WASHINGTON, D. C., April 6.—A. M.—For the Ohio Valley and Tennessee, rains and snow generally, followed by clearing and slightly warmer weather, westerly winds in Tennessee and northwesterly winds in the Ohio Valley.

At Huntington a fire broke out at two o'clock yesterday morning in the store of William Davis on Third avenue, between Seventh and Eighth streets, which completely destroyed the house and contents.

At Huntington a fire broke out at two o'clock yesterday morning in the store of William Davis on Third avenue, between Seventh and Eighth streets, which completely destroyed the house and contents.

A FORTY FOOT STAGE WILL PROBABLY BE RECORDED IN THE RIVER AT THIS POINT BEFORE NIGHT.

The News from Headwaters and Indications here—Damage to Railroads. Merchants and others preparing.

PITTSBURGH, April 6.—MIDNIGHT—The rivers are still rising at all points between this city and headwaters. The water is now nearing the danger line, but is not expected to reach a height that will do any serious damage.

The 27 foot mark may be reached, but the water will not likely go any higher. The lower portion of Allegheny and the flats of the South Side are inundated and people living in the threatened district have made preparations for removal.

At midnight last night the marks on the levee indicated a depth in the channel of twenty-six feet, but the river was rising at the rate of one-half foot per hour. It had been rising at that rate for the previous six hours.

At midnight last night the marks on the levee indicated a depth in the channel of twenty-six feet, but the river was rising at the rate of one-half foot per hour.

At midnight last night the marks on the levee indicated a depth in the channel of twenty-six feet, but the river was rising at the rate of one-half foot per hour.

At midnight last night the marks on the levee indicated a depth in the channel of twenty-six feet, but the river was rising at the rate of one-half foot per hour.

that division. As soon as possible a wrecking gang of section hands were sent to Pittsburgh, also a relief train, but the damage was such that the work progressed but slowly and trains were badly delayed.

The Veterans No. 2 was gotten in fairly good shape yesterday and the coming week will float her out in good shape.

Over 25 Feet at Greensboro. Special Dispatch to the Intelligencer. GREENSBORO, Pa., April 6, 6 P. M.—River 25 feet 2 inches and rising slowly; weather snowy.

LOCAL BRIEFITIES. MATINEE at the Academy to-day. ACADEMY to-night—"Box of Cash." ONE marriage license was issued yesterday.

Mr. FRITZ SCHWETZ, of New Ulm, Minn., delivered a lecture in the German tongue to a highly entertained audience at Turner hall last evening.

FOR THE FUTURE OF WATER. Where the Edges of the River will be if it reaches that stage. 'Solid' people living on high ground were congratulating themselves last evening that there was "no cause for alarm."

On the island, west of Broadway and south of Virginia street was almost one sheet of water, and from Front street to the water's edge was within a foot of Zane street at the bend east of North Front, the low portions of the island above Zane, and on the west side almost the whole length of the island, were within the water.

What the streams between here and Pittsburgh are doing or are going to do is not definitely known. It was rumored last night that the Beaver was rising rapidly, but that was not verified.

At midnight last night the marks on the levee indicated a depth in the channel of twenty-six feet, but the river was rising at the rate of one-half foot per hour.

At midnight last night the marks on the levee indicated a depth in the channel of twenty-six feet, but the river was rising at the rate of one-half foot per hour.

MINERS ORGANIZE. A TRIP TO CALIFORNIA. A Talk With Mr. F. Hildreth—Growth of the State—Fruit and Crops.

Mr. F. Hildreth, who returned a few days ago from a two months' trip to California, has in mind a removal to that State for permanent residence on an early day—a fact that the INTELLIGENCER very much regrets, in common with all his friends, to learn. If he finally decides to do so it will be mainly on account of his wife's health, which for some time back has been delicate.

A district meeting of miners of this—the Second—Federation district, was held at Parkersburg yesterday in response to a call from the National Secretary, Chris Evans, of Ohio, to organize the Second District Federation of Miners and Mine Laborers.

The most interesting business of the day's session was the consideration of the demands for recognition by representatives of the older Miners' Union of this city, and the organization of the miners now working in the puddling banks here.

For some time past Letter Carrier Swartz has been a well known figure on a trip and very many of them have invested in the country with a view, like Mr. Hildreth, of removing there.

On this page of the Weekly Review will be found illustrations and a description of the marvelous work of turning the course of Father river in California for the purpose of securing the gold which must rest at the bottom of the stream, as it runs through a section rich in gold and other precious metals.

Yesterday Robert Ditty was arrested by Special Constable John D. McManaway on a charge of being drunk and disorderly in the office of the Justice, he was fined \$10 and sent to jail for the term of one year, and not being able to comply with the demands of the law he was committed to jail on this charge for thirty days.

Miss Lillian Olcott and her company appeared at the Opera House yesterday afternoon to an audience which, considering the weather, was complimentary to the evening. Her name is "The Lady of Lyons," and Miss Olcott's Pauline was artistic and pleasing. Mr. Murray and Mr. Ferree also deserve special notice.

Police Justice Picking Up. Officer Jack Watson made business lively at police headquarters last evening. Between the hours of 10 o'clock and midnight he landed in the bastille Luis Manley, a female who travels under the name of "Slicker" on a charge of street walking. These people are "chippies," but regular night hawks.

Death of Capt. Dorener's Father. Dr. B. Dorener, of this city, proprietor of the Newark Magnetic Springs, situated on the Little Kanawha five miles above Parkersburg, died there Sunday evening. He had been ill for several weeks past but was not considered dangerously so.

By taking the 1:47 P. M. (city time) train on the Cleveland & Pittsburgh road passengers arrive in Cleveland at 6:25 P. M., and Chicago at 6:30 the following morning. Connections made in Union depot, Chicago, for all points west.

NEURALGIC pains take light before the great remedy—St. Jacobs Oil. LYNCH'S OWN MAKE MEN'S CALF SHOES, all styles, for \$2.50.

MISSIONS IN EGYPT. A NATIVE STUDENT AND HIS WIFE. Material a Large Audience, with an Illustrated Discourse on the Christianizing of that Ancient Land—The Manners and Customs of the Denizens.

The large auditorium of the United Presbyterian church on Chapline street was filled to its capacity last evening with an audience that was most agreeably entertained and instructed for one hour and a half by Mr. Abraham Moosa and his wife, of Alexandria, Egypt. Mr. Moosa has for several years been in this country.

At present he is a student at the Xenia Theological School. He was formerly a Moslem—a believer in Mohamed, and was converted to Christianity by a missionary whom he was teaching the Arabic language and endeavoring to make her a Moslem like himself. It is his intention to return to his home and labor as a missionary. Both he and his wife were dressed last evening in the strange garments of that country. They were introduced by Rev. Dr. McClure, pastor of the church. Mr. Moosa spoke at some length on the subject of Missions in Egypt and how the people marry, bury and worship. It was instructive and interesting. Mr. and Mrs. Moosa are both very pleasant people and made numerous friends here last evening.

Following is the result of Monday's elections, Democratic in italics: Mayor, W. H. Brown, 149; Republican, J. W. Smith, 146; Treasurer, J. W. Smith, 146; Police, J. W. Smith, 146; Water Works, J. W. Smith, 146; School Board, J. W. Smith, 146.

Prohibition vote for Stephen Greening for Mayor: First ward, 23; Second ward, 20; Third ward, 24; Fourth ward, 22; Fifth ward, 18; Total, 115. Republican Councilmen in all these wards but Second.

John Davis, the third man on the Republican ticket for Treasurer, has 95 votes, but A. L. Brown, on both Democrat and Prohibition tickets and David by eight votes.

Dr. Wells, who will take Dr. Albertson's place, was about town yesterday. Miss Trueman, of the telephone exchange, is ill on account of sickness. A slip on the C. & P. railroad yesterday kept all freight trains from arriving here, and the evening train out was annulled. Passengers were transferred.

Mr. Al. Thompson, stenographer of the Bellaire mill works, and Miss Lizzie Piper were married Monday night and left for Cleveland yesterday morning. Election at New Martinsville, W. Va., April 6. The municipal election passed off quietly here yesterday, with the following result: Mayor, Hon. T. P. Jacobs, Republican, this making his fourth term. Street Commissioner, W. H. McElwain, Republican. Recorder, E. Amadio, Democrat. The five members of Council are Democrats. The majority in favor of Lincoln was 8.

FINANCE AND TRADE. The Features of the Money and Stock Markets. New York, April 6.—Money on call at 1/2 cent. Prime mercantile paper 4 1/2 cent. Sterling exchange 1/2 cent. Government Bonds—Were dull and heavy. STATE BONDS—Were dull; yield, sales \$98.00.

It is not often that stocks are as dull as they were to-day. The fluctuations were important. At the same time the market exhibited some of the characteristics of a bull market. There were fractional declines, but it closed with a strong and solid advance. One cause for this was the heavy amount of new issues, owing to the heavy amount of new issues, owing to the heavy amount of new issues, owing to the heavy amount of new issues.

By taking the 1:47 P. M. (city time) train on the Cleveland & Pittsburgh road passengers arrive in Cleveland at 6:25 P. M., and Chicago at 6:30 the following morning. Connections made in Union depot, Chicago, for all points west.
