

The Boston Fire. Description of the News in Other Cities—Tenders of Sympathy and Aid. The following telegrams were received Monday night, but could not be put into type for yesterday's issue.

Chicago, November 10.—The news of the terrible conflagration in Boston did not reach the public here until this morning. The telegraph containing the report of the fire was distributed, and the news spread rapidly, however, and the people were excited, people gathered in front of the telegraph and newspaper offices and eagerly read and reported the details giving the main points of the terrible disaster so terribly similar to that which overwhelmed this city exactly thirteen months ago. The excitement was so great that many men, many of whom were directly and more indirectly interested in Boston houses known to be situated within the boundaries of the city, were seen sweeping away with their hands and feet, and many anxious faces were turned to the fatal bulletins which circled the terrible story, "the fire still rages." Expressions of sympathy were heard on every hand, but the local sympathy of personal suffering in the city was comparatively small, and that there was cause for congratulation that though the pecuniary loss was immense there would be few or none injured and suffering for the necessities of life, as was the case with so many thousands in Chicago. Mayor Medill was at the Western Union telegraph office as early as 10 o'clock, and as soon as he could ascertain that a despatch would reach the mayor of Boston, he sent the following: "November 10.—1:30 P. M. To the Mayor of Boston: The citizens of Chicago tender their deepest sympathy and all the material aid in their power to your afflicted in this hour of their fearful misfortune. In what way we can help you most I have called a public meeting for noon tomorrow to consider ways and means of assistance. JOSEPH MEDILL, Mayor of Chicago. All the papers have issued extra editions every day received, which are giving a full account of the disaster. The Interior in its extra sought for, after speaking of the intimate business relations between Boston and Chicago: "The misfortune which has just visited our city will not be without great injury to us. We have heretofore been sisters in sympathy; we are now sisters in misfortune. Let us hope that the bonds of union which we have made stronger than ever; that the trials of adversity will, like the tyrant's chains, only the more firmly bind together the people of these representative cities of the East and West." As announced in the message of Mayor Medill to the Mayor of Boston, a meeting of the citizens here to consider the best means to be adopted to assist the afflicted city of Boston. Chicago Typographical Union has called a meeting to take measures for the relief of the Union printers of Boston who have been sufferers by the fire. Detroit, November 10.—Mayor Moffat will issue a proclamation in Monday morning calling a meeting of the citizens of the City Hall, to take measures for the relief of the Boston sufferers. Chicago, November 10.—There was a universal feeling of relief and joy on the part of the citizens when the fact that the conflagration at Boston was under control and finally stopped, was made known. The anxiety was feelingly alluded to in all the churches, and the way was being prepared to be prepared, as in approaching the sympathy and relief so generously extended them by the people of Boston a year ago. The Chicago Relief and Aid Society, had an informal meeting to-day, and the chairman telegraphed Mayor Gaston that they would do all in their power for the sufferers. Manager Gardner of the Academy of Music, announces that on Tuesday afternoon a matinee will be given at his theatre by his entire company, and the Merchants Black Crook Company, the entire gross proceeds of which will be placed in the hands of Mayor Medill, to be forwarded to Boston for the relief of the sufferers. The following message was sent to the Mayor of Boston to-night: "INDIANAPOLIS, Nov. 10. To Mayor Gaston, Boston, Mass.: The people of Indianapolis tender their warmest sympathy to your afflicted people. A meeting is called for 10 o'clock tomorrow morning to take immediate action in their behalf. [Signed.] DANIEL McCauley, Mayor."

MARKETS BY TELEGRAPH. New York Money and Stock Market. New York, November 11.—The great calamity at Boston was the topic of discussion to-day through financial and trade circles. Many conservative underwriters place the loss at \$75,000,000, and the insurance at \$100,000,000, of which fifty or twenty millions is borne by British companies, in which, since the Chicago fire, many American companies have re-insured. The knowledge of the fact that the Government was ready to throw all its power against the panic caused by this enormous loss has less effect than many anticipated. Values of merchandise have been advanced from 7 to 30 per cent. Boston men are already here making selections and accommodations for tents to be erected on the Boston Common for the sale of goods. The condition of Boston insurance companies is in much doubt, though those familiar with their conservative policy believe that not all will succumb. The destruction of eleven million pounds of wool, a stock of five million suits of clothing, and almost the entire supply of woollens and clothing for Eastern Canada and the Northwest, caused an advance here of seven cents per pound in wool, while heavy domestic woollens are advanced over 30 cents per yard. Blankets, flannels and shawls see an advance of 10 per cent. Coles are rather excited by the loss of two or three large grinders and others in Boston, removing 31,000 bags from the market. Some 25,000 half chests of tea, largely Japan and Oolong, have been destroyed, and presumably relieve the market here. The condition of Wall street turns upon the action of the Treasury Department, whose programme has not yet been decided upon. It was stated to-day, however, that the greenbacks would be put in circulation by the Treasury early in October will be allowed to remain for the present. MONEY—Active and stringent, advancing from 7 per cent per annum to 10 per cent per day. The closing business was at 10 per cent. STERLING EXCHANGE—Dull and weak at 10 1/2 for prime 60 day bills, and 11 1/2 for sight. Fears are entertained of a liberal policy of insurance bills on London. GOLD—Opened firm at 114 1/4, but afterwards became weak and declined to 113 1/2, most of the business being at 113 1/2, closing at 113 1/4. Loans were at 4 1/2 per cent to 1 1/2 per cent. Clearings \$22,000,000. The Treasury disbursed \$200,000. GOVERNMENTS—Declined 1/2 per cent, closing firm.
