don't forget the Magnolia Balm, ladies, cow-daw.

For the last few years the proprietors of the celebrated PLANTATION BITTERS have been experimenting in the growing of Calisy bark on the Island of Jamaica, and have found, from actual tests, and by no means a mean experience, that this valuable bark can be grown with marked success only upon the mountains from 1,500 to 2,000 feet high. There the forest are often believed with the earliest part of the year, and at the full period, and this tree arrives at its full period of maturity. Owing to the largely increasing demand for the bark required for the manufacture of the celebrated Bitters, the preparation of PLANTATION BITTERS, the procuring of it has been a source of great anxiety to the proprietors, and seeing, as they did, that the South American supply would soon give out, took the above early and judicious step, to secure the bark, and, assisted and encouraged as they are by the English government, at Jamaica, we have not the least doubt but they will succeed.

For a cheap, delicious, healthful table-dress there is nothing half so good as Blanc Mange Pudding, Custards, &c., &c., made from SEA MOSS FARMINE. Try it and convince yourself. may-14-coldaw

THE HUMAN HAIR.—Many persons abuse this delicate and beautiful ornament by burning it with alcoholic washes and plastering it with grease, which has no affinity for the skin, and is not absorbed. Burnett's Cocaine, a compound of coconut oil, &c., is unrivaled as a dressing for the hair—is readily absorbed, and is peculiarly adapted to its various conditions, preventing its falling off, and promoting its healthy growth.

ARRESTED.—We learned last evening that while a young gentleman was walking up Market street, below the McLure House, his attention was arrested by the attractive display made at the Market Street Jewelry Store. He stepped in and purchased a handsome gold watch (an Elgin) for himself, a pair of gold spectacles for his grandmother, and some jewelry for his wife. Since then he has been "on time," his grandmother sees clearly, and his wife is happy. Oxtoby & Duffield have a few more of the same sort left.

MEDICAL.—In our advertising columns of this week's paper will be found the card of Dr. J. A. Reid, of Pittsburgh. The Dr. is no stranger to most of our readers; for during his former visits in our city he made many friends, and we have no doubt he will add largely to their number during his intended short stay with us. As the Dr. will only stay one week this time, we advise all those who may need his services to call on him as soon as he arrives. Dr. Reid has added to his list of specialties the curing of Erysipelas. This terrible disease that has brought woe and distress on so many families can be cured. And should this meet the eye of any afflicted, we would advise them by all means to try Dr. Reid. He can be consulted daily at his rooms at the McLure House, free of charge, from May 17th to the 21st, inclusive. Read advertising in another column.
