A DOOMED CITY.

DEATH AND DESTRUCTION GOING AHEAD IN NAPLES, ITALY—THE MARCH OF THE CHOLERA PLAGUE CARRIES WITH IT UNTOLD HORRORS—NEARLY 400 DEATHS IN THE LAST TWENTY-FOUR HOURS.

NAPLES, September 10.—The situation in this city is growing worse. In the last twenty-four hours ending at 9 this evening there have been 937 fresh cases of cholera and 355 deaths. All ministers are earnestly urged to leave the city, but King Humbert refused. He will visit the popular quarters of the city. While visiting the sick to-day the King met an archbishop who was on the same errand of mercy. The meeting of the King and the prelate is described as very interesting and touching.

The Minister of the Interior today received a visit from the Relief Committee and suggested to its members various effectual plans for the relief of the poor quarters of the town.

A number of butchers have struck work, and it was feared the meat supply of Naples would be stopped, but a firm of army contractors at Geneva has undertaken to furnish the supply.

The public has extended to the prisoners. Criminals confined in jail combined to effect their escape. The military was called upon and the outbreak suppressed.

A number of experienced attendants from the hospitals at Marseilles are coming to Naples. The Minister of War sent a number of students from the military school to assist the physicians of Naples. Signor Mugliani handed over to the relief fund the sum collected and presented to him a national gift in recognition of his public services.

MADRID, September 10.—At Alicante there have been forty cases of cholera and twenty-seven deaths from the disease since September first. At Novelda during the twelve hours ended to-night, there was one fresh case and one death. At Elche for the same time there have been five fresh cases and two deaths.

ROME, September 10.—Several physicians of this city refusing to attend the cholera patients are being prosecuted. The Mayors of Grottimoreta, Africci, Argiano and Forner are suspended for not attending to the public health.

IN REGARD TO THE NEW SCHEME.—The latest restriction scheme.

PITTSBURGH, Pa., September 10.—The proposition to shut down all pig furnaces for four weeks in the next two months having been abandoned as impracticable, the western pig iron association has decided upon a new plan for restricting production and instead of a four weeks stoppage in two months they propose a stoppage to be made within six months, the length to be fixed by each operator. A circular mailed from their office to-day says: "We ask each furnace of the country to join in a movement looking to a restriction of production on a plan that shall be so broad as to take in the peculiar circumstances of each. The only terms laid down as to this restriction are that it shall take place within the next six months; that the restriction shall be in such a way and at such a time as shall secure the convenience of the furnaces, either by banking for one long period or several short periods in this time, or by blowing out earlier or starting later than contemplated; or, where a concern has several furnaces, putting one or more out of blast, or by running furnaces at a reduced capacity. In addition to this, it is contemplated in the plan that a restriction of production shall result in the price advancing to nine dollars, or the stocks at the furnaces being reduced to 100,000 tons. In the agreement which is no longer being discussed."

MRS. AND MRS. SCHILLING. The Coachman Who Eloped With Miss Morosini an Alleged Nobleman.

New York, September 10.—Captain Mazzini, of Yonkers, two of his officers, Inspector Byrnes, and half dozen Central office detectives scoured the city last night for Miss Victoria Morosini, the blonde daughter of Jay Gould's colleague and her father's coachman, E. J. Schilling. To-day they discovered that they had reached New York early last evening and were married by a Baptist minister, in East Fifty-first street, for a fee of \$5. On the day following the wedding Inspector Byrnes issued the following general alarm, to countermand the one sent out last night: "Victoria Morosini and E. J. Schilling, married. They cannot be arrested. It is said that Schilling is of noble birth, that he is impetuous and Miss Morosini, that she is beautiful, and that she is a widow. The young lady, it is said, had thousands of dollars worth of diamond jewelry, which she took with her when she eloped. She had many suitors. She frequently went out driving accompanied by Schilling, and on account of his close attention to her he was discharged by Mr. Morosini. She always defended Schilling against any attacks made on him by any members of the family."

Pittsburgh's Hottest Day. Pittsburgh, September 10.—The heat to-day was intense, the thermometer registering 90 degrees, which was higher than it had been for some time.

Found Burned. STEWART, Ont., September 10.—John Bellar, a farmer, has been missing since the first of September. To-day a portion of his body was found in a burned log heap. Bellar and his wife frequently quarrelled, owing to her familiarity with Bellar's younger brother.

Base Ball Yesterday. At Philadelphia—Chicago, 10; Philadelphia, 6. At Boston—Boston, 3; New York, 15. At New York—Albany, 3; New York, 15. At Providence—Providence, 3; Providence, 15.

A CYCLONE'S CRUSH.

SOME NORTHWESTERN TOWNS Nearly Wiped Out of Existence by the Force of a Terrible Wind Storm—Three Lives Lost—Immense Destruction Done to Property and Stock.

ST. PAUL, September 10.—A special to the Dispatch from Clear Lake, Wis., says: Late yesterday afternoon a cyclone struck this place and devastation was the result. The greater portion of the town is in ruins. Three lives were lost. The scene is horrible in the extreme. Men, women and children are running about in a perfect frenzy of excitement and fear. The strongest man was a little child, for no human power could have resisted the terrible force. A brick house was taken from the foundation, and turned completely around. A large barn was blown away leaving the doors and the mangers with the horses peacefully eating their supper. A little child, landed in the branches of a tree, was slightly injured. One large frame house was blown completely out of sight. Not a particle of the house or furniture could be found though search for a mile was made in the track of the storm. The family had fortunately taken refuge in the cellar.

STILLWATER, MINN., September 10.—Reports received here from Marion this morning say that fifteen or twenty houses were wrecked by a cyclone last evening. The number of people reported injured was small. This storm struck Stillwater, tearing the tents on the Fair Grounds into ribbons.

CLAYTON, Wis., September 10.—One-half of the lighter structures of the village were blown down by the storm last night. The cyclone struck this city about 6 o'clock, and it is reported that the damage in about fifteen minutes.

GRIPPE FALLS, WIS., September 10.—The storm at this place last night was the worst of the season. The river is now between sixteen and seventeen feet above low water mark and rising rapidly.

LOCK RABIN, September 10.—The village of Lock Rabin was struck by a cyclone last night and the damage done is reported to be very heavy.

PROPERTY DEMOLISHED. WHITE BEAR LAKE, MINN., Sept. 10.—A cyclone struck White Bear Lake at about 5 o'clock yesterday afternoon. It swept a track less than a mile and half wide. A large house, west of Iron Brian's place, was the most seriously injured. The windows were blown in. The sheds of the lumber railway were demolished and one lumber train was blown across the track between here and Bellwood.

A BARN TIPPED OVER. ST. PAUL, MINN., September 10.—A party engaged in threshing for Charles Theodor in the town of Grant retreated to a barn, during the cyclone, for protection. The structure toppled over and George Rutherford, who was in the barn, was killed. The horses and cows were blown against wire fences and badly cut up.

A QUEER PROCEEDING. In a Scientific Convention—A Professor Demanded a Fight.

PHILADELPHIA, Pa., September 10.—To-day's session of the American Association for the Advancement of Science was in point of numbers the largest yet held. Quite a breeze was created when Acting President Cope announced that no permission had been granted to Prof. F. Cope Whitehouse to deliver his lecture, notwithstanding the announcement in the morning papers to the contrary. This announcement was greeted with unmitigated applause, in the midst of which Professor Whitehouse leaped to his feet. Cries of "order," "sit down," &c., resounded all over the house, but the Professor demanded of the President, "In the name of an American gentleman," that he be heard. This request was granted, and he then made a motion that he be allowed the use of the darkened room to give his illustrated lecture on the Pyramids. Upon motion the Association refused to entertain the idea and the Professor sat down with the remark that as his lecture was already in position, they might at least let him proceed. A motion to adjourn was then made and carried, and as the members were slowly filing out, the Acting President on the pyramids gained the stage and conversed rapidly with President Cope for a few moments. He then walked to the footlights and announced that by the courtesy of that gentleman he had proceeded with his lecture. Before he finished his lecture, however, his audience swelled somewhat until it numbered about half a hundred people.

Printing for a Fight. PORTLAND, OREGON, September 10.—Since the lynching of the Indian at Cheney, in Washington Territory, for brutally outraging a white woman a few days ago, the Indians of that region have been very sullen and insolent towards the whites and have been anxious to have provocation for a fight.

Failed to Make It. NEW YORK, September 10.—In the exhibition of Frank Work's team, Edward and Dick Swinner trotted a mile in 2:18. Then the runner horses J. O. Nay and John J. Q. came on the track hitched to skeleton wagon. They were announced to run a fast mile. The track was watched with interest. They pulled for one horse, but the mile was not so fast and was completed in 1:55.

A DEATH YAKUSHI. NEW YORK, September 10.—Shortly after noon to-day, fire broke out in Cragin's Japan works, Brooklyn, adjoining public school No. 25. A large kettle of varnish caught fire and exploded, scattering the contents over a few workmen. James Looking 40 years old, was burned to death. Sydney Myron, John Monahan, John Conway and George Jeffries were fatally burned. The flames were extinguished before they had time to spread to the school. Loss, \$3,000.

A Leaning Tower Republican. NEW ORLEANS, September 10.—Edward J. Gay, who was nominated for Congress yesterday by the Democrats in the Third (Keller's) district, is the largest snapper plant in the country, and is worth several millions. He also owns the largest refinery in the South, and a great deal of property in St. Louis. Though crippled from a fall, he is believed to be a Democrat. He has been a member of the House of Representatives for several years, and is a member of the Senate.

Warrants were issued yesterday for the arrest of Laidner Brothers of Philadelphia, on a charge of defrauding Fannie and Sarah Ullman of stocks and money amounting to \$10,000. The constable failed to find the defendants.

A Boston Dispatch says: Eugene V. R. Thayer of Boston, drove six-in-hand from Glen House to the summit of Mount Washington, Tuesday, in one hour and ten minutes, beating the record made last year by W. H. Vanderbilt by seven minutes.

WANT OUR PRODUCTS.

THE TOTAL YIELD IN EUROPE

At Mountain Lake Park, Vanmeter's Hotel Robbed of \$7,000. Special Dispatch to the Intelligencer.

MOUNTAIN LAKE PARK, Md., September 10.—A series of small robberies or attempts at robbery which have been perpetrated here for some time past, culminated last night in the successful attempt to rob the safe in Vanmeter's hotel of several thousand dollars.

When Mr. Vanmeter came down stairs this morning he noticed several papers lying on a table, and upon examination found they were from his safe, and that a small iron safe inside the large one had been carried off. The safe was contained about \$5,000 in cash and ten insurance policies of \$1,000 each.

There is no clue to the burglars, and the whole affair is shrouded in mystery.

Mr. Vanmeter offers a reward for any clue that will lead to the apprehension and arrest. It is thought possible that the work was done by tramps, two of three having been seen loafing around here yesterday.

The burglars entered the building through a parlor window on the ground floor.

On Monday the Allegheny House was entered by burglars, who packed up all the silver plate and a lot of jewelry and were ready to carry it off, but were frightened away before the job was completed.

Meeting at Fairview. FAIRVIEW, Marshall County, W. Va., September 9.—This evening at 7 o'clock J. W. McInnis, candidate for State Senator, Hon. Josiah Sinclair, of Newwood, and T. J. Parsons, of Moundsville, addressed a large meeting of the citizens of this district. Mr. McInnis spoke one hour and a half on the subject of the State Constitution, and the other two candidates spoke one hour each.

CLARKSBURG, W. Va., September 10.—Clarksburg was again in a blaze of enthusiasm to-night. Gen. Warwick, of New York, and Hon. R. H. Freer addressed the people at the Court House. Gen. Warwick's speech was replete with argument, and he was listened to with much interest. He was followed by Hon. Freer, who spoke for one hour and a half on the subject of the State Constitution.

PARIS, September 10.—Direct communication is maintained between Paris and Tompkin. The official journals are silent this morning regarding the reported intention of the Government to declare war against China. Admiral Peyron, Minister of Marine, favors it. Several powerful organs insist on a vigorous campaign. Fifty thousand troops are ready for the East.

Near Admiral John Lee Davis, commanding the Asiatic station, under date of Woonung, August 6, reports that the American ships Trenton, Juniata and Enterprise were at Shanghai, the Monocoy at Foo Chow, the Palos at Canton and the Alert at Corea. The Alert was to come to Japan about the 10th of August and return to the Pacific coast, and the latter vessel would then go to the East. The Juniata or Enterprise was ready to go to Foo Chow if necessary.

Notwithstanding the protests of the various foreign consuls against the closing of the Port of Woonung, the Chinese military authorities are sinking a number of junks filled with stones at the Woonung bar, at the mouth of the river, twelve miles below Shanghai.

Minister Frey has written to the absent ministers requesting their attendance at a council Saturday. The Paris state that Admiral Courbet has forwarded a request for additional surgeons, naval lieutenants and midshipmen.

The Zar's Picnic. WARSAW, September 10.—A ball was given last night in honor of the Imperial party. It was a grand affair. Seven hundred persons were invited. The Zar and Czarina and Grand Dukes arrived at the ball amid salutes and fireworks, and walked through the hall, bowing to the right and left. The Zar conversed at considerable length with the Polish nobles present. The Czarina opened the ball with Gen. Gorkov, and afterwards with the Countess de Lubow. The supper table was decorated with 8,000 roses. The city was more brilliantly illuminated than at any time before. The bridges over the Vistula were decorated with lights and the streets were lit up with brilliant lights with lights of many colors. The effect was one blaze of light. The evening passed away without the least disorder. The Consuls General of Great Britain, France, Germany and Austria have invited the Zar to a banquet.

Twenty Years Seclusion. ODESSA, September 10.—The military tribunal before which Maria Kujashina was tried for attempting to murder Col. Katsensky, chief of Genarmy, found a verdict of guilty, and sentenced her to twenty years penitentiary.

Blocking the Bar. SHANGHAI, September 10.—The Chinese are blocking the Woonung bar with junks filled with stones.

A Vitriol Thrower. CLEVELAND, O., September 10.—Alonzo Murcher, claiming Toledo as his residence, found his wife this evening in a bagnio on Seneca street and threw in her face about an ounce of vitriol, which he evidently procured for the purpose. It was first thought that both her eyes were destroyed, but the physicians now hope to save them. Her face is badly burned. Murcher has been arrested.

Officials Gone Wrong. EASTHAMPTON, L. I., September 10.—The Board of Trustees of this town have made the discovery that the town treasury is minus some \$2,000. The missing cash is the proceeds of some town lands that were sold by the former board of town officials. The proceeds are now alleged to have been wrongfully converted by them to their private use, as no entry of the sales was made by them on the town books. The discovery has caused great excitement in this quiet, paritential town, and a suit has been commenced against the culprits.
