The Intelligencer.

Appointments. Col. Frank Burr, of Berkeley county, will address the people of the Second District...

An Atrocious Article.

We have not seen during the present canvass a more unprovoked and atrocious assault on any public man than the attack of the Register yesterday on Hon. Waitman T. Willey.

Work for Scott.

Our readers will bear witness that at no time during the State canvass did a single editorial ever appear in this paper predicting the success of the Republican ticket.

Documents that won't wait.

The Kentucky Reformers who don't want the Southern Claims bills introduced into Congress for the payment of over \$200,000 worth of them.

The State Superintendent of Schools.

We observe that the present Superintendent of Schools in West Virginia is laboriously at work—not in his office, but on the stump, here, there and everywhere.

Reformer's Cerebration of this city made a speech down at Sistersville, Tyler county, on Saturday last.

This is the record as printed in the Official Journal of the Convention. We invite every Democrat in Wheeling who has any doubts upon the subject to come to this office and examine the copy in our possession.

A Word of Caution to Ohio Republicans.

One danger to the Republican cause in Ohio on the 7th of next month is the large Democratic majority in this State. It is the same danger to which Ohio and Indiana have always been exposed from Kentucky.

Thompson, addressed to Democratic editors in Ohio, and which has fallen into the hands of the Toledo Blade, giving the true inwardness of the bragging and boasting that pervade the editorial columns of Democratic newspapers just now.
