WHEELING IRON INTERESTS. A Pittsburgh Reporter Looks in On. Commercial-States of Western.

A reporter of this paper visited Wheeling on Saturday last with a view of making a tour among the iron mills of that thriving city and obtaining information as to the condition of that most important branch of the West's trade.

The first interview was with perhaps one of the heaviest iron and nail manufacturers of that city. This gentleman started out with a denunciation of persons who are endeavoring to increase their business by selling below the card rates fixed by the Iron Association.

Upon being asked if he could not suggest a remedy for these evils, the gentleman replied: "The evil could be easily remedied if the manufacturers would only regulate the production and stick to their card rates."

Another manufacturer stated that the iron trade was going to stick; that some people imagined they saw a silver lining in the clouds and were hounding him, but he intended to see it.

The head of another very important firm remarked that they expected to start their mill on Monday (meaning yesterday), but he could not say how long they would run.

"Business looks very gloomy," he said, "but prices still continue to be low. Another difficulty that the iron men have to contend with is that some manufacturers are making nails from railroad cinder and men who know anything about iron and who are laboring for their own interests will purchase nothing but a standard nail, which they are positive is of a first grade."

In most of the mills in Wheeling are in operation, some of them running double turns, as the following will show: The Riverside Iron and Nail Works are running double turn, employing about 500 men. These works have 125 machines in operation, two trains of mule rolls and two crushers. Their blast furnace at Bessemer is blowing 500 ton of pig iron per week.

The Belmont Nail Works have been idle for some time on account of not being able to procure mill while the river was low. Their forging department started last week, and it was thought by the managers that the work would go into operation some day this week. These works give employment to 500 men and boys.

The La Belle Iron Works have not been running for several weeks. The forging department of this mill is being enlarged, and as soon as this work is completed the mill will resume operations. The Bessemer Iron and Nail Works started their large department last week, and the factory was put into operation yesterday. The mill has been idle since the third of July last. The Bessemer mill is almost ready to be completed. It is a part of 1877. This mill is one of the best mills in the country and is fireproof throughout. The Whitaker Iron Works are running in full, manufacturing sheet iron exclusively. A patent machine and large factory is also operation in connection with the mill. There is a very fair demand for sheet iron but prices continue low.

The Bellair Iron and Nail Works are running to their full capacity, employing about 100 men. The mill stopped running in July, and after being idle six weeks, resumed operations on Tuesday last. The managers report the trade very dull, and that orders are low. They have ninety machines running, and turn out 5,000 tons per week.

The Erie Iron and Nail Mill of Bridgeport is running in full, giving employment to 300 men. This firm considers that the trade looks in no way encouraging, and that prices are exceedingly low. A new train of rolls will be put into operation shortly at this factory of Wheeling, running five days per week, which is something unusual for these works, as they generally run but four.

The several glass houses of Bellair and Bridgeport are also resumed operations.

Proverbs for the People. From the Boston Commercial Bulletin. You cannot catch a fish with a corn-net. Drinking whiskey straight will not make you level-headed.

The Flag of the Prophet. Constantinople Cor. N. Y. Tribune. There have been many rumors here that the holy flag of the Prophet would be brought out as a rallying point for the whole nation in view of the aspect of affairs. In fact, it is said that the Sultan has so long resisted the pressure of the people for this, that the venerable flag has three times undertaken to shame him by going forth of its own accord by light from the window. For ten days the Christians of this city have been in terror by reason of this rumor, as they believe that the appearance of the flag would be the signal for a general attack on Christians. Three times a general attack on Christians. Three times the Christians rise and massacre them. For ten days the Christians of this city have been in terror by reason of this rumor, as they believe that the appearance of the flag would be the signal for a general attack on Christians. Three times a general attack on Christians. Three times the Christians rise and massacre them.

Belleaire Local. Decker Hoffman, J. Haley and J. Strobel, of this city, were tried before the County Probate Court Wednesday last charged with interfering in the works of the Baltimore & Ohio machine shops here during the late strike. Each of the prisoners was fined the sum of \$5 and costs of prosecution.

Justice West, the Republican nominee for Governor of this State, and Major McKinley will address the citizens of this city on Tuesday, September 18th. Mr. Adam Warrick, residing on Gravel Hill, the champion Turle catcher, made another haul the other day of about fifty pounds. The salmonists of your city always patronize Adam to the extent of his luck.

Mr. C. Mayer, of the clothing firm of Mayer & Klotz, left for the East. Alex. Clohan, Councilman of the Fifth Ward, and James McGregor, of the Fourth Ward, presented their resignation at the last meeting, to take effect from the first day of October next. The building of a culvert in the first ward was awarded to A. Stoliz. The culvert is to be 40 feet long, circular, and 3 feet in diameter.

A petition was presented to Council from the Belleaire & Southwestern Railroad Company asking Council to appoint a committee to confer with them in reference to the ordinance now pending granting to the railroad company the right of way on Water street. On motion the chair appointed a committee of Council from the Belleaire & Southwestern Railroad Company asking Council to appoint a committee to confer with them in reference to the ordinance now pending granting to the railroad company the right of way on Water street.

Forty Years Before the Public. DR. C. McLANE'S Celebrated American WORM SPECIFIC OR VERMIFUGE. SYMPTOMS OF WORMS. THE countenance is pale and leaden-colored, with occasional flushes, or a circumscribed spot on one of both cheeks; the eyes become dull; the papillae; and an azure semi-circle runs along the lower eyelid; there is irritation, swellings, and sometimes itches; a swelling of the upper lip; occasional headache, with humming or throbbing of the ears; an unusual secretion of saliva; slimy or furred tongue; breath very foul, particularly in the morning; appetite wanting, sometimes voracious, with a gnawing sensation of the stomach, at others, entirely gone; fleeting pains in the stomach; occasional nausea and vomiting; violent pains throughout the abdomen; bowels irregular, at times costive; stools slimy; not infrequently tinged with blood; belly swollen and hard; urine turbid; respiration occasionally difficult, and accompanied by hiccup; cough sometimes dry and convulsive; uneasy and disturbed sleep, with grinding of the teeth; temper variable, but generally irritable, &c.

Whenever the above symptoms are found to exist, DR. C. McLANE'S VERMIFUGE Will certainly effect a cure. IT DOES NOT CONTAIN MERCURY in any form; it is an innocent preparation, not capable of doing the slightest injury to the most tender infant. The genuine DR. C. McLANE'S VERMIFUGE bears the signatures of C. McLANE and FLEMING BROS. on the wrapper.

DR. C. McLANE'S LIVER PILLS. These Pills are not recommended as a remedy for "all the ills that flesh is heir to," but in affections of the Liver, and in all Bilious Complaints, Dyspepsia and Sick Headache, or discharges of that character, they stand without a rival. AGUE AND FEVER. No better cathartic can be used preparatory to, or after taking Quinine. As a simple purgative they are unequalled. BEWARE OF IMITATIONS. The genuine are never sugar coated. Each box has a red wax seal on the lid, with the impression DR. C. McLANE'S LIVER PILLS. Each wrapper bears the signatures of C. McLANE and FLEMING BROS. and country storekeepers generally.

DR TUTT'S PILLS THE MOST POPULAR PILL ever furnished the American people. The highest medical authorities concede their superiority over all others, because their purgative and healing properties contained in no other medicine. Being strongly Anti-Bilious, they are especially adapted to the treatment of the system, and being purely vegetable, they never hurt the other organs, but bowels in a worse condition than they found them, but, on the contrary, impart a healthy tone and vigor before unknown.

OUR WORDS INDORSED. DR. C. L. MITCHELL, Jr. Mauds. His pills, and want to see them used in the worst of cases compounds sold in this country. Rev. R. L. SIMPSON, Louisville, Ky. says: "Tutt's pills are worth their weight in gold."

Had Sick Headache & Piles 30 Years. Had it every day. F. H. Austin, Springfield, Mass. He Defies Chills and Fever. "With Tutt's pills, my defly chills, biliousness, and piles, are all cured." F. H. Ripley, Chicago, Ill. Sold everywhere. Price 25 cents. Office, 35 Murray Street, New York.

Health on a Sure Basis. In order to establish health on a sure basis, the enfeebled system must acquire additional vigor. And yet, patent as it is, it is not in the hands of many people neglect this vital point in the treatment of disease, and physicians are very often equally remiss, resorting to the use of patent pills, which affect symptoms only, and fail to accomplish the object in view, which is, or should be, invigoration. The main reason why Hostetter's pills are so successful in overcoming disease is that they impart vitality where it is deficient, and thus build up a superstructure for exhausted nature to recuperate upon. The Bitters also improve the system, and are a general and valuable medicinal stimulant, with a basis of pure spring water in solution of the most valuable of the greatest effects.
