

VOL. XXI.

WHEELING, W. VA., SATURDAY MORNING, SEPTEMBER 28, 1872.

NO. 29.

No Place for Boys.

There is no place in the Union where a workman is worth so much, and no place where a boy is worth so little as in California. They report read at the meeting of the Protection and Relief Society, Thursday evening, touches the subject a vital point. In seeking for employment for boys, the Secretary says: "Wherever we turn labor leagues and trades unions are against us."

Not along ago the pulpit to some extent in this city, took up the subject of "hoodlums," but missed the most vital point. There are sometimes attractive places of resort. But forced labor is the worst of evils, and is therefore exempt from stamp tax, and are therefore exempt from stamp tax. The President and family returned to Washington at 5 o'clock this evening. Several friends called at the White House to pay their respects.

RAILROAD ACCIDENTS. AT YORKVILLE, N. Y. POTTSGROVE, September 27.—The Chicago express on the Hudson River Railroad which left here at 9 A. M. ran off the track at Yorkville, N. Y., on the morning of the 26th inst. early this morning, passengers left the car, but were not set on nor any one injured. Both tracks are obstructed and the trains delayed. The accident was caused by the spreading of rails.

IN NORTH CAROLINA. WILMINGTON, September 27.—Three cars of the express train ran off the track last night on the Wilmington & Weldon Railroad, between Everettsville and Dudley. A considerable number received slight injuries, two of which were serious, but none dangerously. The ladies car and sleeping car were precipitated down an embankment twenty feet.

IN INDIANA. INDIANAPOLIS, September 26.—Through the misconstruction of a train order two freight trains collided at Chesterfield, on the C. & S. L. C. R. R., early this morning, killing the engineer, Samuel Emery, and wounding the fireman, Frank Parlow.

IN TENNESSEE. NASHVILLE, September 27.—A freight train of four cars was derailed at a deep cut on the Nashville & Louisville Railroad, six miles from Nashville. Eleven of the cars were crushed to fragments. One man was killed and a number wounded. The accident was caused by a derailed rail.

IN INDIANA. EVANSVILLE, September 27.—A young man named Theodore Valoyes, aged sixteen years, was so badly injured this evening while coupling cars at the St. Louis & N. Y. R. R. depot, in this city, that it is feared he will not recover. A special to the Journal says that Gen. Wm. Harrow was so severely injured by an accident on the L. & N. O. R. R., this evening, that he will not recover. He was the Greeley elector of this district.

THE DEACON of a Springfield (Ohio) church was discovered the other day trying, with all the zeal that a Christian could assume, to case another high official of the same flock around a telegraph pole. The affair grew out of a political dispute, and as the deacon is a Greeley man he was probably only giving his antagonist a practical example of the way the new code of "Reconciliation" is intended to work.

BY TELEGRAPH.

ASSOCIATED PRESS REPORT.

WASHINGTON.

WASHINGTON, September 27.—Lieut. Col. James A. Kahn, deputy quartermaster general, is ordered to take charge of the General Department of Quarters at Jeffersonville, Ind., relieving Capt. Chas. H. Hogg, Asst. Quartermaster, of all his duties, except those pertaining to the construction of new buildings.

IN INDIANA. EVANSVILLE, September 27.—A young man named Theodore Valoyes, aged sixteen years, was so badly injured this evening while coupling cars at the St. Louis & N. Y. R. R. depot, in this city, that it is feared he will not recover. A special to the Journal says that Gen. Wm. Harrow was so severely injured by an accident on the L. & N. O. R. R., this evening, that he will not recover. He was the Greeley elector of this district.

THE DEACON of a Springfield (Ohio) church was discovered the other day trying, with all the zeal that a Christian could assume, to case another high official of the same flock around a telegraph pole. The affair grew out of a political dispute, and as the deacon is a Greeley man he was probably only giving his antagonist a practical example of the way the new code of "Reconciliation" is intended to work.

A DEMOCRATIC friend illustrates to us his position by a story of an Indian who very drunk and lost his way. Meeting a white man, the latter says: "Why, Johnny, you are lost." "No, Indian not lost. Indian here. Wigwam lost."

NEW YORK CITY.

NEW YORK, September 27.—Attorney General Barlow says that no compromise has been made with either Garvey, the candidate, or Connolly, ex-Comptroller, whereby the suits against them would be discontinued. Connolly will be tried in October if he can be found, but the Attorney General does not think he will ever be located.

THE ORGANIZATION Committee of Tammany last night ostracized a number of delegates in several of the assembly districts charged with opposition to the Tammany candidates. It was resolved to entirely recognize the delegation from Tweed's 4th district; also to furnish a list of Supervisors of Elections to the chief U. S. Election Supervisor.

YESTERDAY afternoon a fierce fight occurred in a train between White Plains and this city between two companies of the New York Third Regiment. The men, to the number of sixty, were on their way to participate in a regimental drill, and being under the influence of liquor they took to a violent conflict among themselves. Bayonets, muskets and fists were freely used. At Trenton station the police cleared the train, and two soldiers were arrested for opposing the police. Several men were stabbed, and a Mr. Brinkman seriously wounded.

THE RING trials are expected to take place in Oyer Terminus before Judge John R. Brady. It is supposed that Mayor Hall's case will be brought on first. It is reported that the fight among the militiamen of the 3d regiment resulted in the death of two men, and that some 25 or 30 were wounded. The trial of the District Attorney moved to have the indictments against Tweed, Hall and others transferred to the Court of Oyer and Terminer. The counsel for Tweed wished for a postponement of the trial, but he could not hear the argument until next week. The cases therefore are set down for Friday of next week.

A WILL case involving an estate of one hundred thousand dollars, came before the Surrogate Hutchins to-day. The will is that of Mary K. Bishop, otherwise known as Kate Rigley, proprietor of an establishment in Duane street, said to be a sister of Mattie Herron. The will was made by Mrs. Davidson, wife of Philip J. M. Wallen, who claims to be the testator's daughter, although she never saw her, and Mrs. Mary L. Johnson, also claiming to be a daughter of the deceased. Mr. Johnson is her daughter, in a Brooklyn Court, to-day.

MR. J. Tomlin, pleaded guilty to the assault on his daughter last June, with intent to defame, and sentenced to seven years in the State prison. Hon. Jas. Davidson, who is a prominent candidate for the Republican nomination for Governor of New Jersey, is lying dangerously ill at his residence, at that named Kelley, of Woodville, Mass., but who is known to the detectives as Major Ward, of Louisville, Ky., was arrested this afternoon charged with assaulting several well known members by buying drinks and paying for them with bogus checks.

THE CORNER of the case of Eugene, the State Attorney who died in a hospital from official ill-treatment, in this city, was held yesterday by the jury, one of the jurors dissenting, that he came to his death from injuries received while intoxicated.

THE DEACON of a Springfield (Ohio) church was discovered the other day trying, with all the zeal that a Christian could assume, to case another high official of the same flock around a telegraph pole. The affair grew out of a political dispute, and as the deacon is a Greeley man he was probably only giving his antagonist a practical example of the way the new code of "Reconciliation" is intended to work.

GREELEY.

The Philosopher's Return Through Pennsylvania—He Makes a Few More Speeches.

NEW YORK, September 27.—A dispatch was received this morning stating that the Greeley party would not be able to reach this city until Sunday night or Monday morning. The reception which was intended to be given him to-morrow night is therefore postponed.

SCRANTON, September 25.—Mr. Greeley arriving at Danville to-day from Northumberland, made a speech in which he denounced official corruption, especially in the case of the Erie Railroad, and being frustrated by the carelessness of one man in one of the life boats all the passengers might have been landed safely.

L. H. DAYTON, Superintendent of freight, handed in a list of the articles of freight shipped on the Bienville. Among them were 272 cases of oil. Witness was aware that certain articles were forbidden shipment on passenger steamers and subject to certain regulations. The oil was Pratt's astrol oil, or kerosene, put up in cans; did not know if it had the fire test marked on it.

THE WITNESS stated that kerosene was stored in the oil articles in a place set apart for the oil and articles of freight. Special precautions were taken to guard the place against fire, but the witness could not possibly testify on this point. Packages gave a testimony relative to 336 packages of cartridges, 25 packages of caps, and 100 did not know where the cartridges were stored; the storage of all such articles is left to the stevedore and officers of the ship; knew of no designated place in the ship for the storage of gunpowder, caps and cartridges. The witness did not know whether the invoice of 1,122 cases of drugs included nitro glycerine, camphor, naphthol or other explosive and combustible articles.

THE WITNESS testified to being the Bienville, in the presence of the stevedores, and to her strength, &c. Witness testified that the Bienville was well prepared against fire as any ship he ever saw, and the bulk heads were also very strong.

THE WITNESS testified to being the Bienville, in the presence of the stevedores, and to her strength, &c. Witness testified that the Bienville was well prepared against fire as any ship he ever saw, and the bulk heads were also very strong.

FOREIGN.

FRANCE.

Gambetta on Thiers and the Future of France. NEW YORK, September 27.—A Paris correspondent, who interviewed Gambetta, reports him as saying, that the National Assembly has been so beaten and bullied by Thiers that it has become simply a register of the President's will. Thiers, he says, does not represent either the country or Assembly, consequently between them the country is not represented at all. He predicts that, on the ressembling the Assembly will dissolve itself out of sheer despair. In any contingency a republic is now the only possible government for France. Thiers, he thinks, upholds a Republican policy, and will accordingly receive the support of the Republicans of the country. While he thinks that France meditates no future war with Germany, she will by her Republican progress become so influential as to sweep the rotten German Empire from the face of the earth by peaceful means.

PARIS, September 27.—M. Gambetta arrived at Grenoble, yesterday, although no preparation had been made to receive him. The citizens gathered in great numbers at the railway station and greeted his appearance with enthusiastic cheers. The flow of emigration from Metz since the occupation of that city by the German troops, has been so heavy that the population is now one-third what it was before the late war.

ENGLAND. COCKBURN'S REFUSAL TO SIGN THE ALBANY AWARD CONDEMNED. LONDON, September 27.—Low, Chancellor of Exchequer, in his speech at Glasgow last night severely condemned Sir Alex. Cockburn in not signing the award for damages in the Alabama case, which opens up the question and renews all ill feeling. He insisted that it was the duty of England to accept the award.

MR. DAVIS, the agent of the United States before the Alabama Claims Tribunal, called from Glasgow to New York yesterday in the steamship Oceana. There was a heavy gale yesterday on the British coast, and several vessels, which cleared at Liverpool, Sept. 1st, for Savannah, it has been estimated that thirty of the crew were lost.

THE RINDERPEST has appeared among the cattle in Lincolnshire. It is said that the rinderpest is being made, which have not yet assumed any official form, to require Messrs. Laird, the contractors of the Confederate privateer Alabama, to pay a portion of the sum awarded by the United States by the Geneva Tribunal.

IT IS EXPECTED that Lord John Russell in preparing a review of the proceedings and award of the Geneva Board of Arbitration. The Chambers of Commerce in several of the leading cities of England have adopted resolutions congratulating Her Majesty's government of the happy termination of the Alabama Arbitration. Copies of the resolutions have been forwarded to the United States.

RIGHT HON. MR. FORSTER, in an address to his constituents at Bradford to-night, said that the object of the Geneva Tribunal was not merely to preserve peace, but to preserve the friendship between England and America. Such friendship did not exist before the settlement of the Alabama claims. The State feeling was such that it could not be preserved peace, but to preserve the friendship between England and America. Such friendship did not exist before the settlement of the Alabama claims.

MR. LOWE, in his speech at Glasgow last night on the Geneva award, expressed the opinion that it was unnecessary to present to Parliament any report on the reasons for their award. Arbitration is no power to lay down principles of international law; the tribunal was not constituted for that purpose, and he did not think that England would ever enter upon a new era in her relations with America, an era in which animosity would disappear and the two nations would confine themselves to rivalry in the work of extending civilization and peace.

BALTIMORE.

Suit to Recover from the Third National Bank Bonds, Placed for Safe Keeping. BALTIMORE, September 27.—Wm. A. Royd, of this city, has brought suit against the Superior Court to recover the Third National Bank to recover \$31,000 in United States 6 3/8 bonds, and \$8,500 in Hudson county, New York, bonds, deposited as collateral security. The demand was made on the 19th day of August, the day after the robbery of the bank. It is understood that the bank denies the claim, on the ground that the bonds were on deposit for safe keeping, and not held by the bank at the time of the robbery as collateral security.
