A. GRAHAM'S Steam Dyeing and SCOURING ESTABLISHMENT, No. 196 MAIN STREET, WHEELING, W. VA. TO CARPENTERS, BUILDERS & LUMBERMEN—H. S. White, of Belton, West Va., 35 miles east of Wheeling, has now in successful operation three saw mills, in the finest Oak, Poplar and Walnut forests in West Virginia; has seven miles of Tram road, which gives him the finest facilities for filling orders promptly for any and all kinds of lumber, sawed, rift, or in the log, of any lumberman in the State. His experience of several years teaches that promptness is the sure road to success. He can fill large orders for heavy timber on short notice; has always on hand large stocks of best Yellow Poplar of different sizes, and will have a large Planing Mill in operation in thirty days that will add to his facilities for furnishing any article connected with wood buildings. He would respectfully ask attention to those interested before purchasing.

Dentistry—Only \$10 00. Ten Dollars for a beautiful set of Artificial Teeth. Teeth extracted without pain by the use of Nitrous Oxide. Filling and treating the natural teeth made a specialty. DR. SURGISON & SON, 147 Market Street.

The Intelligencer. WEDNESDAY, MAY 28, 1873. New Advertisements. Fair and Festival. Fine Dressing Case Suits. REMOVAL.—The Business Office of the INTELLIGENCER has been removed to the lower floor three doors east of former quarters, Quincy street, between Market and Market, (it being the corner room next the alley), where the proprietors will be happy to see and serve their friends and patrons.

Post Office News.—John W. Holmes has been appointed route agent between White Sulphur Springs and Hunton, at \$900 per annum, vice H. A. Robinson, declined. POLICE COURT.—In the police court yesterday morning, the following cases were disposed of: Michael Dow, drunk, \$2 and costs; Thomas Hammond, disorderly, \$5 and costs; John Hill, drunk, \$2 and costs.

THE WEATHER.—After threatening rain for two or three days, it came about dark last evening, and was welcome to every one, as it cooled the air, and completely laid the dust, thus making life more agreeable than for some days past. A NEW VAIL.—Messrs. J. H. Hobbs, Brockmiller & Co. are engaged in putting in a new vault adjoining their office at their glass works, in South Wheeling. It is built of brick, and is a very substantial looking piece of work.

BADLY HURT.—Yesterday morning a luckster was badly hurt in North Wheeling. He stopped in front of Murry's drug store, and in climbing over the top of some barrels that were on the wagon he fell to the ground, a barrel of radishes falling with him. He was very badly, but not seriously injured. HATS OFF.—Mr. County Clerk Woods has just had his office beautifully papered, and the wood work nicely painted, besides adding some new furniture and having everything cleaned up. "Bob" feels very proud now, and all persons entering his office will do well to clean their feet before entering and leave their hats in the hall.

AN IMPOSTOR.—A young lady was yesterday collecting money from various people around town for the assistance of Rev. Dr. Richmond. It was told us by one who got his information from headquarters that these collections were unauthorized. It may be all right; but as the lady was apparently a stranger, persons would do well to hold their subscriptions until it can be ascertained if she is authorized to take them. MOVE IN THE RIGHT DIRECTION.—Mr. J. M. Bulger was out on Main and Market streets yesterday making a canvass of the business houses for the purpose of getting subscribers enough to pay him for sprinkling portions of those streets. We believe Mr. Bulger only asks the small sum of thirty-five cents per week from each household. This is certainly very reasonable, and we hope he may get enough to go into it, and commence operations at once.

PERSONAL.—Hon. Walter Shanley, builder of the Hoosac tunnel, is in the city and has rooms at the Grant House. Besides building the Hoosac Tunnel, Mr. Shanley was at one time connected with the Welland canal, and was manager and chief engineer of the Grand Trunk Railway, of Canada; and was for a long time a member of the Canadian Parliament. The last great and crowning work of Mr. Shanley's life, the Hoosac Tunnel, is one of the wonders of the world, and is next to the wonderful Mt. Cenil tunnel. It is five miles long and cost money enough to buy a small empire. CIRCUIT COURT.—The case of Heckert & McCain vs. W. H. Chapman & Co. was resumed yesterday morning. It was given to the jury about 11 o'clock, but they had not agreed upon a verdict up to the hour of adjournment last evening, and were thereupon dismissed until this morning, when they will again take the case under consideration. As soon as the jury in the above case retired, the case of J. Vance vs. R. Humphrey was taken up. Considerable testimony was taken, when at about half past four, a juror was withdrawn, balance discharged, and cause continued.

A PLEASANT TIME.—The social reunion given by Enterprise Lodge of Good Templars at their hall on Main st., last night, was very largely attended, the room being entirely inadequate to hold those who sought admittance. Several short addresses were delivered by the friends of the Order, and the audience were treated to some excellent music by Miss Martin, Sheil and others. Refreshments in great profusion were passed around to which all justice was done. Everything passed off very pleasantly, the members of Enterprise doing everything in their power to make their guests enjoy themselves. During the evening a vote was taken on a ring, regalia and a fine set of glassware. The votes stood as follows on the ring: Miss Aggie Fleming, 1,565; Doris Lester, 470; Lena Stein, 405; Rene Meeks, 30; Fannie Maxon, 490. On the regalia: Mark Lester, 380; Rev. Barnitz, 430; J. St. J. Clarkson, 180; Mark Lester, 25; O. K. J. Ellifritz, 55; John H. Zevely, 1050. On the glassware: Mark Lester, 403; John H. Zevely, 55; O. K. J. Ellifritz, 20; John Baird, 255; Wm. Baird, 25; R. T. Ford, 56.

GAS FROM WATER.—We were present at the McLure House last evening, where quite a large number of persons had assembled to witness the exhibition and working of Mr. Howard Tilden's wonderful gas machine that makes gas from water and acid in less than thirty seconds. The machine is very simple, and can be made of any size—from one large enough to light a city down to one to burn one burner in place of a lamp. It seems to be perfectly safe and reliable, and gives a light nearly four times as powerful as our Wheeling gas, while the cost is not over one-third as much.

CHARITABLE ACTION.—Yesterday as one of the street cars was coming from Bridgeport a very aged man got in. The car at the time was full, but a lady made room for him and he took a seat. The old man was evidently very poor, and was without money to pay his fare. The lady who gave the old gentleman a seat paid his fare, and when she got out she cautiously slipped a five dollar note into his hand. But a passenger saw the act and in a moment nearly every passenger in the car knew it, and many blessings were showered upon the lady. Her name we do not know, but we wish there were more such in our city.

TO MAKE A DELICIOUS CUP OF COFFEE take one tablespoonful of Dilworth's Roasted Coffee for each person, put into a bowl and moisten with egg, fill up with boiling water sufficient to cover the grounds and let it remain until a crust forms on the top, then put into coffee boiler adding 1/4 cup full of boiling water for every tablespoonful of ground coffee, keep at boiling point (without boiling) for ten minutes when it is ready for use. To dispense with the use of eggs moisten grounds with cold water and proceed as before; settle by putting a table-spoonful of cold water into the coffee boiler. A supply of Dilworth's Coffee kept constantly on hand by A. BRANTUM & SONS, Bridgeport, O.

REMEMBER that in no hair preparation will you find anything like Nattons' Crystal Discovery. None other in the market is any way like it. It restores the color, cleanses and regenerates the hair. Warranted to contain no poisonous ingredients. For sale by Druggists. codew

Medical. DOCTOR PIERCE'S Golden Medical Discovery. CURES DISEASES OF THE THROAT, LUNGS, LIVER & BLOOD. In the wonderful medicine to which the afflicted are above pointed for relief, the discoverer believes he has combined in harmony the power of Nature's most sovereign curative properties, which God has bestowed in the vegetable kingdom for healing the sick, than were ever before combined in any medicine. The evidence of the fact is found in the great variety of most obstinate diseases which have been found to cede to the use of this medicine. In the case of Herpes, Scrofula, Scurvy, Coughs, and the early stages of Consumption, it has astonished and cured thousands of the most desperate cases, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures the severest Coughs, it strengthens the system and purifies the blood. By its great and thorough blood purifying properties, it cures all Hemorrhoids, from the worst Scrofula to a common Blood, Pimple, or Eruption. Mercurial disease, Mineral poisons, and their effects are eradicated, and vigorous health and a sound constitution established. Erysipelas, Salt Rheum, Scrofula, Scurvy, Sorely or Rough Skin, in short, all the numerous diseases caused by bad blood, are conquered by this powerful purifying and invigorating medicine. If you feel full, drooping, debilitated, have a low color of skin, or yellowish brown spots on face or body, frequent headache or dizziness, taste in mouth, internal heat or chills, along with hot flashes, liver spirits, and gloomy feelings, irregular appetite, and nervous weakness, you are afflicted with Impure Blood, or "Billionaire's Disease." In many cases of "Liver Complaint," only this remedy will give relief. Dr. Pierce's Medical Discovery has no equal, as it cures the most obstinate cases, for the cure of Habitual Constipation of the bowels it is a never failing remedy, leaving the system in a healthy condition, and it is the best of all the cures for which it is recommended. Sold by druggists at 25c per bottle. Prepared by R. V. Pierce, M. D., No. 255 Broadway, N. Y. Send your address for a prospectus.
